Music is the work of a

person, a human being

who is free to take into himself

what he sees outside

and from his free center

put his human stamp on it.

The artist is the sign to the

whole world

that reality

or the world

is shaped by man

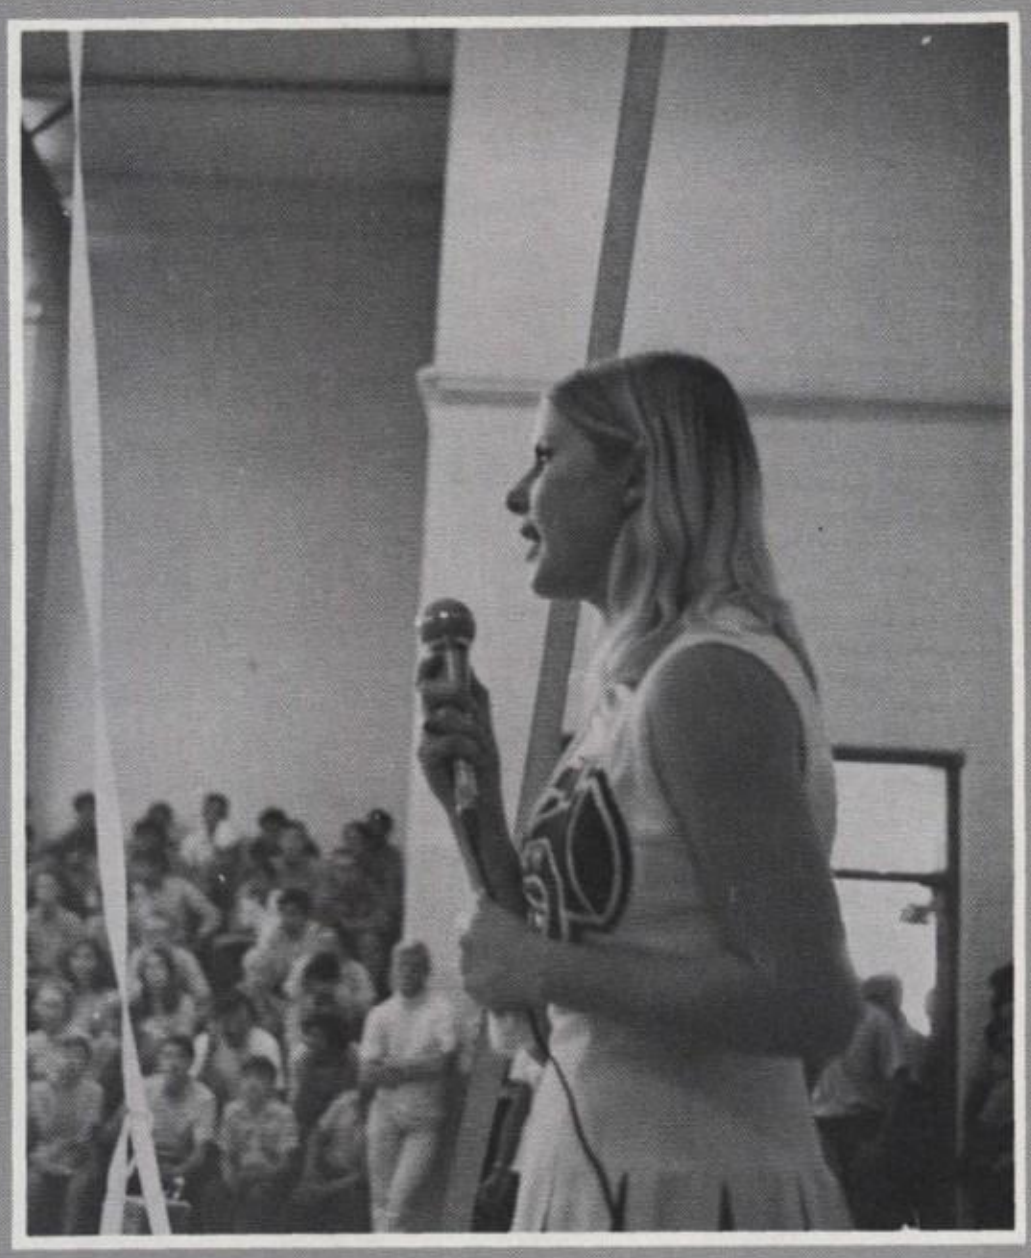
and not the other way around.

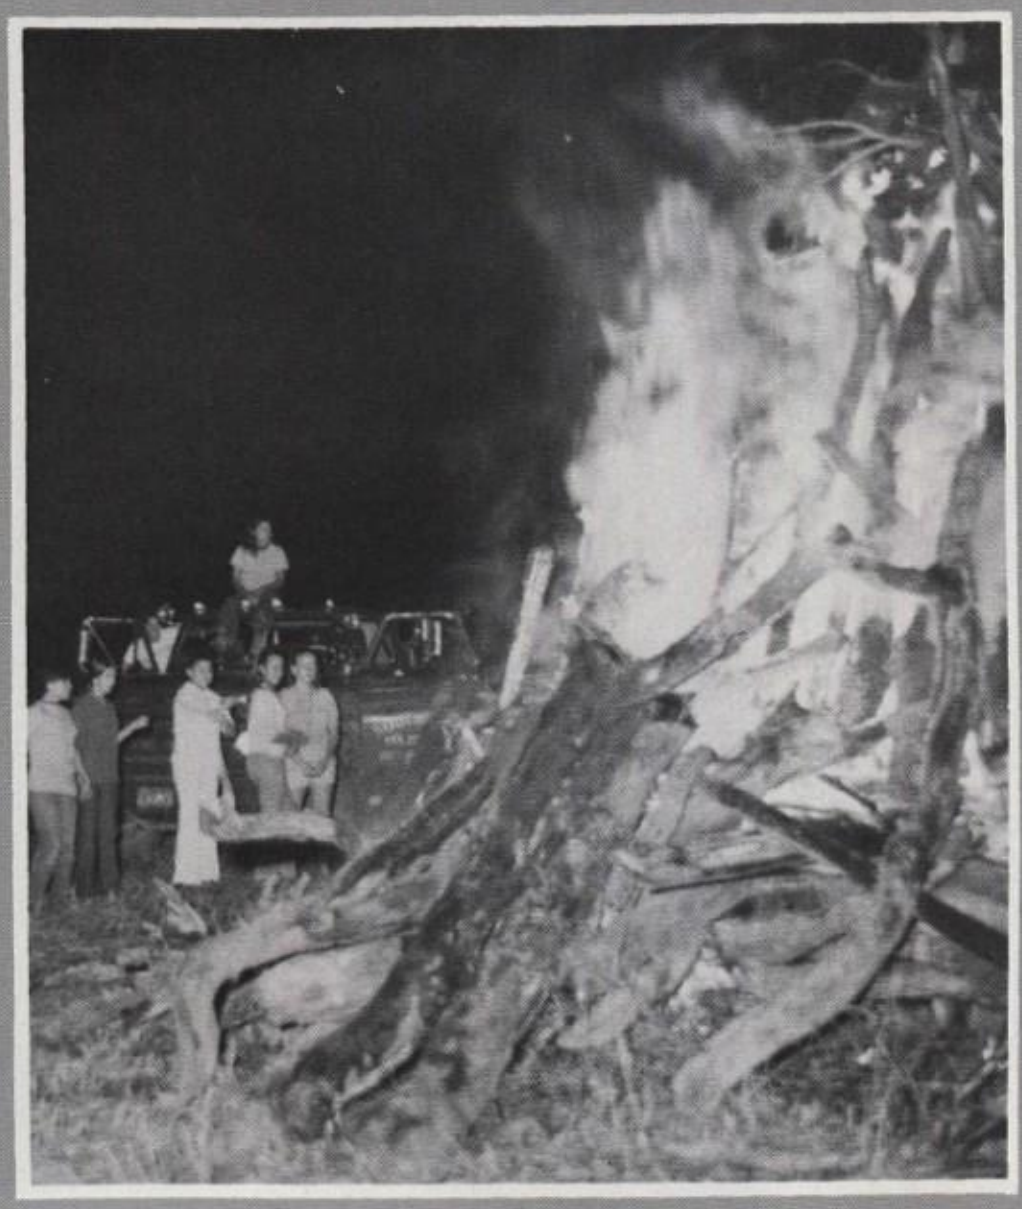
Future Seemed Bright

Precision marching Flamettes gave exhibitions, reflecting hours of practice every day during football season.

Hector Ruiz showed deference for tombstones which were a foretaste of events to come.

for Marching Units





Kathy Lantz, Head Cheerleader, raised spirit of crowd in preparation for Homecoming bonfire.

Today is the very life of life
When the best things are nearest—
Breath in our nostrils, light
in our eyes, flames at our
feet, duties at our hand,
and the Future before us.

Choir Members were Inspired

We do not simply live,

We live because.

We live because of others,

because of beautiful things,

and times and places.

We live because God gave us life,

to be happy in,

and to find a special way.

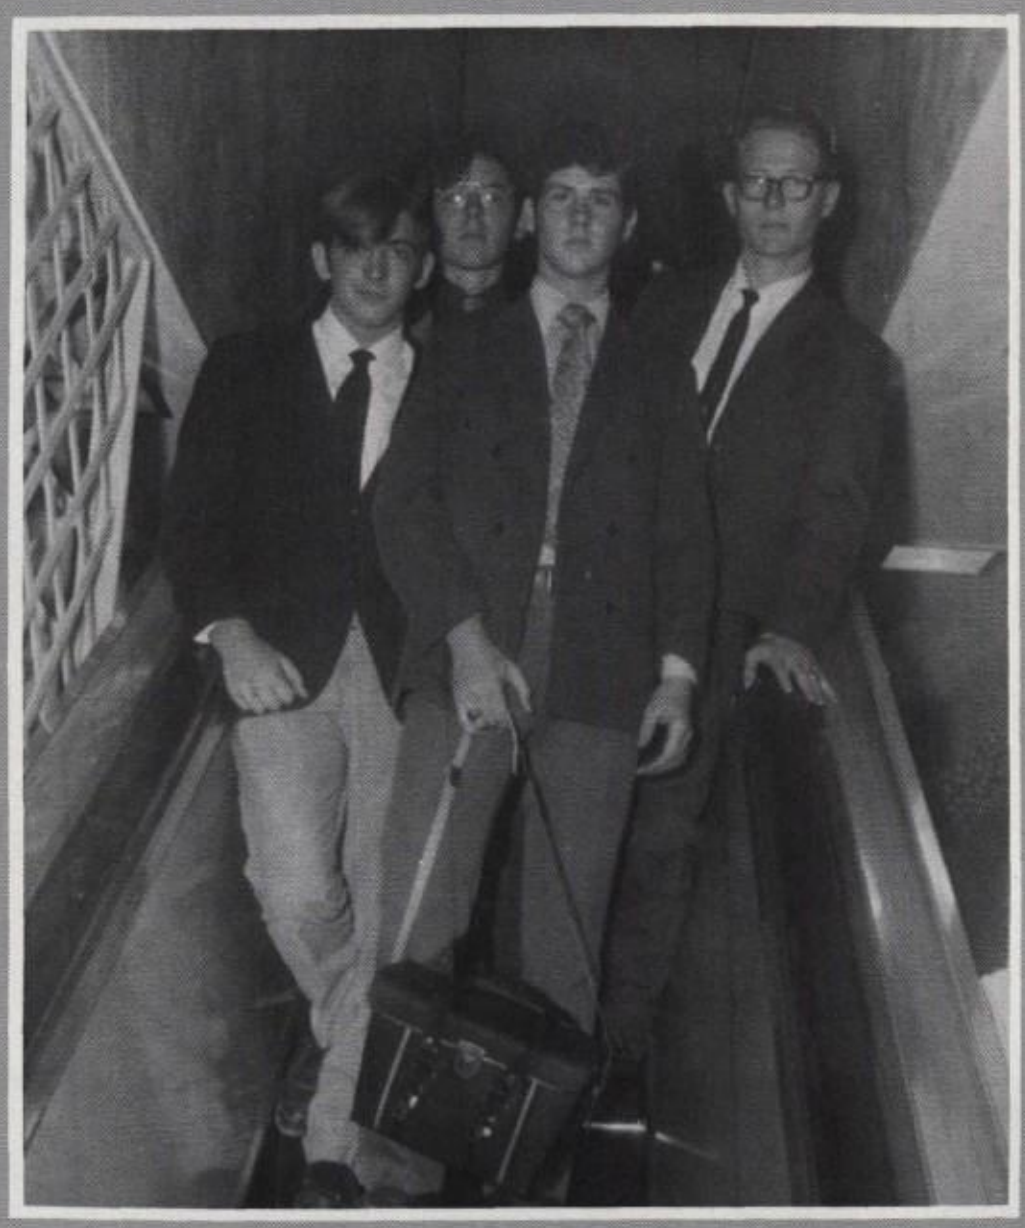
Seniors Were Challenged

Cherie Holden satisfied thirst of Stock Show visitors with cold drinks.

Cosmetology class introduced Marty Hernandez to the art of "wig care."

With New Activities



Seniors, Don Chase, Justin Chessher, David Buchanan, and Howard Hritz, acted as tour guides for other seniors on trip to Joske's of Texas.

First things and first times

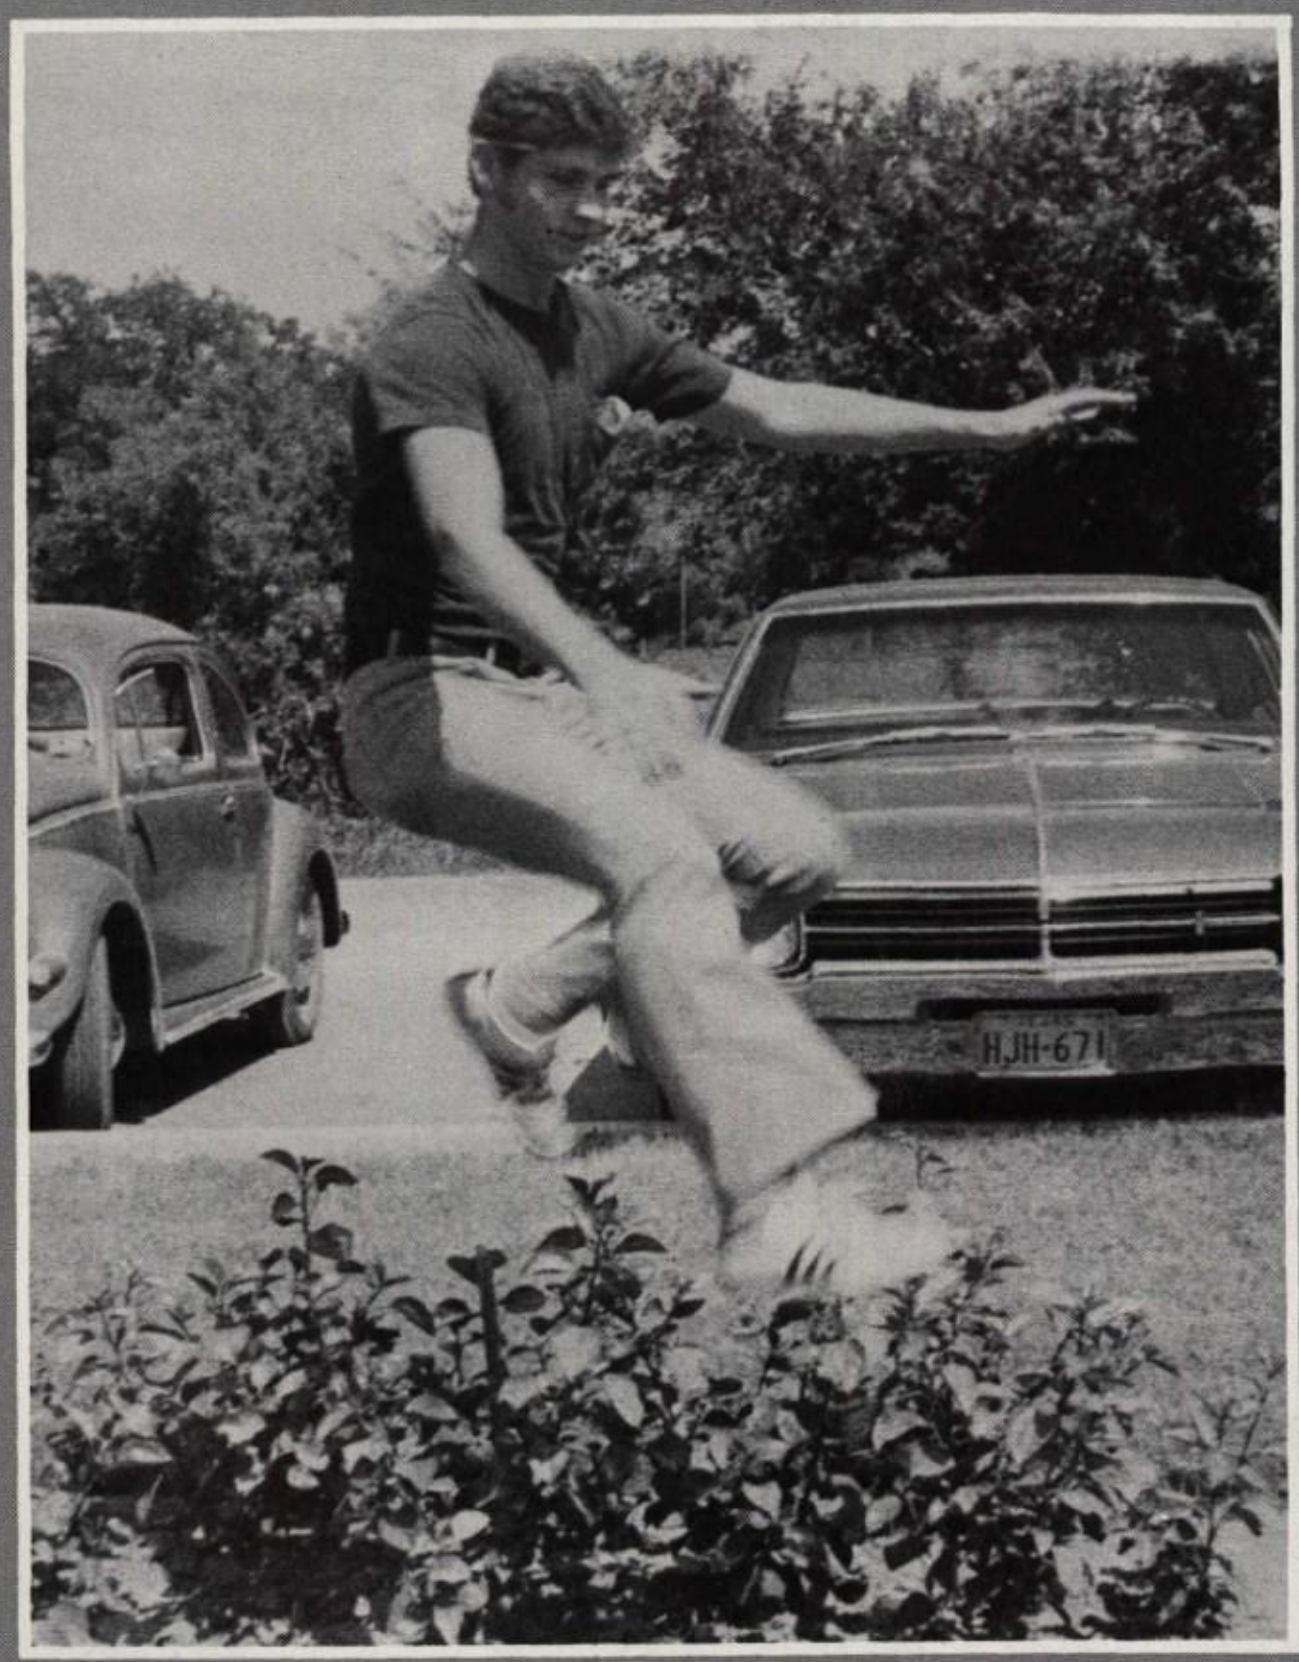
holds such a breath of youth,

such a challenge.

Delores Flores developed new innovations for dressmaking class.

Howie Dalros and Mary Rauschhuber showed the other "kickers" how it was done at Western dance.



Exhuberance was always an outstanding characteristic with David Buchanan.

Students Shared

Mrs. Collums, Student Council Sponsor, gave Camille Uresti an idea concerning new plans for assemblies.

Yesterday is only a dream,

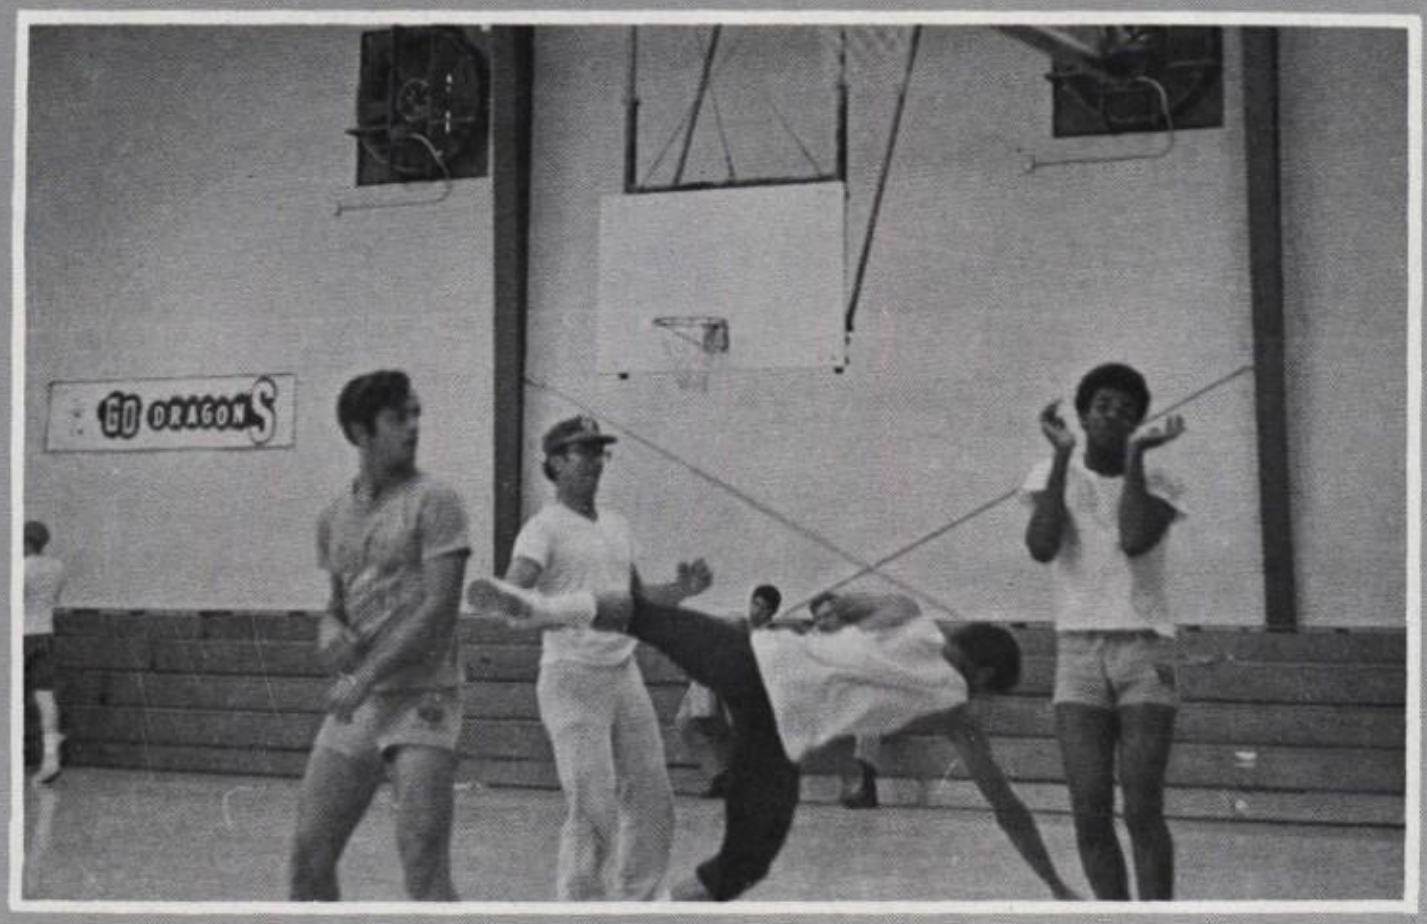
Tomorrow only a vision,

but Today–

Today we Live!

It was a world of make-believe for Steven Dalros when he visited the toy department downtown.

Many Experiences



Coach Burket directed the operation with the usual expected results from Charley Squires and Willie Guidry.

Jeanette Price didn't worry too much about the caloric content of that luscious dessert.

Victory! Keynote of Varsity Dragons

Mr. Pat Armstrong, Pres. of Southwest Booster Club, and Mrs. Paul Grothues served at the concession stand sponsored by the Booster Club who have made such a large contribution to SW's athletic program.

The game of life is like football.
It has its thrills and spills–
Suspense, excitement, challenges–
That give you many chills.
And the outcome of both the games,
No matter how each begins,
It is very true to the adage that
"It's the best man who wins."

Julie Salazar won the instant admiration of her friends for beauty and friendliness, serving as Co-Editor of the Dragonniere for '72.

Rafael Ugarte and Janice Vogel admired the prize swine shown at stock show by Darson Aelvoet and James Gates.

DISTRICT SUPERINTENDENT,
MR. BENNIE F. STEINHAUSER

Under the scholarly leadership of Mr. Bennie F. Steinhauser, many new undertakings have come about in the district such as Bob Hope Elementary, the new wing of Indian Creek Elementary, and a third wing is in the initial stage of being built at Indian Creek. The Superintendent must devote much of his own time and energy toward keeping Southwest in tune with the rising standards of education.

Serving for the third year, Mr. Steinhauser is delighted with the progress Southwest is maintaining. The qualifications for superintendent are varied, and this is one reason Mr. Steinhauser was chosen for the difficult task of fulfilling goals of this district.

Several times each month the Board of Trustees and our superintendent meet to serve the needs of Southwest Independent School District.

Patience and discriminate planning have enabled these dedicated persons to promote plans and ideals for the continued growth and prosperity of our school district.

Board of Trustees

Honorable Henry B. Gonzales was introduced to student body by Superintendent, Mr. Bennie F. Steinhauser.

Board of Trustees pictured below: left to right, Mr. James Perry, Mr. Henry Krueger, Jr., Mr. J. W. Watts, Jr., Mr. Nick Constanzo, Mr. A. V. Thurman, Mr. Edwin W. Ripps, Mr. Bennie F. Steinhauser, Superintendent; seated, Mr. R. C. Aldridge, President of the Board.

The men who serve as Trustees for Southwest Independent School District devote their own time—at the expense of family and business—to represent and direct activities at Southwest. Meeting at least once a month, these men consider and make decisions which influence the future of our school.

Officers for the year 1971-1972 were: President, Mr. R. C. Aldridge, Jr.; Vice-President, Mr. J. W. Watts, Jr.; Secretary, Mr. A. V. Thurman.

This is the policy making body of the school district. These men are elected into office by public vote. With imagination and enthusiasm they work many long hours to make our school one of the best in this area.

MR. KENNETH LYSSY, PRINCIPAL

The position of principal is a challenging and rewarding field. Mr. Lyssy's enthusiasm and boundless energy are shared by faculty and student body. Through many years of experience, Mr. Kenneth Lyssy has fulfilled his obligations to the student body of Southwest High School. He strives toward recognition of student achievement, and he has high hopes for the future of Southwest.

After completing his new home in the community, Mr. Lyssy took on the aspect of a "country squire" and became a landowner in every sense of the word.

The high school has always received his devoted attention, and he is proud of our heritage and the students who help make it a good high school.

Increasing Responsibilities in Growing High School

Vice-Principal, Col. A. D. Hall, cooperated with Mr. Lyssy to make Southwest a well organized and efficient high school.

No matter how big the problem was, Col. Hall always seemed to have a solution. Students of Southwest could depend on him to be of help when they needed it. Although his discipline was firm, you could always receive a cheerful and understanding smile.

The position of Vice-Principal is not an easy place to fill, but the students of Southwest think Col. Hall is one of the greatest!

COUNSELOR AND DEAN OF GIRLS,
MRS. CAROL MCDONALD

COLONEL A. D. HALL, VICE-PRINCIPAL

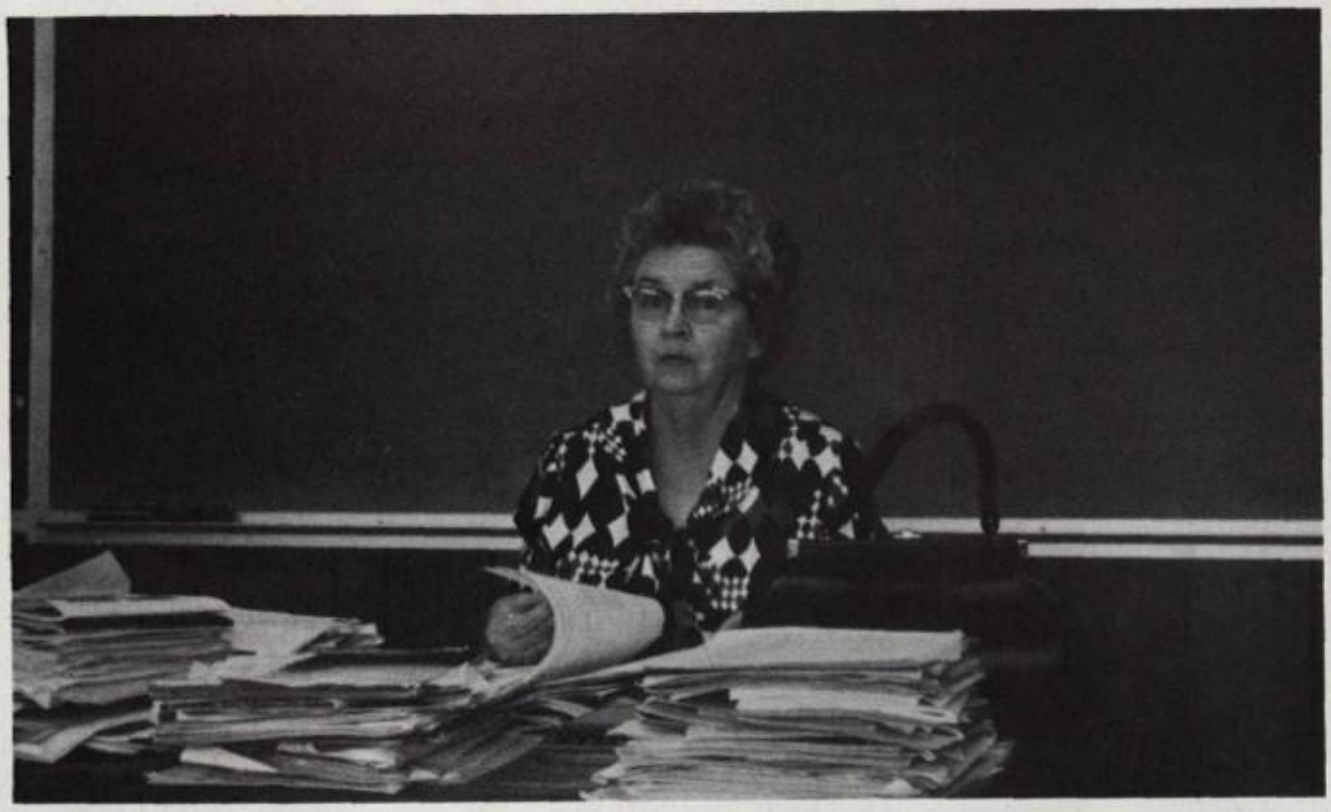
Responsible for supervising student life, Mrs. Carol McDonald did a superb job of helping the students of Southwest in the year '71-'72. She devoted a tremendous amount of time scheduling classes, helping with grades, and giving advice on matters of utmost importance.

Mrs. McDonald understood the problems of today's students, and it was this support that made her a favorite with students.

Different methods of teaching literature and grammar were presented to students this year in the English Department. Mrs. Clements taught her students to examine the grammar while reading and studying literature.

In Sophomore English Mrs. Byrom assigned book reports in a series instead of arranging them all through the year.

Mrs. Zwernemann prepared seniors by teaching on a college level interest.



Mrs. Metz presented program for PTSA.

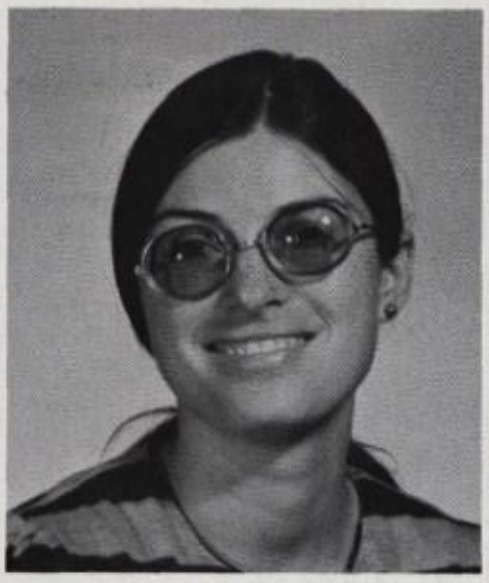
Mrs. Jennie Byrom, B.A., M.A.; Southwest Texas State University; English.

Mrs. Dorothy Clements, B.A.; Florida State University; English.

Mrs. Iraida Iturrialde, B.S.; University of Havana, Cuba; Spanish.

Mrs. Mary Linnstaedter, B.A.; University of Texas; German, French.

Languages



Mrs. Susan Metz, B.A., State University, New York; English, Speech, Drama.

Being a good sport included water dunking for Mrs. Linnstaedter at Halloween carnival.

Mrs. Naida Segura, B.S., Incarnate Word College; English.

Mrs. Sandra Zwernemann, B.S., University of Texas English.

Mrs. Metz led the Drama department in the hit, "Oliver," presented at Indian Creek Elementary Cafetorium. She also directed the production of the Christmas play, "Scrooge."

Mr. Harold Laubach, B.A.; St. Mary's University, English.

Mrs. Zwernemann took a serious approach with her English classes.

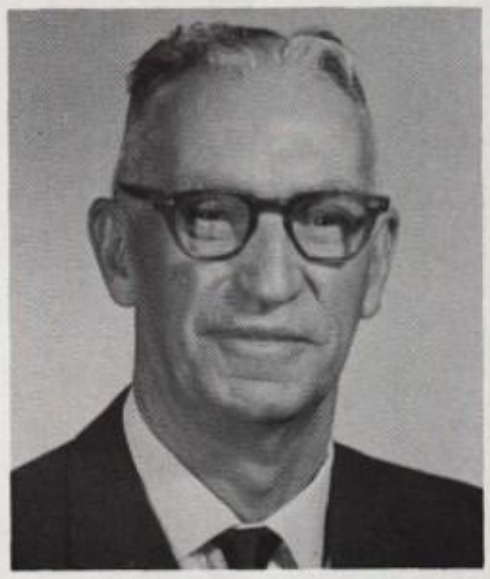
Faculty - History

While students study about explorers, revolution, depression, etc., in American and World History, they also examine the nature of mankind with a course in sociology. Sociology was offered this year for the first time. Mr. Riordan taught on a class discussion basis, using paperbacks and research materials rather than textbooks.

In World Geography students learned about customs, natural resources and the way people live in other countries.

Mrs. Kay Lentz, B.A.; Trinity University; World History; Registrar.

Miss Nancy Frye, B.A., Texas A. & I. University; History, Economics.



Col. A. D. Hall, B.A., Southwest Texas State College; Government.

Mr. Richard R. Riordan, B.S., Texas A. & M.; Sociology taught at Southwest for the first time.

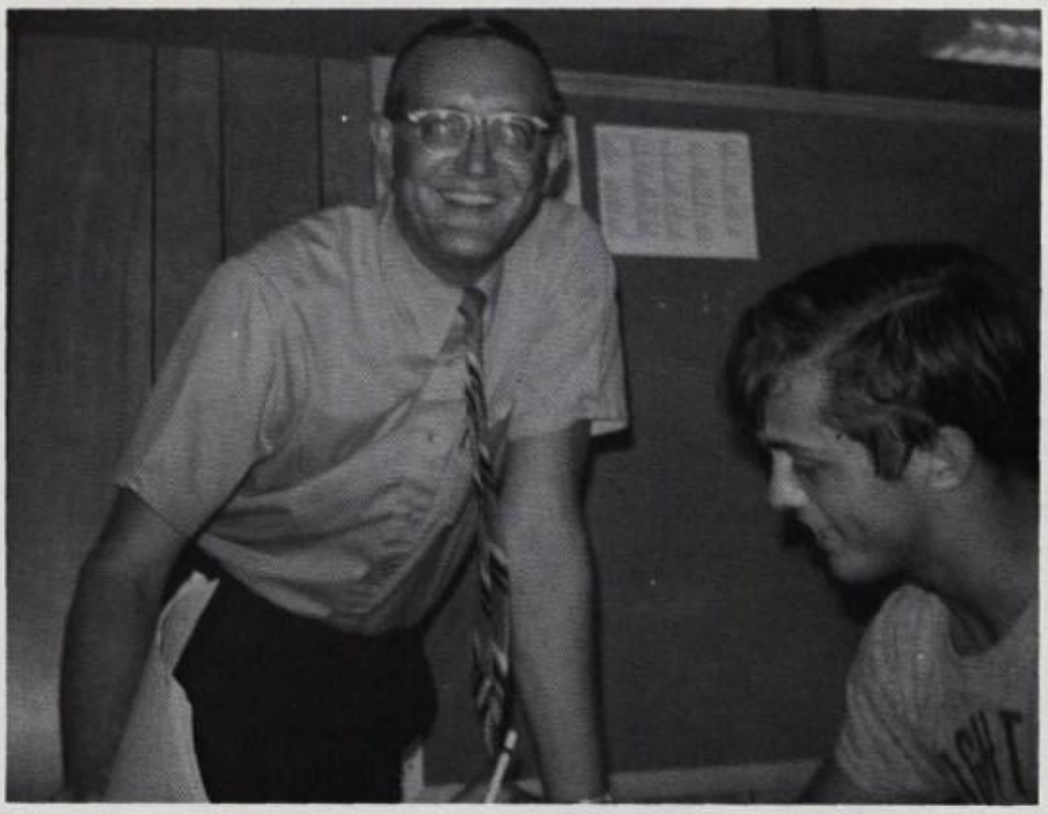
Mr. Michael Vogelsang, B.A.; St. Mary's University; Spanish I, American History.

Faculty - Music and Commercial

Mr. Glenn W. Burleson, B.S.; Syracuse University, New York; Band.

Mrs. Annelle Pinner, B.S.; McMurray College; Choir.

Mr. Burleson had trouble with Santa's boot.



Mr. Baker helped Charles Squire master a problem in bookkeeping.

Commercial classes included those of bookkeeping, shorthand and typing. These classes were designed to help students understand the fundamentals of the business world, enabling students an opportunity to secure good jobs in office work.

Mr. Frederick Baker, B.B.A.; Texas Lutheran College; Typing, Bookkeeping.

Mrs. Margaret Howell, B.S.; Southwest Texas State University; Typing, Shorthand.

The schedule of the Southwest music department was full and varied. Our band participated in more activities than the school averaging a thousand students. The band and choir competed in contests and several concerts. Besides playing for football season, the band performed in six concerts and played in seven parades.

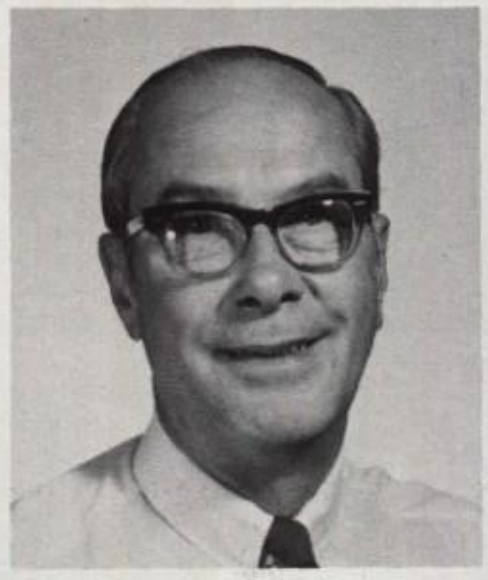
The Choir under the direction of Mrs. Pinner gave concerts at other schools and entered UIL contests. Teachers and students were entertained by the Choir on special occasions.

Faculty - Mathematics

Southwest offered math courses from business math to geometry. While math shows logic and reasoning in the subjects of algebra and trigonometry, it also shows a side of art in geometry.

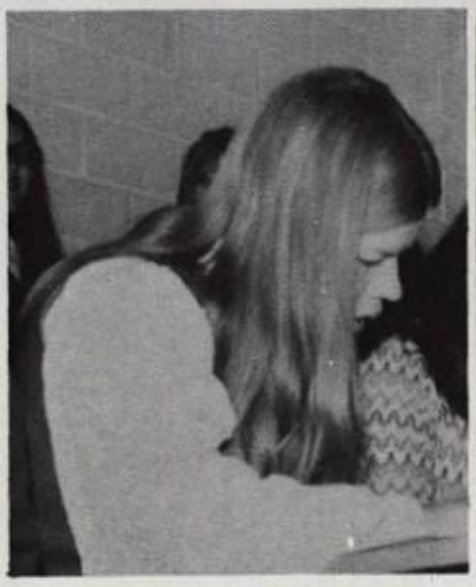
In the business world of today math has become a fundamental. Students found themselves taking interest, which would help them in further education and future jobs.

Mrs. Scott found time to make necessary call.



Mr. Wilson Murray, B.S.; Penna. State University; Math.

Mrs. Ethel Scott, B.A.; University of Texas, M.E., Trinity University; Math.

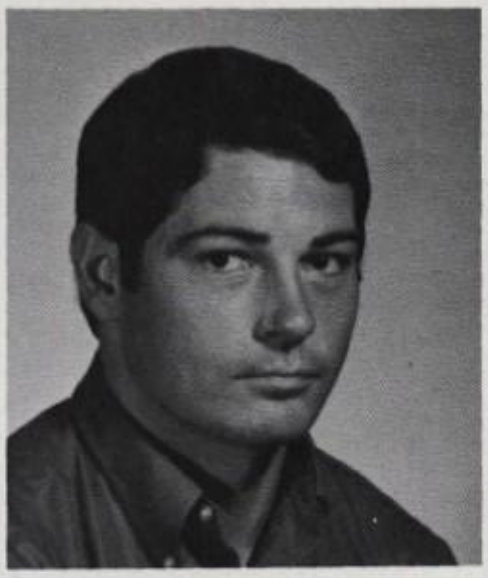


Mrs. Maureen Jamvold, B.A.; University of Texas, St. Mary's University; Math.

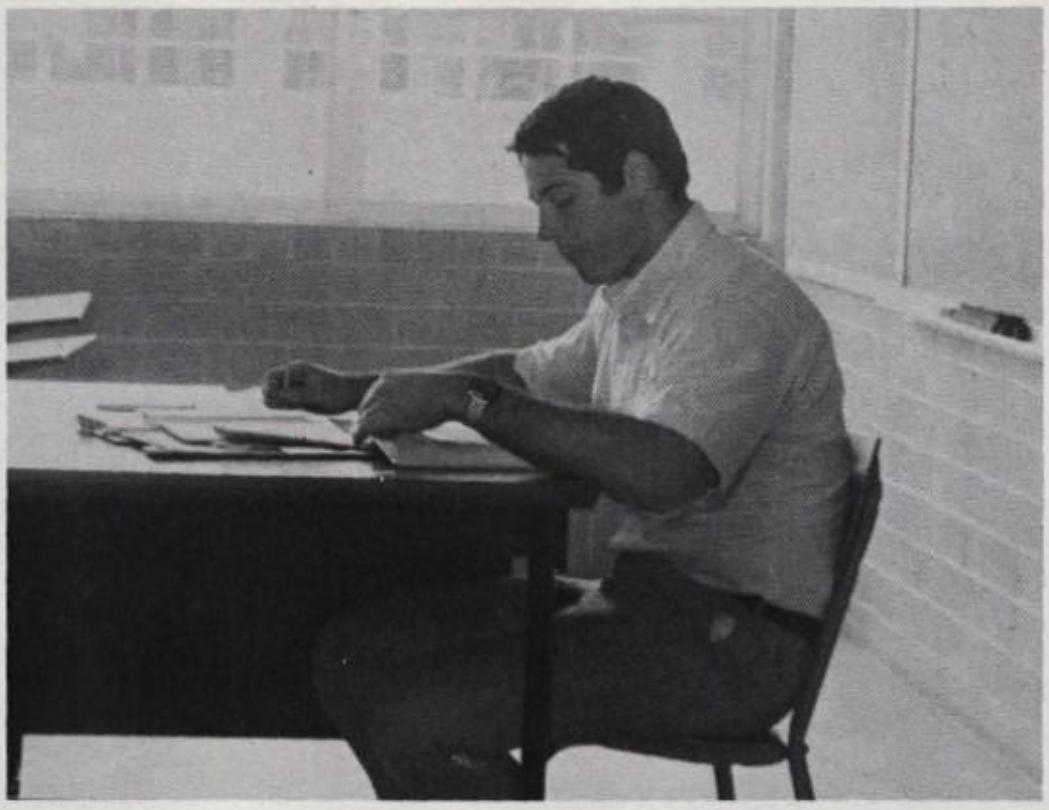
Mr. Clyde Parsons, B.A.; Stanislaus State College, Turlock, Calif.; Math.

Mrs. Jeannean Stein, B.S.; Sul Ross State University; Math.

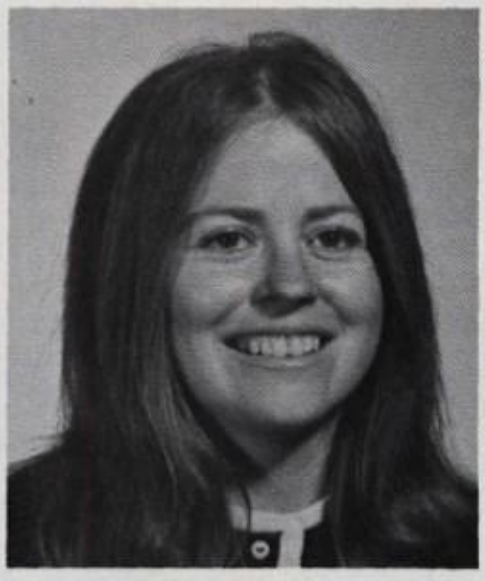
Faculty - Health and Art



Mr. Larry Heffley, B.S.; Austin State College; Health, P.E. Coach.



Coach Heffley prepared health assignment for classes scheduled that day.



Miss Gladys Leather, B.S.; University of Corpus Christi; Art, Health.

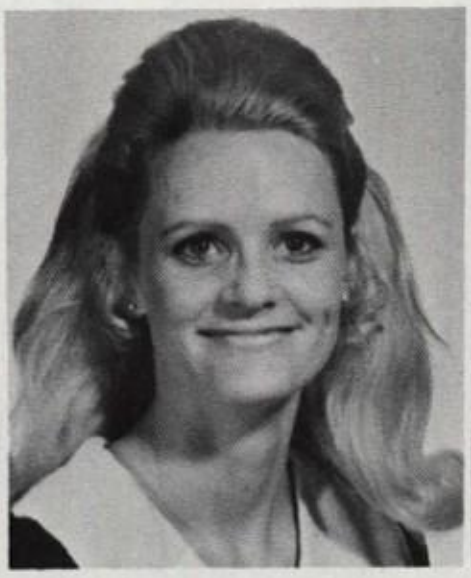
Good health is vital in today's quick paced world. Health courses, under Mr. Heffley and Miss Leather, helped develop firm minds, as well as knowledge of good health habits. There is no doubt that health education plays an important part in giving students a well-rounded education.

Miss Leather sought refuge of teacher's lounge to grade papers.

The Art Department at Southwest offers students with individual talents the ability to understand and cultivate their individuality. This department has the refreshing creativeness and originality that interests the students.

The major project for the art students was making and painting the scenes for the play "Oliver."

Faculty Home Economics and Vocational Agriculture

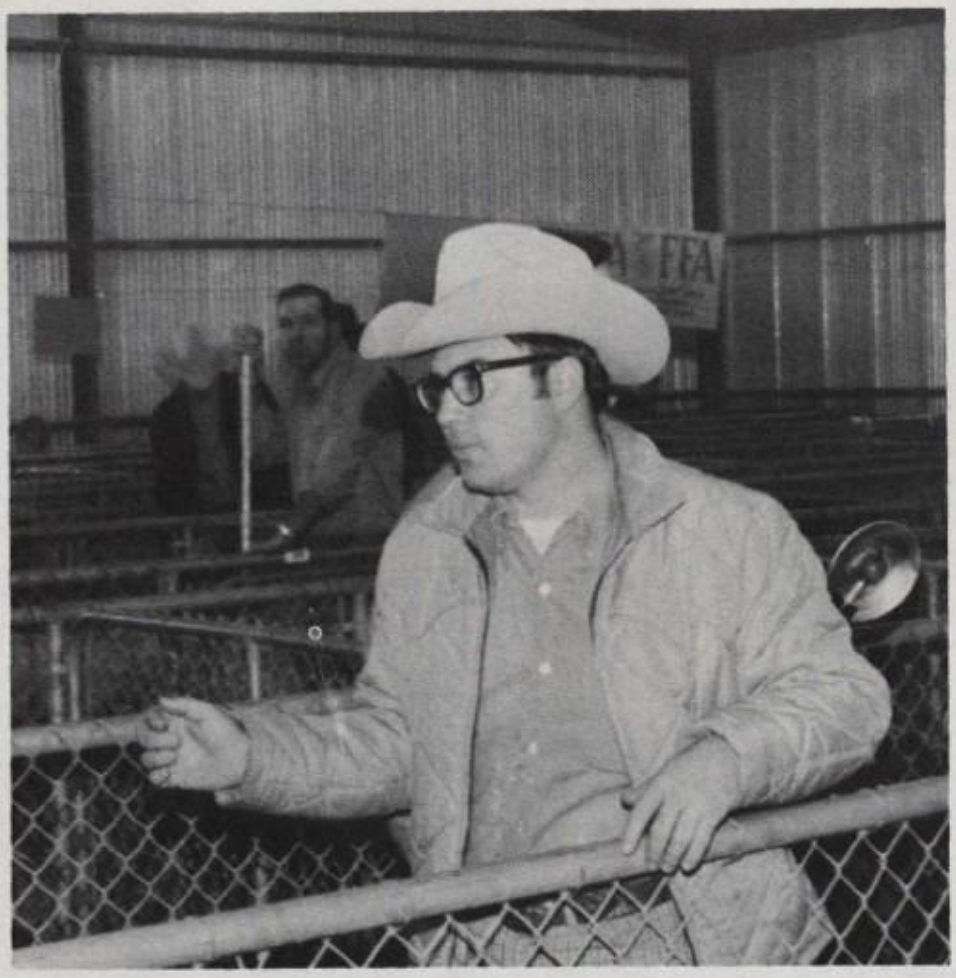


Mrs. Sharon W. Collums, B.S.; Texas Technological University; Home Economics.

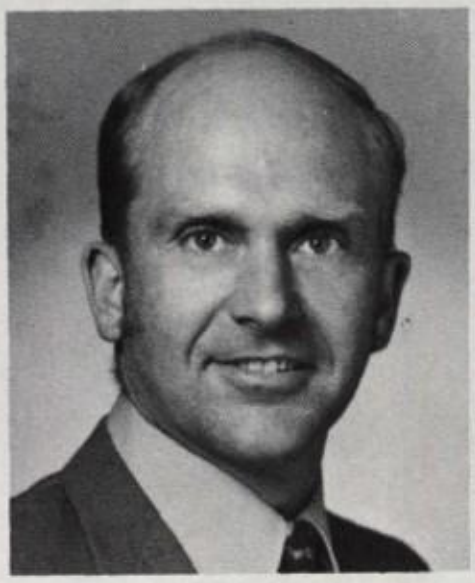
Mrs. Anne Kellogg, B.S.; University of Massachusetts; Home Economics.

Mrs. Carolyn Mayo, B.S.; Southwest Texas State University; Home Economics.

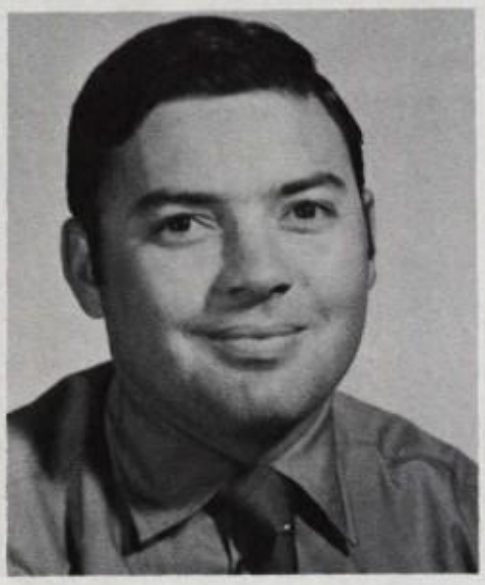
The Homemaking I, II, and III classes took part in sewing, home furnishing, nutrition and cooking. This was the first year for the students to have the opportunity to use a micro-wave range. Drugs, childbirth and weddings were among some of the subjects studied by the Home and Family Living class.



The students in Agriculture studied various areas of farming. Among these were cattle breeding, proper diets for cattle and different methods of planting and harvesting crops. Several of the students, who raised their own animals, entered them in the livestock show.



Mr. William Acton, B.S.; Texas A & M University; M.A.; Sam Houston State University; Agriculture.



Mr. Pete Adams, B.S.; Texas A. & M. University; Agriculture.

Faculty - Librarians and Driver's Education

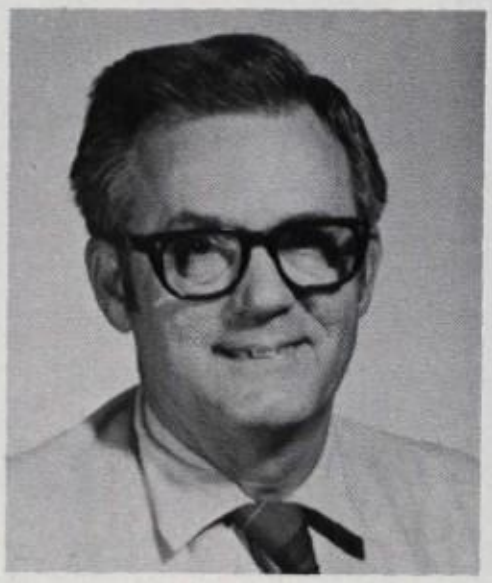
Mrs. Verda Mae Pue, Teacher - Librarian Aide, Draughon's Business College.

Mrs. Ferol Todd, B.A.; University of Texas; Head Librarian.

The Librarian, Mrs. Todd, and her aide, Mrs. Pue, sought to keep information available for students in the form of reference materials, in addition to the regular collection for their enjoyment and study. Mrs. Pue, helped student-librarians learn the rules of keeping a library in a proper and orderly manner. Student assistants also learned how to process books and get them ready for the shelves. It was a rewarding year for these students who trained as assistants throughout the year.

Drivers Education students, Susan Powell, Sue Rimkus, and Mitchell Cooley, spend profitable hours under Mr. Smith's guidance.

Attitudes of the good driver were taught in driver's education—in the classrooms and by actual driving experience. This course was offered to sophomores, juniors, and seniors and helped prepare students for future job activity by teaching them how to operate a vehicle effectively. Mr. Smith concentrated his efforts in directing and educating operators correctly in the rules and regulations required by the state to be able to drive a car.



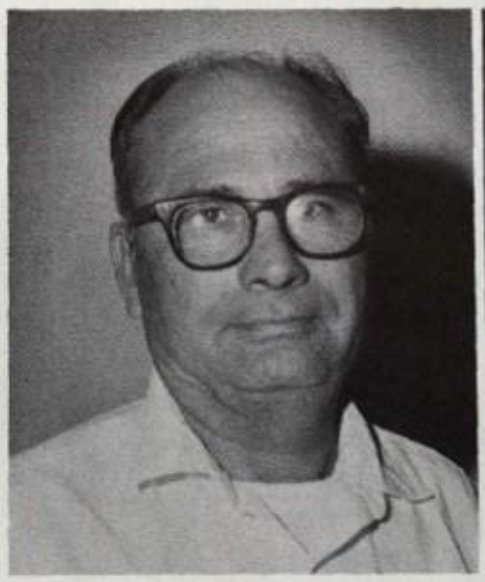
Mr. Franklin Smith, B.S.; University of Maryland; Drivers Ed., History.

Mrs. Pue, Library Aid, instructed David Perino in the correct method of checking out books.

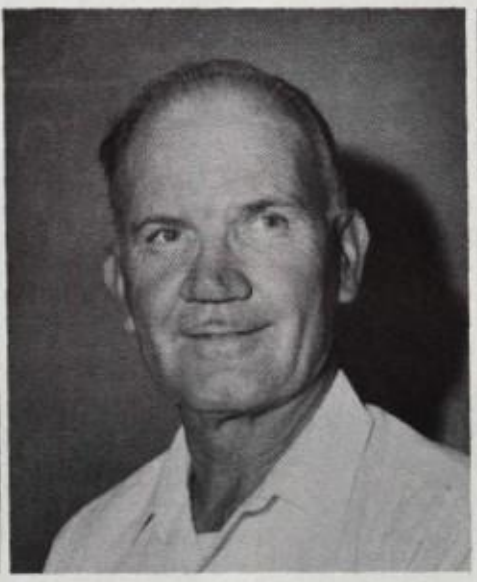
Faculty - Vocational Shops

Mr. Thurman, Trustee, enjoyed coffee with Mrs. Platzner and Mr. Palmire.

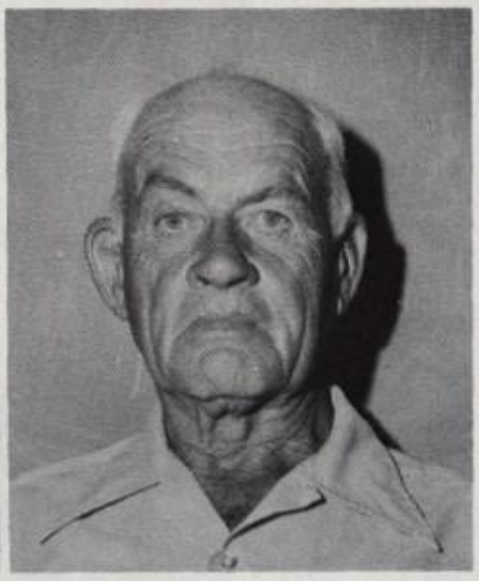
Skill, imagination and originality characterized students in vocational shops. General machine repair, general construction trades, and auto mechanics were offered at Southwest to students who were interested in acquiring knowledge which would help them gain professional experience.



Mr. Thomas Lemons, General Machine Repair.



Mr. Loyd Blackwell, Building Maintenance.



Mr. Joe Beauchanmp, General Construction Trades.

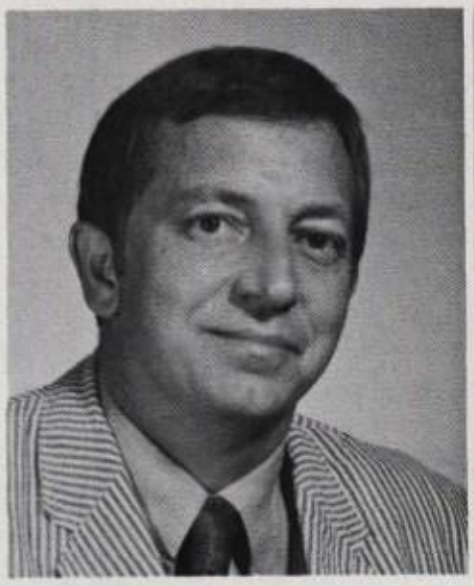
Mrs. Dorothy Ann Prettyman, Duplicating Skills.

Mr. Marian E. Hoffman, M.E.D.; Our Lady of the Lake; Vocational Director.

Mrs. Betty Gordon, Duplicating Skills.

Mr. John Palmire, Auto Mechanics.

Faculty - Vocational Curriculum



Mr. Courtenay Atkins, B.A.; St. Mary's University; Distributive Education.

Mr. E. J. McKinney, B.A.; Florida State University; M.S., V.O.E.

Mr. Harvey Pinner, B.S.; MacMurray College; Vocational Adjustment Coordinator.

Mrs. Bebe Platzner, B.S.; Texas Woman's University; Distributive Education.

Mrs. Ophelia Tellez, Our Lady of the Lake, Vocational Instructor; Cosmetology.

Mrs. Mildred White, Home and Community Services; Vocational Shops.

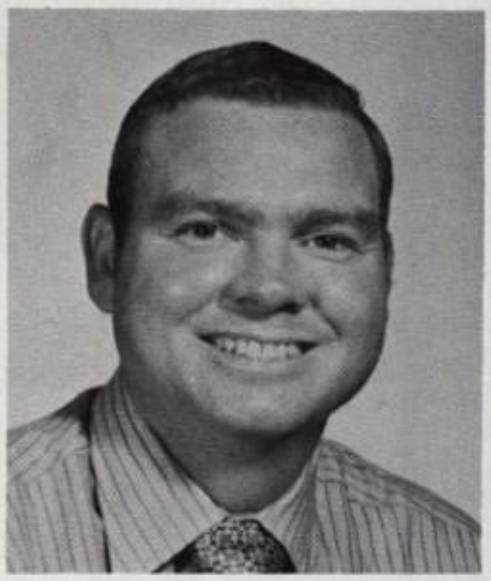
Mrs. Tellez prepared display for Area Cosmetology Convention held at Roosevelt.

During the lifetime of youth, careers could be varied with proper training and background. Finding these careers and giving proper training has been the job of the Vocational departments at Southwest. V.O.E. and D.E. were among those training courses available. With these skills and opportunities every student had the chance to succeed in the business world.

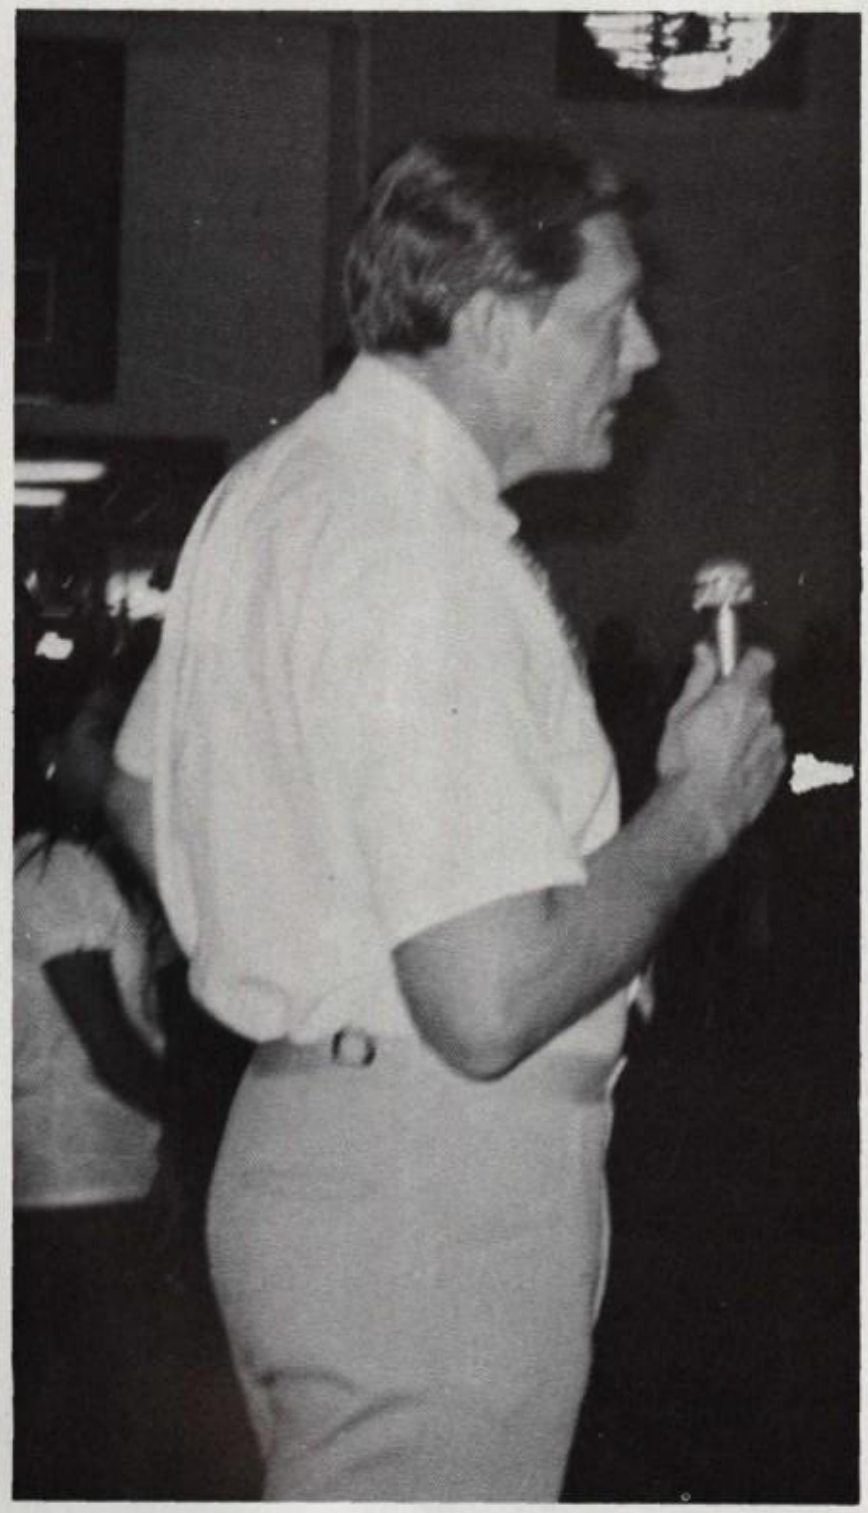
Faculty - Physical Education

At Southwest developing skills in various sports is one objective of the P.E. departments. Included in class activities were volleyball, basketball, badminton and calisthenics. Special emphasis was put on physical fitness, while instructors worked to improve a student's physical ability and endurance.

Mr. Bill Brown, B.S.; M.A. Howard Payne College; Physical Education Director.



Mr. Kenny Franklin, B.S., Texas A. & M.; Coach; Biology.



Mr. Brown spoke to student body during pep rally, football season.

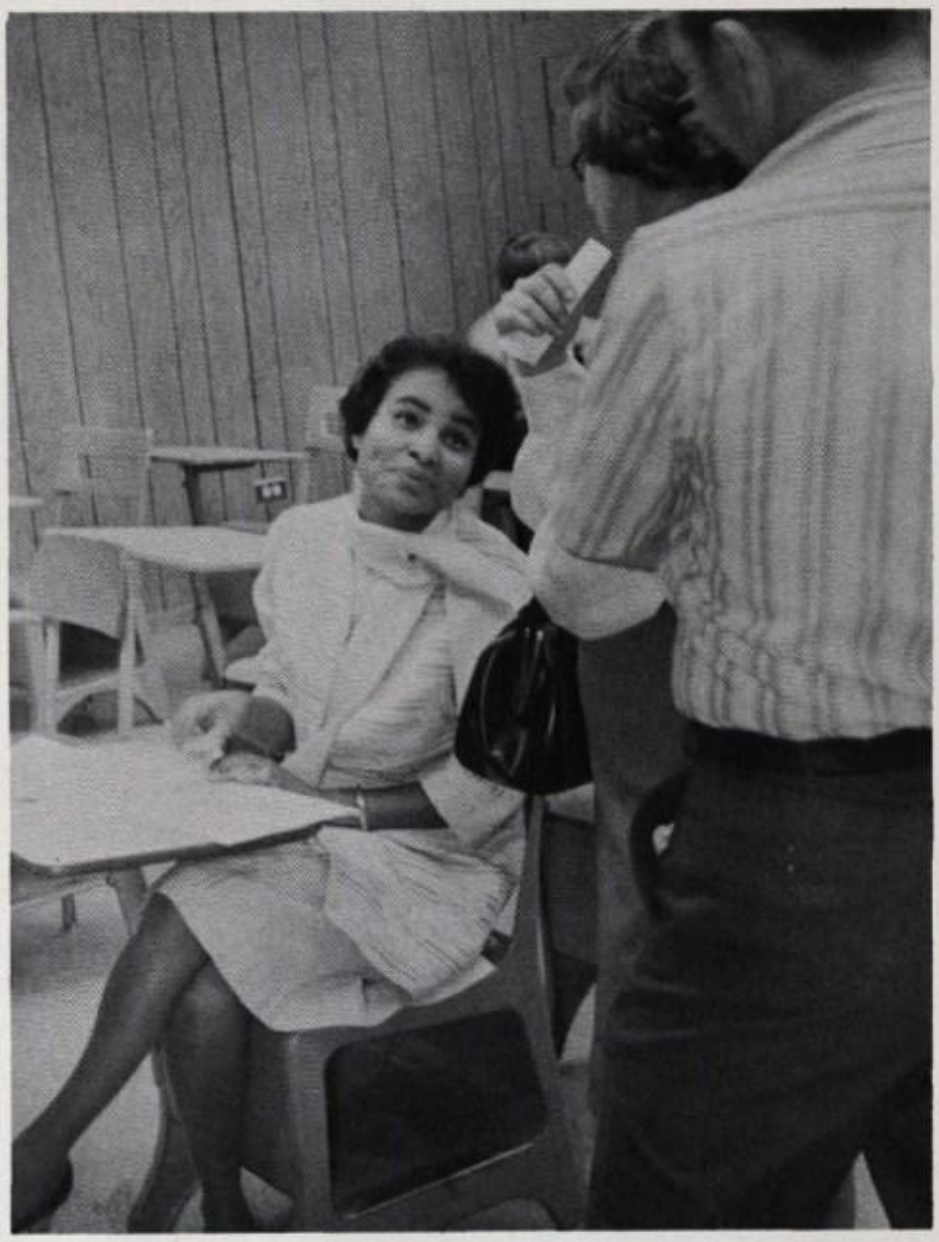
Miss Linda Jorgensen, B.S.; Texas Woman's University; Physical Education.

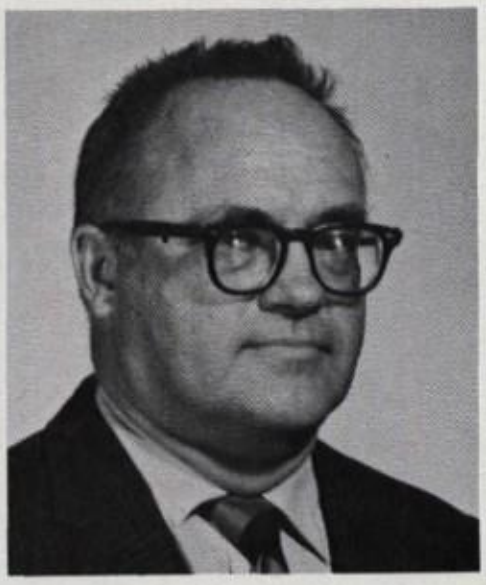
Mr. Dwight Nieschwietz, B.S.; Southwest Texas State College; Physical Education.

Faculty - Science

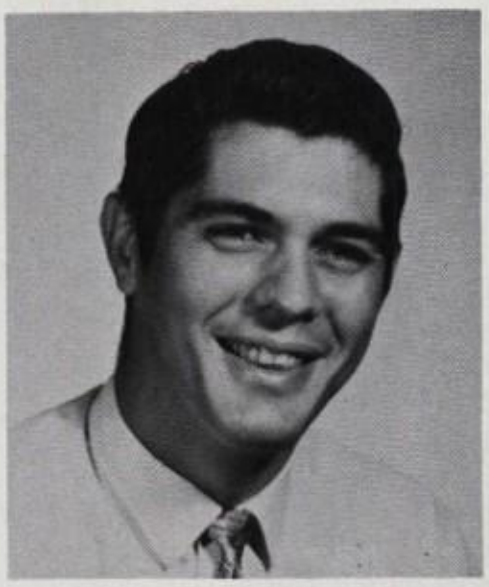
Science, as well as the music and homemaking departments, moved into a new building. This year students found themselves working with new lab facilities and studying at well-equipped science tables.

Students examined the field of science through textbooks, lectures, charts on humans, animals, and plants. Visual aids and lab work supplemented the program in all classes.

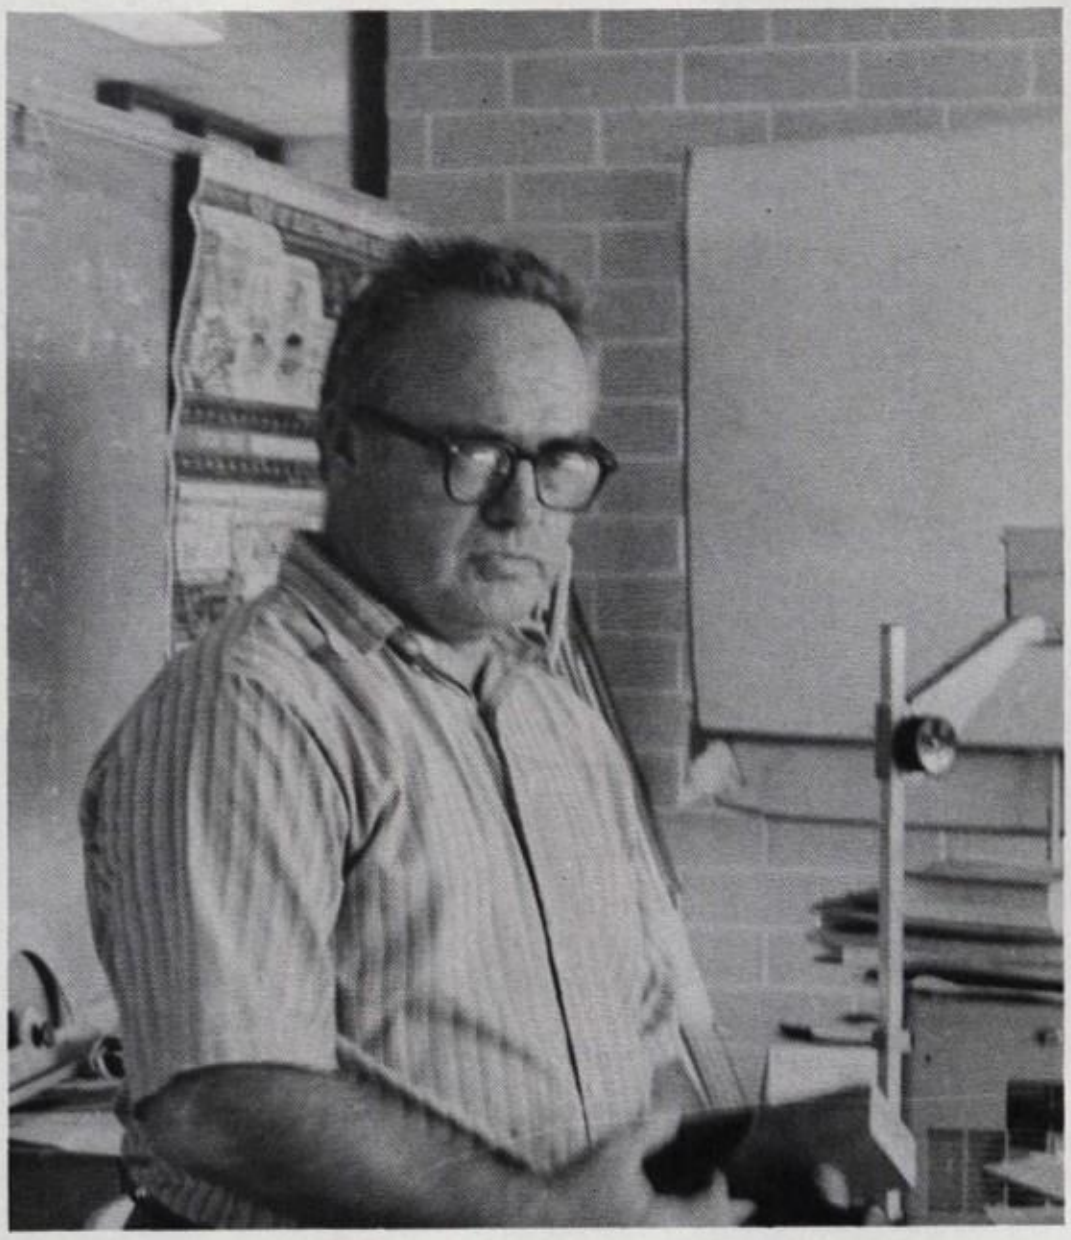




Mr. Irving Leather, B.A., M.R.E., Southwest Baptist Seminary, Boston University; Science.



Mr. Arnold Schultz, B.S., Texas Lutheran College; Science.



Mr. Leather explained experiment for Physics class.

Mrs. Catherine J. Warren, B.S.; Arkansas A.M.&N. College; Chemistry.

Cafeteria Personnel Prepare Satisfying Meals

Alice Alvarado, Romana Alvarez, Clementine Hansen, and Henrietta Lessing: all competent and responsible cooks.

Henrietta Lessing (right) was kept busy making trips back and forth across the kitchen in preparing the day's meal. The students and faculty could depend on the cooks for a satisfying lunch. Mrs. Hansen served as Head of the personnel for High School and Junior High cafeterias.

Mrs. Hansen and Mrs. Alvarado took time out to relax before the mad rush of students came in for a hot meal.

Ofelia Gonzales and Maria Martinez helped keep the campus clean!

In Memoriam

Life offers us a great deal of stormy weather. In the beginning we are quite strong, taking things in our stride and moving confidently along. The things that test us seem to give us the extra strength we did not know we possessed before. And quite suddenly there is an awareness in our minds that enough is enough. But life doesn't know it, and the storm goes on and so do we.

Even though we are quite willing to give as long as we have to give, there seems to be no more stretch to the strength, either spiritually, mentally, or physically. We question how much longer, how many more times we shall be able to reach into our bag of reserves to borrow another ounce of strength. Creative minds enable us to find the answers, though we may have to wait for the light to break.

Many things detain us along the way, but our faith that this too will pass can make that way serene.

Innovators Kept School Spirit High

Pep Squad
"We're with ya, Team"

When the mighty green trooped on the field they knew the school was with them. Lined up along side of the field would be 68 pep squad girls, the largest in the school's history. Because of their loyalty and spirit, the team knew they were never alone—the Pep Squad was always there!

We're with ya Team—So fight!

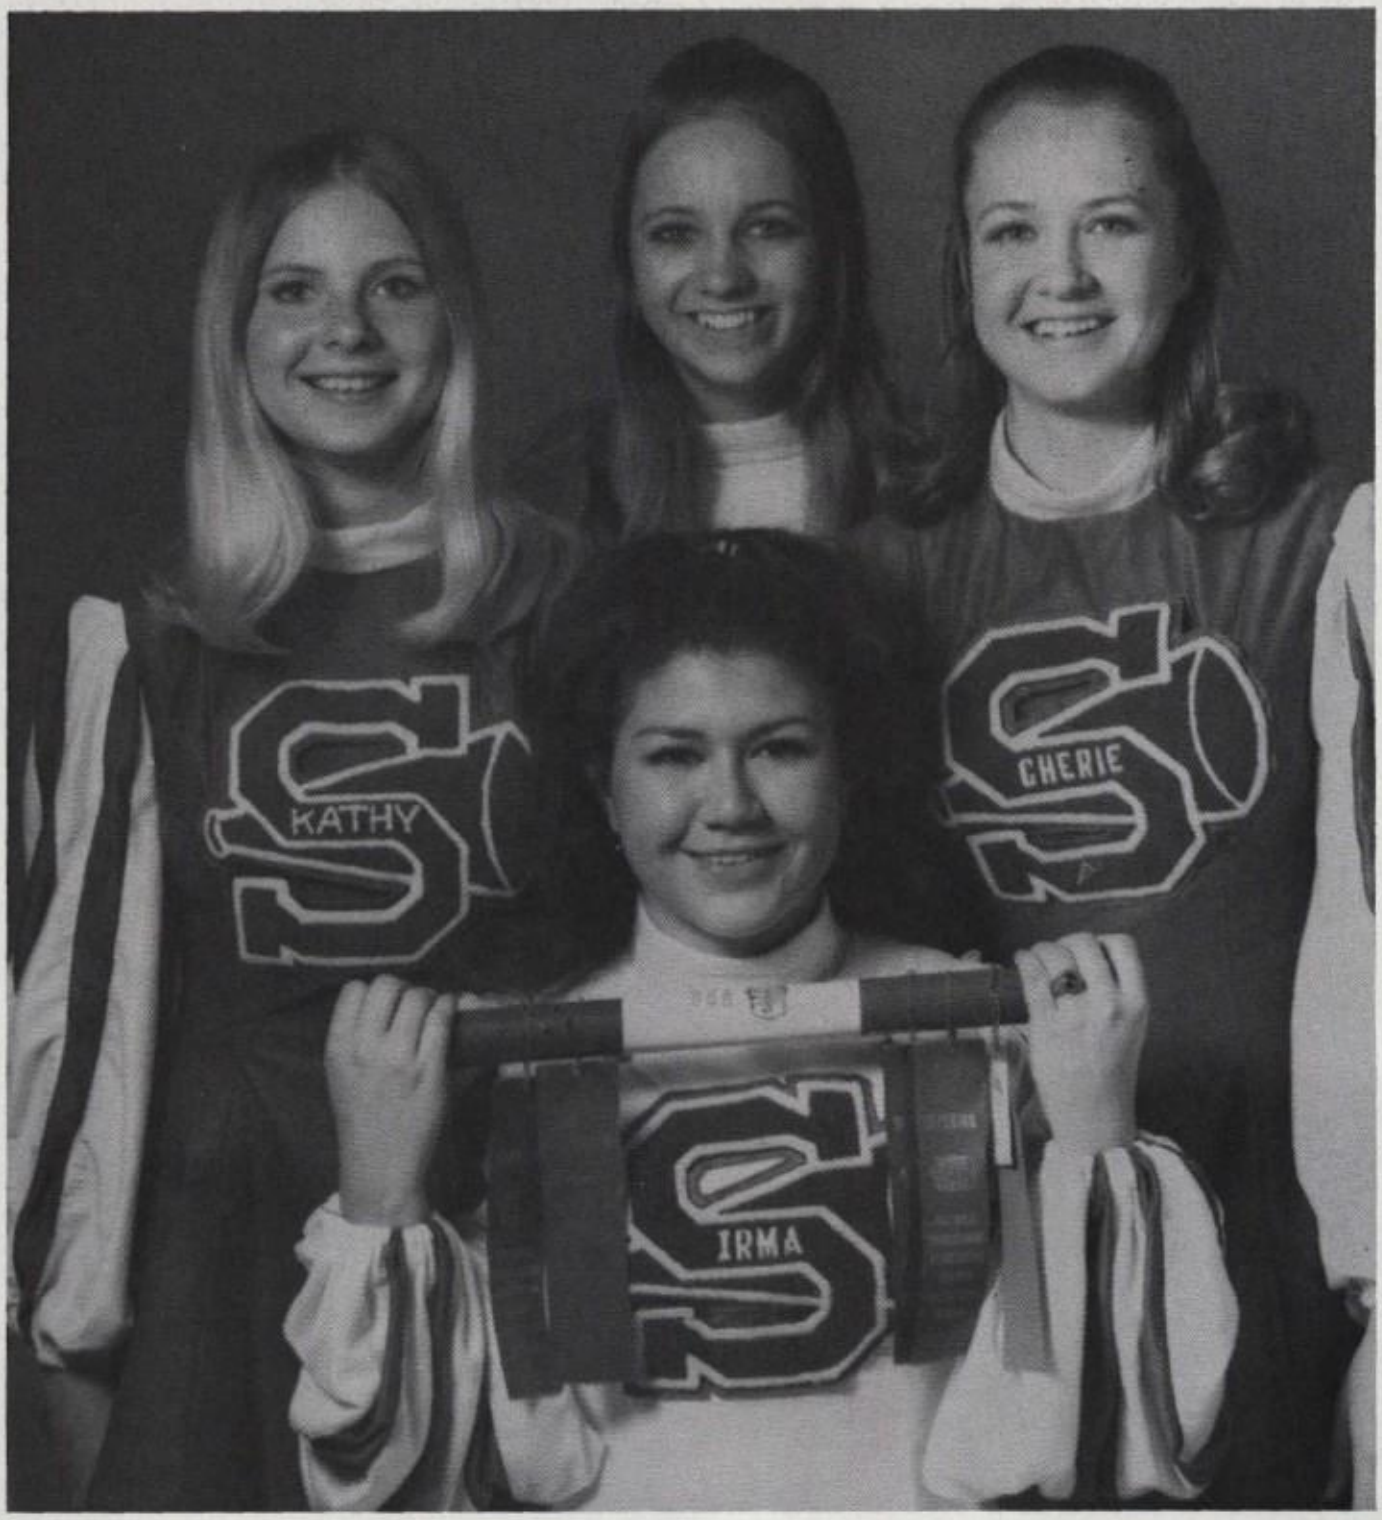
Senior Cheerleaders Won Honors



The Varsity Cheerleaders attended summer camp in Cisco, Texas and returned with five superior ratings and a spirit stick. This was the first time that this had been accomplished by any cheerleaders of Southwest.

Throughout the year they did their best to instill pride and spirit in the teams and student body, from whom they received appropriate response.

Dragon Spirit was the result of their dedication, enthusiasm, and much hard work.

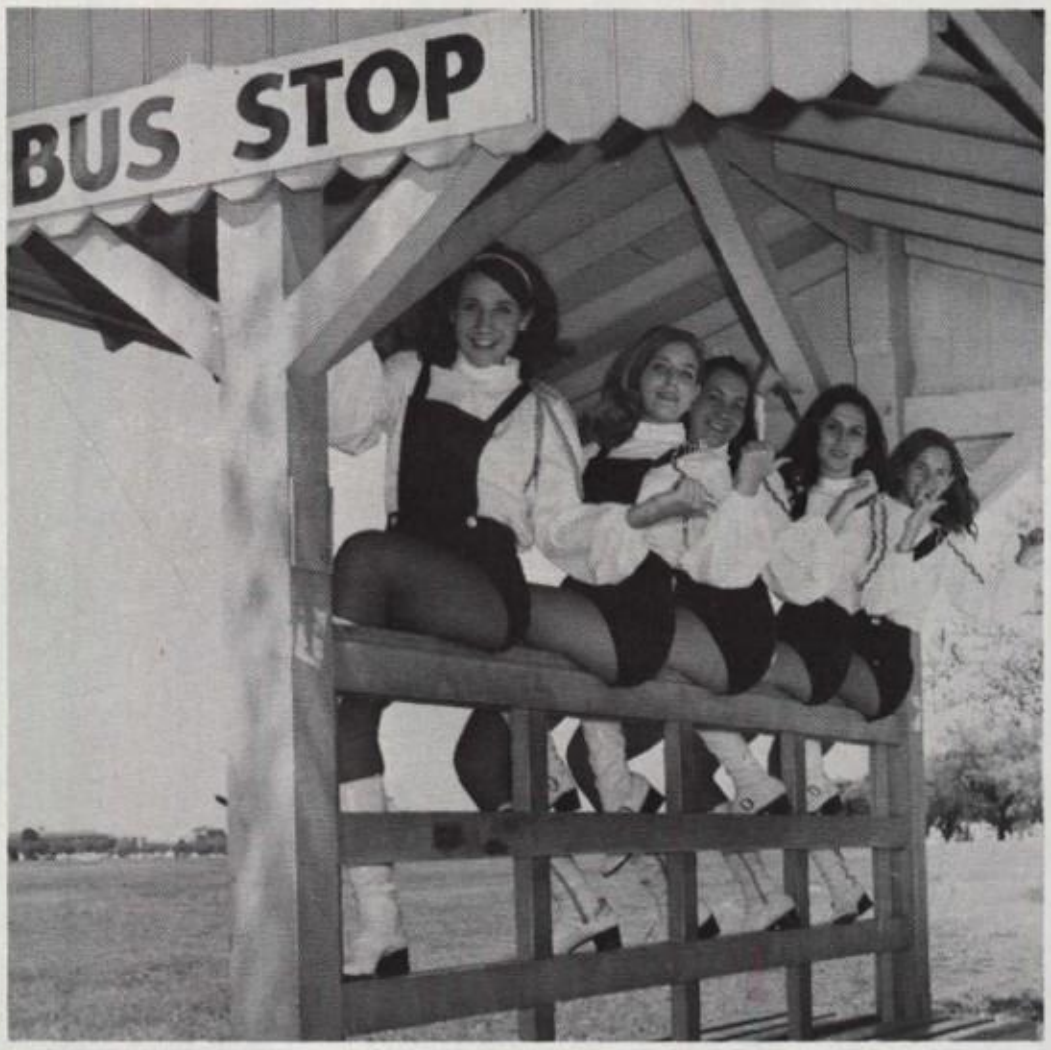
Flammettes' Precision Marching



Boosting the spirit of the Dragons, the 1971-72 Pom Pom group sparked new enthusiasm in the student body.

The excitement began in April of 71 when 30 girls participated in tryouts. All but 21 were eliminated and the group was eventually down to 19.

Training the girls in style and precision, Ruth Friesenhahn, Captain, led the drill team through a week of camp and daily practice during the summer under the supervision of Miss Jorgensen.

The Pom-Pomers returned in the fall to perform at ten football halftime shows, one basketball show. The new "hot pants" accented performances along with 5 new routines.

Marked by Unity

Band Entered Year

Glenn W. Burleson, Director

Donald Gaston, Assistant Band Director

This year's band was truly unique and above average. The Flying Band from Dragonland received high ratings at UIL contests, gave numerous concerts, and was constantly on the go marching in parades. This year, for the first time in six years, the band marched in the Buccaneer Parade in Corpus Christi. It also participated in the Rodeo, St. Patrick's Day, Battle of Flowers and Flambeau, and the Strawberry Festival parades. The band gave various concerts throughout the year, including a Christmas concert at Wonderland Shopping Center.

This year was a busy year for the Flying Band from Dragonland.

U.J.L. Awards Build

In the UIL competition the newspaper won the Award of Distinguished Merit. Teressa Nolin won runner-up in the LIGHT'S Most Valuable Staffer State Contest. She was selected as the Most Valuable Staffer in the local contest.

Teressa won second in State Newswriting in the Individual Achievement Awards and fifth in Regional Newswriting.

Justin Chessher and Nick Constanzo "work" with the printing press as Mark Dacote watches with interest.

Dragon's Tale staff had the responsibility of making the newspaper interesting and readable, covering all phases of school and community life.

Good copy, news stories, editorials, and features made their endeavor a work of communication. Special issues for commemoration of Christmas, Easter, Homecoming, and Graduation helped this year's staff gain experience and knowledge necessary for reaching journalistic goals for UIL awards and local newspaper ratings of high calibre.

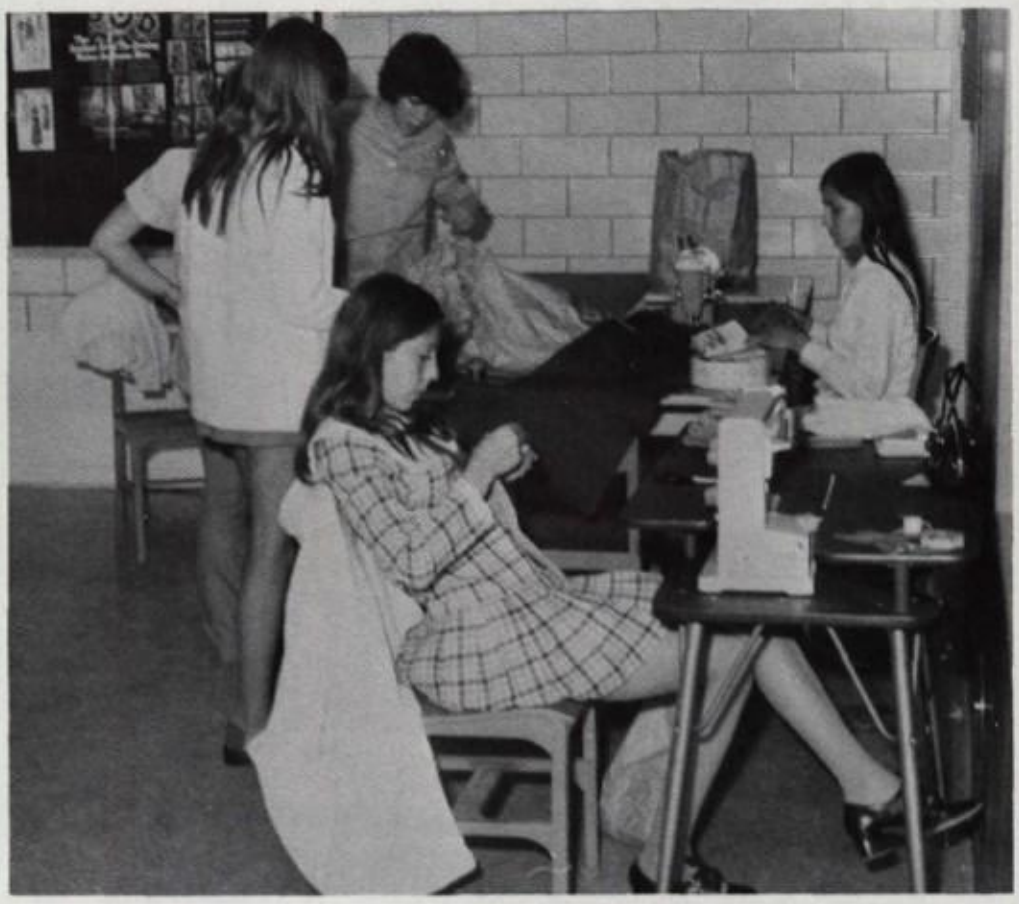
Hostesses served Mrs. Collums and Mrs. Mayo as guests for their dinner party.

The FHA Club of Southwest had a busy schedule for the year, including field trips, dinners prepared by club members, flower arrangements, spring banquets, dinners for the Board of Trustees and Student Council sponsored events.

Always seeking to learn how to establish a more efficient home, club members tried to create and maintain efficiency in their own department. Visits by club sponsors in the homes of these girls proved over and over the value of homemaking instruction.



Kathy Kelleher, Cindy Quintanilla and Pat Tondre began new homemaking projects for the year.

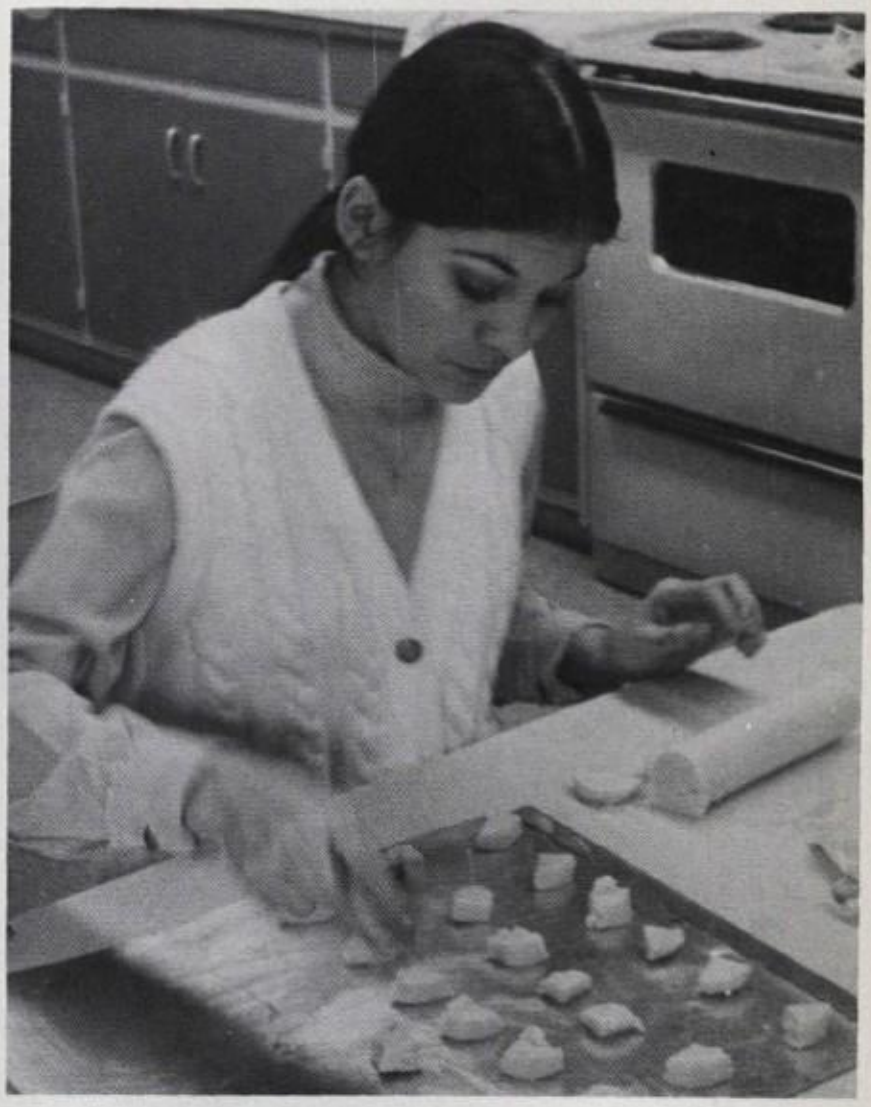
The simple art of decorating pies and cakes with whipped cream can be fascinating for good cooks who like to create. Evelyn Bell, Julie Hendry and Jodie Price had fun making their own designs. Nancy Williams served the bread hot from the ovens for the dinner party. Marie Martinez prepared cut cookies from the refrigerator as her part of the festivities.



Learning to make clothes is an art every girl should learn. Janet Smith, Karen Dailey and Lori Savoie find accurate measurements are very necessary.

the Road of Tomorrow

FFA, sponsored by Mr. Pete Adams and Mr. William Acton is growing in size and in the number of activites they participate in. The Ag boys and girls work hard all year in raising farm animals to show at the annual Bexar County Junior and San Antonio Livestock shows. Animals are not their only project. They also organize judging and skills' teams to represent Southwest at district contests.

Kathy Lantz, noted for her personality and charm, was this years sweetheart. She reigned all year and represented the Southwest Chapter at the district contest and rodeos.

The Horticulture class included: Harvey Estala, Freddie Harwell, Cindy Scott, Mary Ann Jackel, James Gates, Jerry Lyons, Harry Kruegar, Claude McFarland, George Carlin, and Ruben Reyes.

Horticulture is in its fourth year at Southwest High School. The class is taught by Mr. William Acton and covers a two hour period of time. Students work very hard during this time to earn two credits.

The first hour deals primarily with class discussion, and the second hour is devoted to experiments with plants, fertilizers, and techniques in growing a wide variety of plants.

Horticulture is dedicated to the appreciation of plant life. Mr. Acton helped his students in understanding the phenomenon of plant development and growth.

FFA Teams Placed

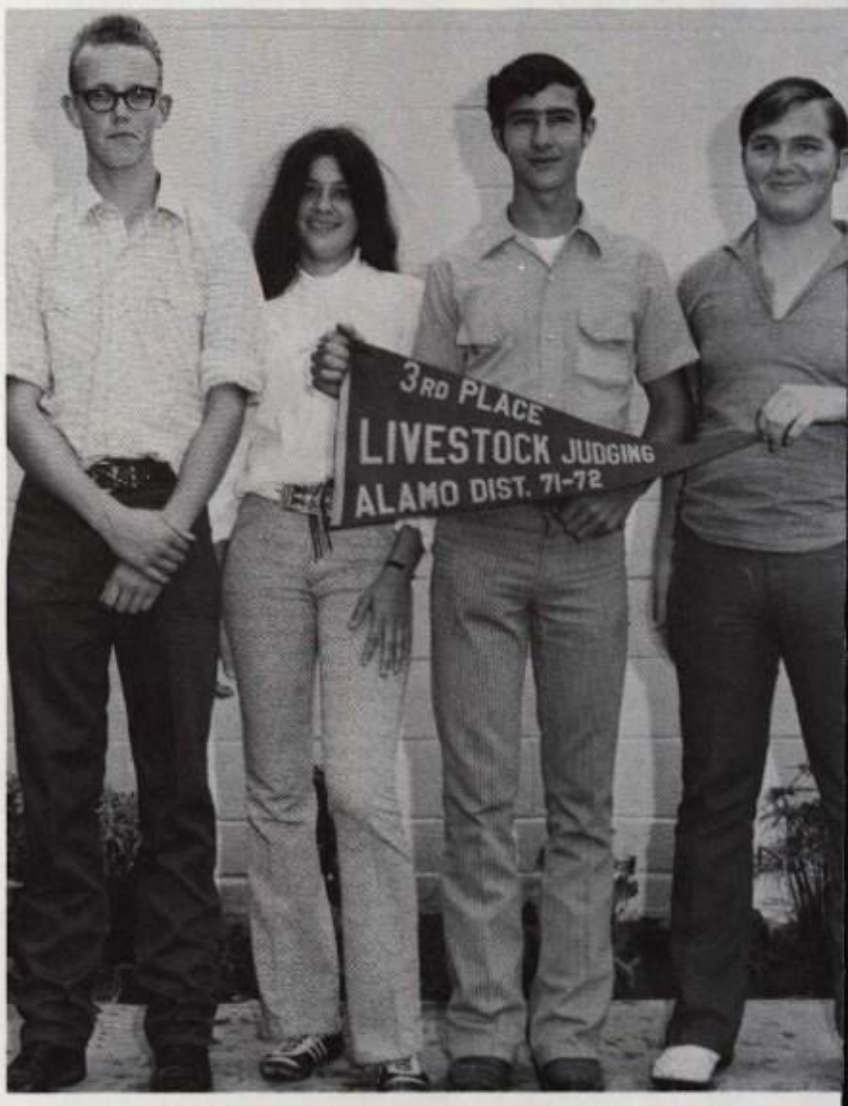
FFA teams gained recognition for Southwest at district contests. The judging teams, Meat, Poultry, and Livestock, were concerned with the knowledge, of quality stock. The skills' team were concerned with knowledge in the basic fields of agriculture.

Seniors Skills' Team: Richard Dockery, Leland Sadler, and Theron Mund, placed fourth in district.

Junior Skills' Team: Clete Buckaloo, Rusty Adams, Steve Mahaffey, and Joey Van Hecke, placed third at district.

Junior Chapter Conducting (top right): Dicky Geiser, Gary Verstuyft, Danny Dalros, Rufas Menchaca, Randy Henry, Billy Knox, and Joe Ibarra, placed fourth in district competition.

Poultry Judging Team: Gary Verstuyft, Suzanne Mathis, Rusty Adams, and Joey Van Hecke, placed third at the district contest.



Livestock Judging: Leland Sadler, Nancy Gann, N

Vocational Office Education trains students who plan careers in office occupations through a program of instructions and employment in the field. The purposes of this group are carried out through development of leadership, individual responsibility while helping students work out their futures of tomorrow.

Office occupations are found in manufacturing, distribution and consumption of a product or of a service. Students find today's prospects in business education very good.

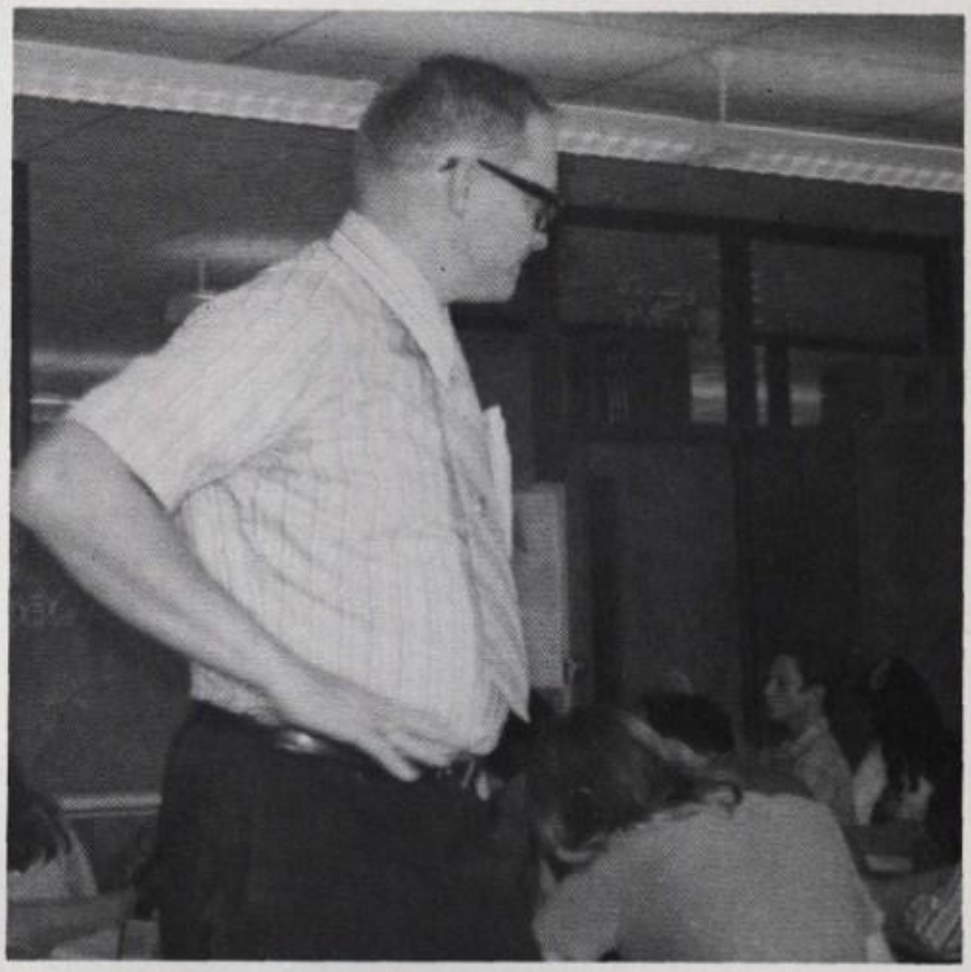
Mr. Blackwell, Building Maintenance Instructor, taught students how to use machinery safely and effectively.

Auto Mechanics is a three-hour course permitting entrance into the trade at advanced apprenticeship level. Students taking this course developed skills in diagnosing and repairing the automobile and its component parts.

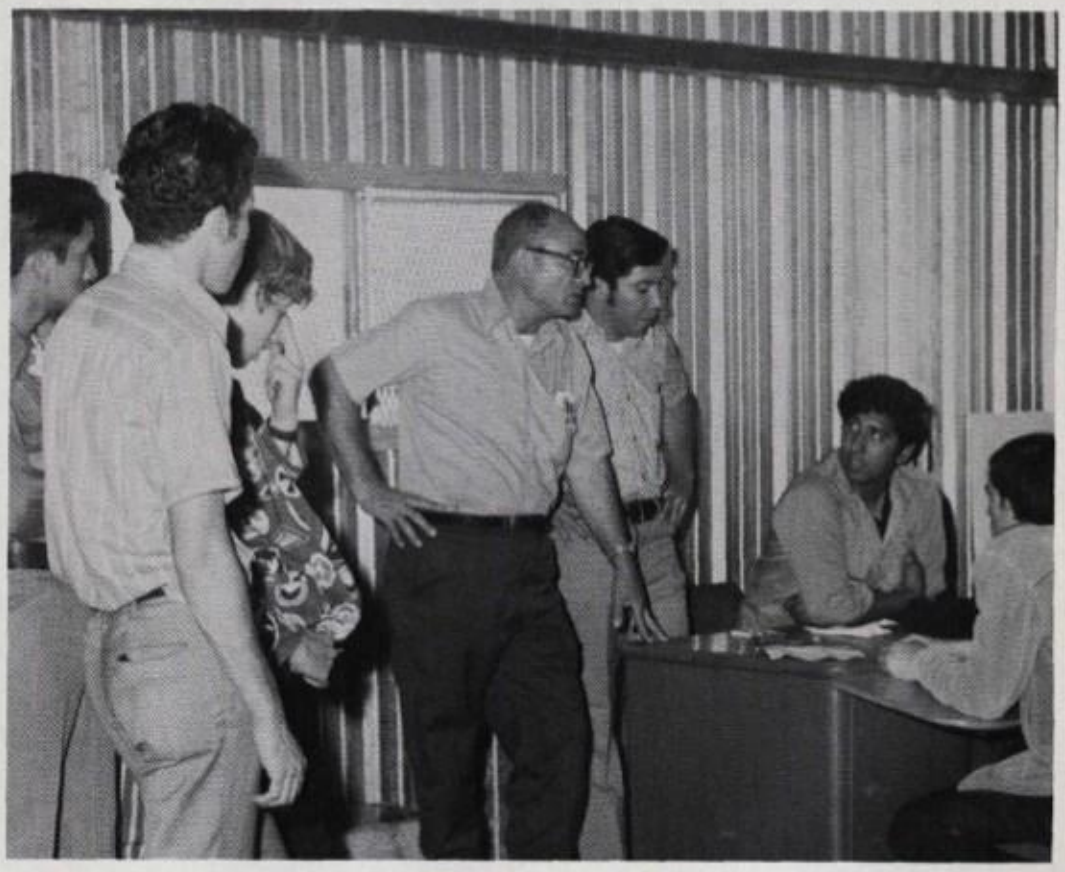
Students Offered

Mr. Courtenay Atkins, Distributive Education, and Mr. Harvey Pinner, Special Education in the VOE field, were instrumental in developing leadership in student participation for future job training possibilities.



Mr. J. William McKinney taught in the VOE department, preparing students for job training.

Mr. Thomas Lemons of the General Machine Repair Shops discussed plans with students for repairing desks and adding structural materials to present facilities.

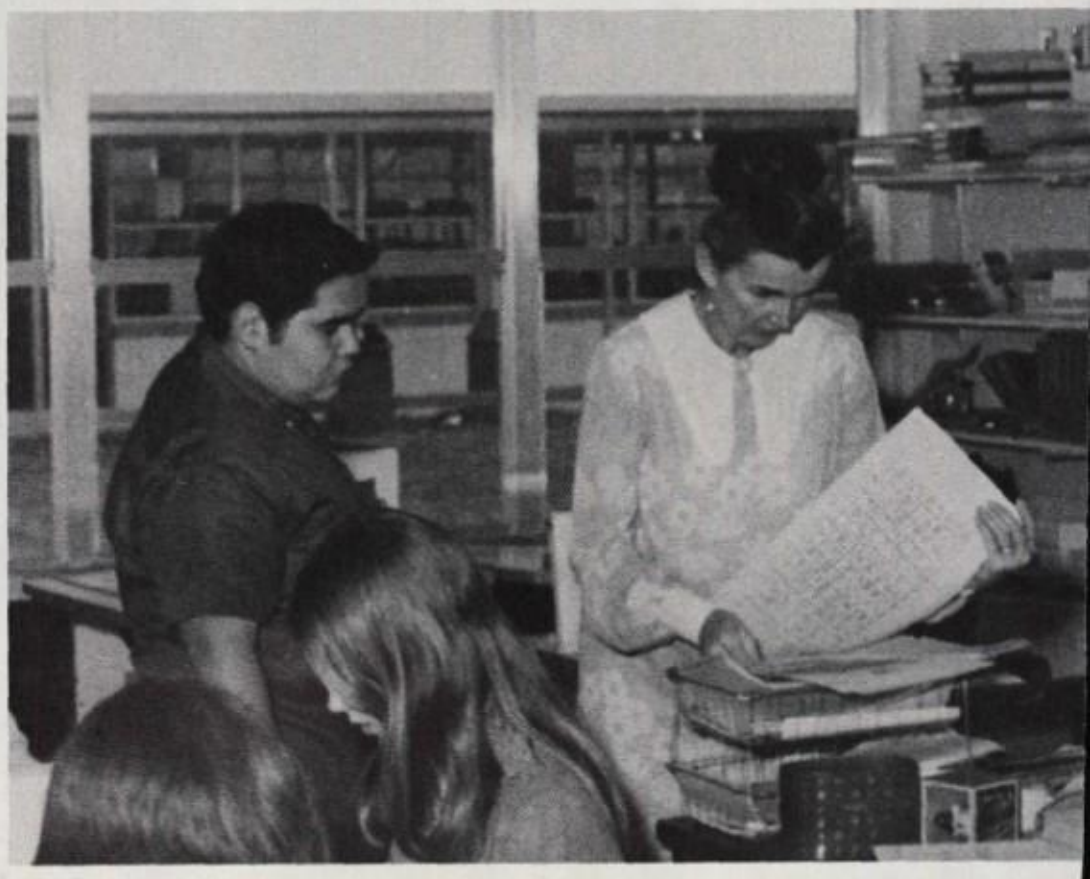


The Vocational Education Department of Southwest has grown in large numbers, giving the district leadership in all phases of vocational endeavor.

Vocational Shops

Mrs. Sharon Collums, Mrs. Carolyn Mayo, and Mrs. Anne Kellogg directed activities in the Homemaking division.

Throughout the year their warmth and dedication to their jobs won the affection and friendship of many students.



Mrs. Mildred White, Home and Community Services under the CVAE program, taught skills to students enrolled in the program.

Mrs. Betty Gordon and Mrs. Dorothy Ann Prettyman, Duplicating Skills, were instructors in the development of operation of equipment to be used in duplicating materials for the school district.

In all, five girls went to Dallas: Donna Schreiner, Debbie Lyles, Marty Hernandez, Julia Alfaro, and Jeanna Lyons; The state meet was held there.

There were many other activities, but they all reflected one thing, the outstanding capabilities and energies of the Cosmetology girls here at Southwest.

Mrs. Tellez, Instructor, taught parliamentary procedure to officers in her club activities.

Contributed to Success in Cosmetology

Jackie LaPlante consulted Mrs. Tellez about one of the procedures during a VICA meeting.

Mrs. Tellez instructed Julia Alfaro on a method of applying hair spray to get a certain form.

The girls taking cosmetology at Southwest had a busy and productive year. Activities were numerous, and, to some, the work seemed unending but was always fun. The Snowball Dance was a formal ball held at the El Tropicano Hotel in downtown San Antonio and was sponsored by the cosmetology girls.

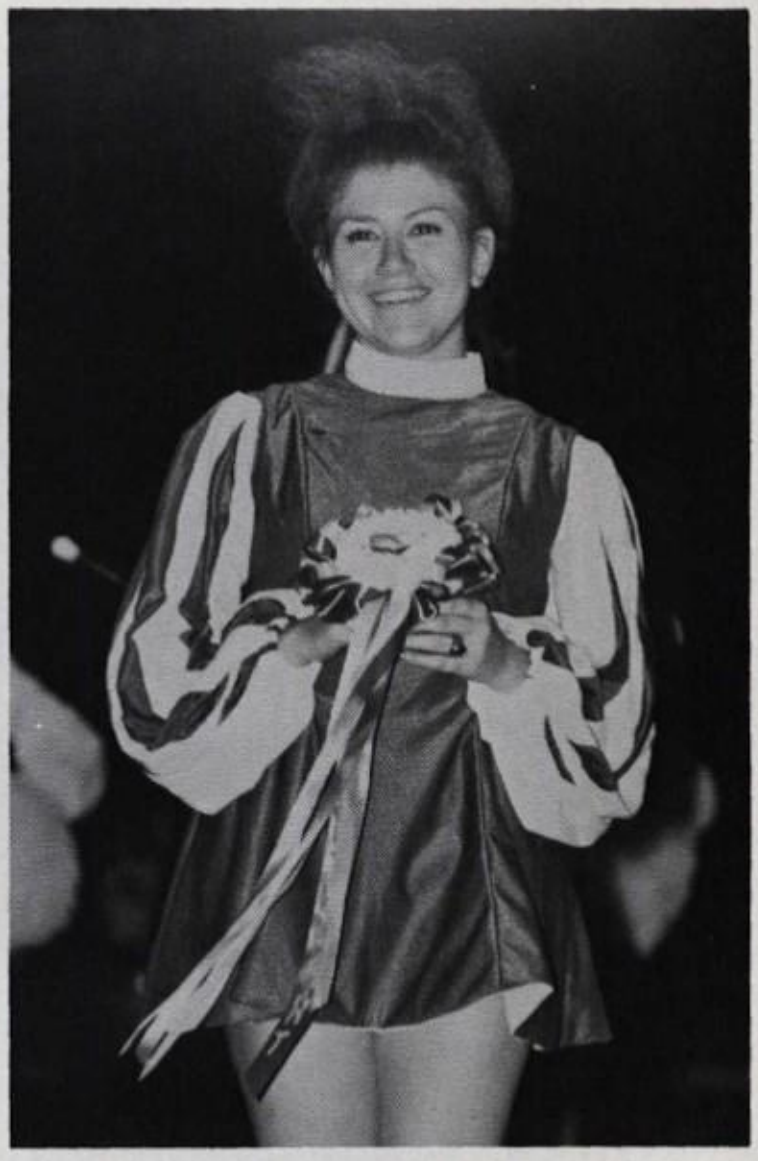
With Defeat

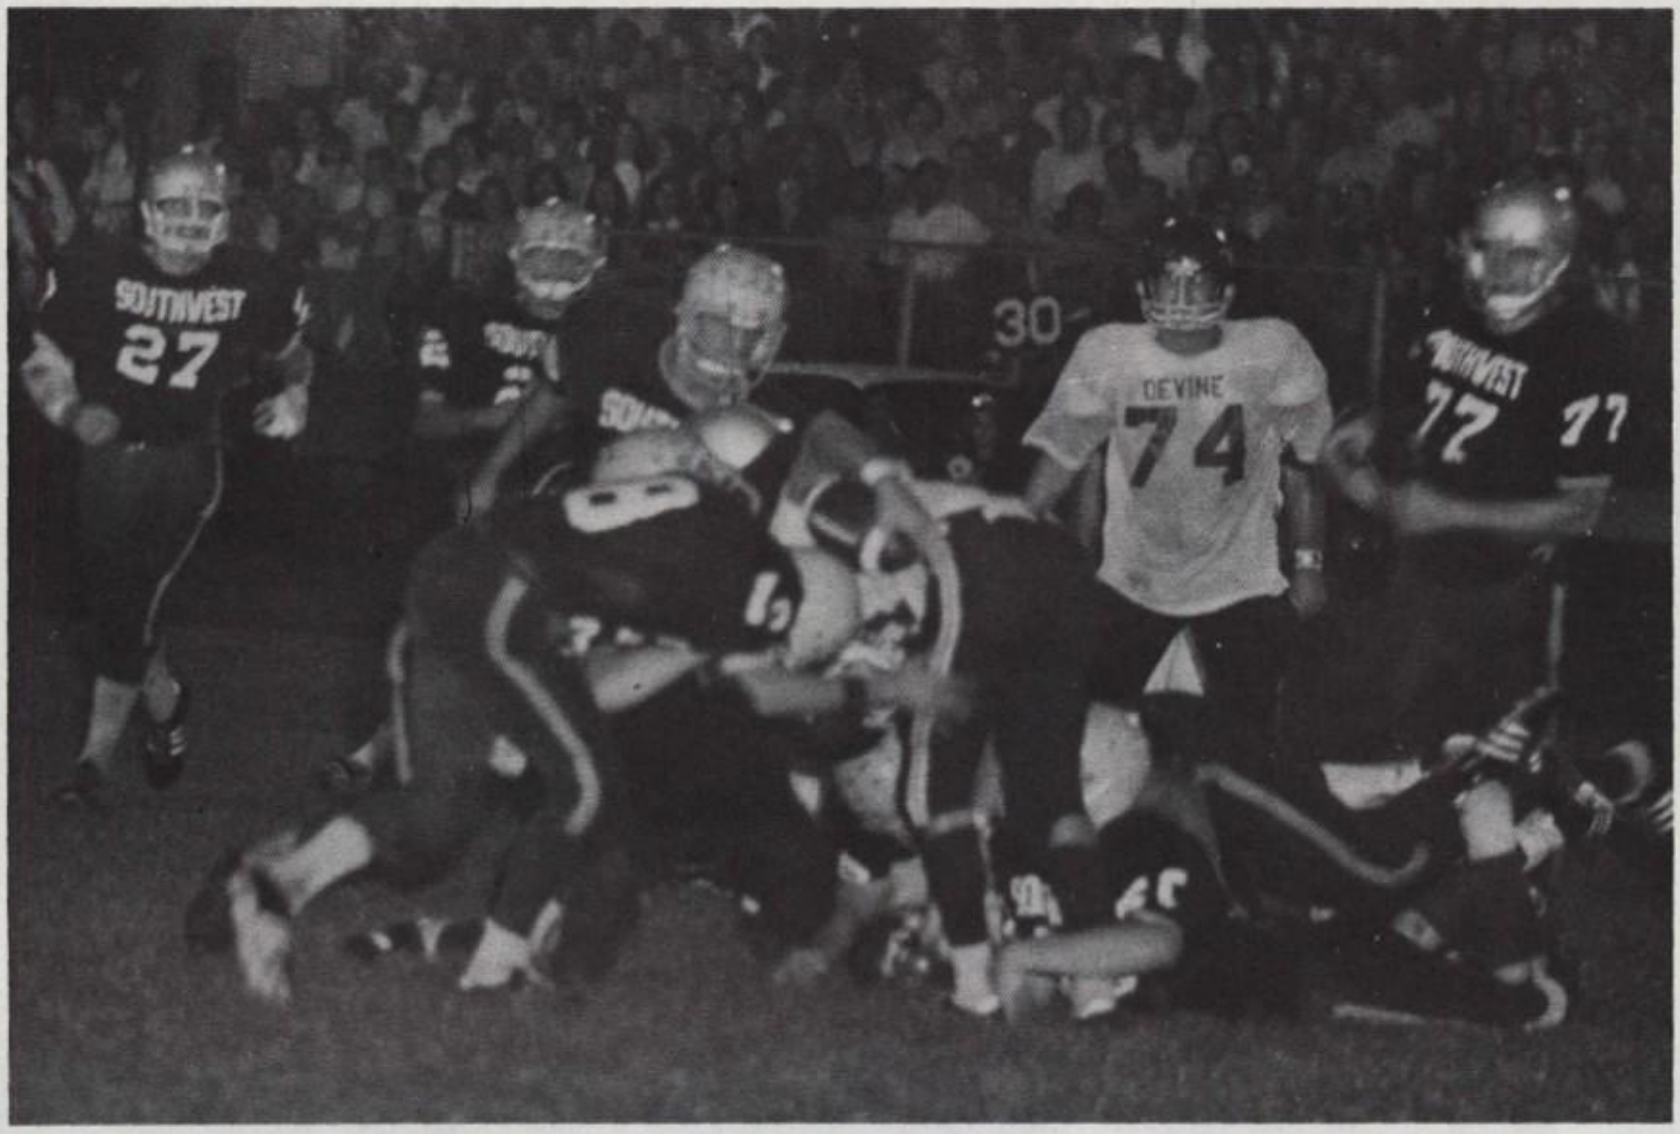
The Pearsall contest, which was the final game for the senior Dragons, was a hard fought and well-played encounter. The Dragon offense fought so fiercely that the Mavericks could not contain number 33, Emilio Soliz, from scoring (above). Although the Mighty Dragons fought hard, the Mavericks slipped past them by the slim margin of one touchdown.

The Hondo defense couldn't keep Charlie Squires from making a long gain on this run, (top).

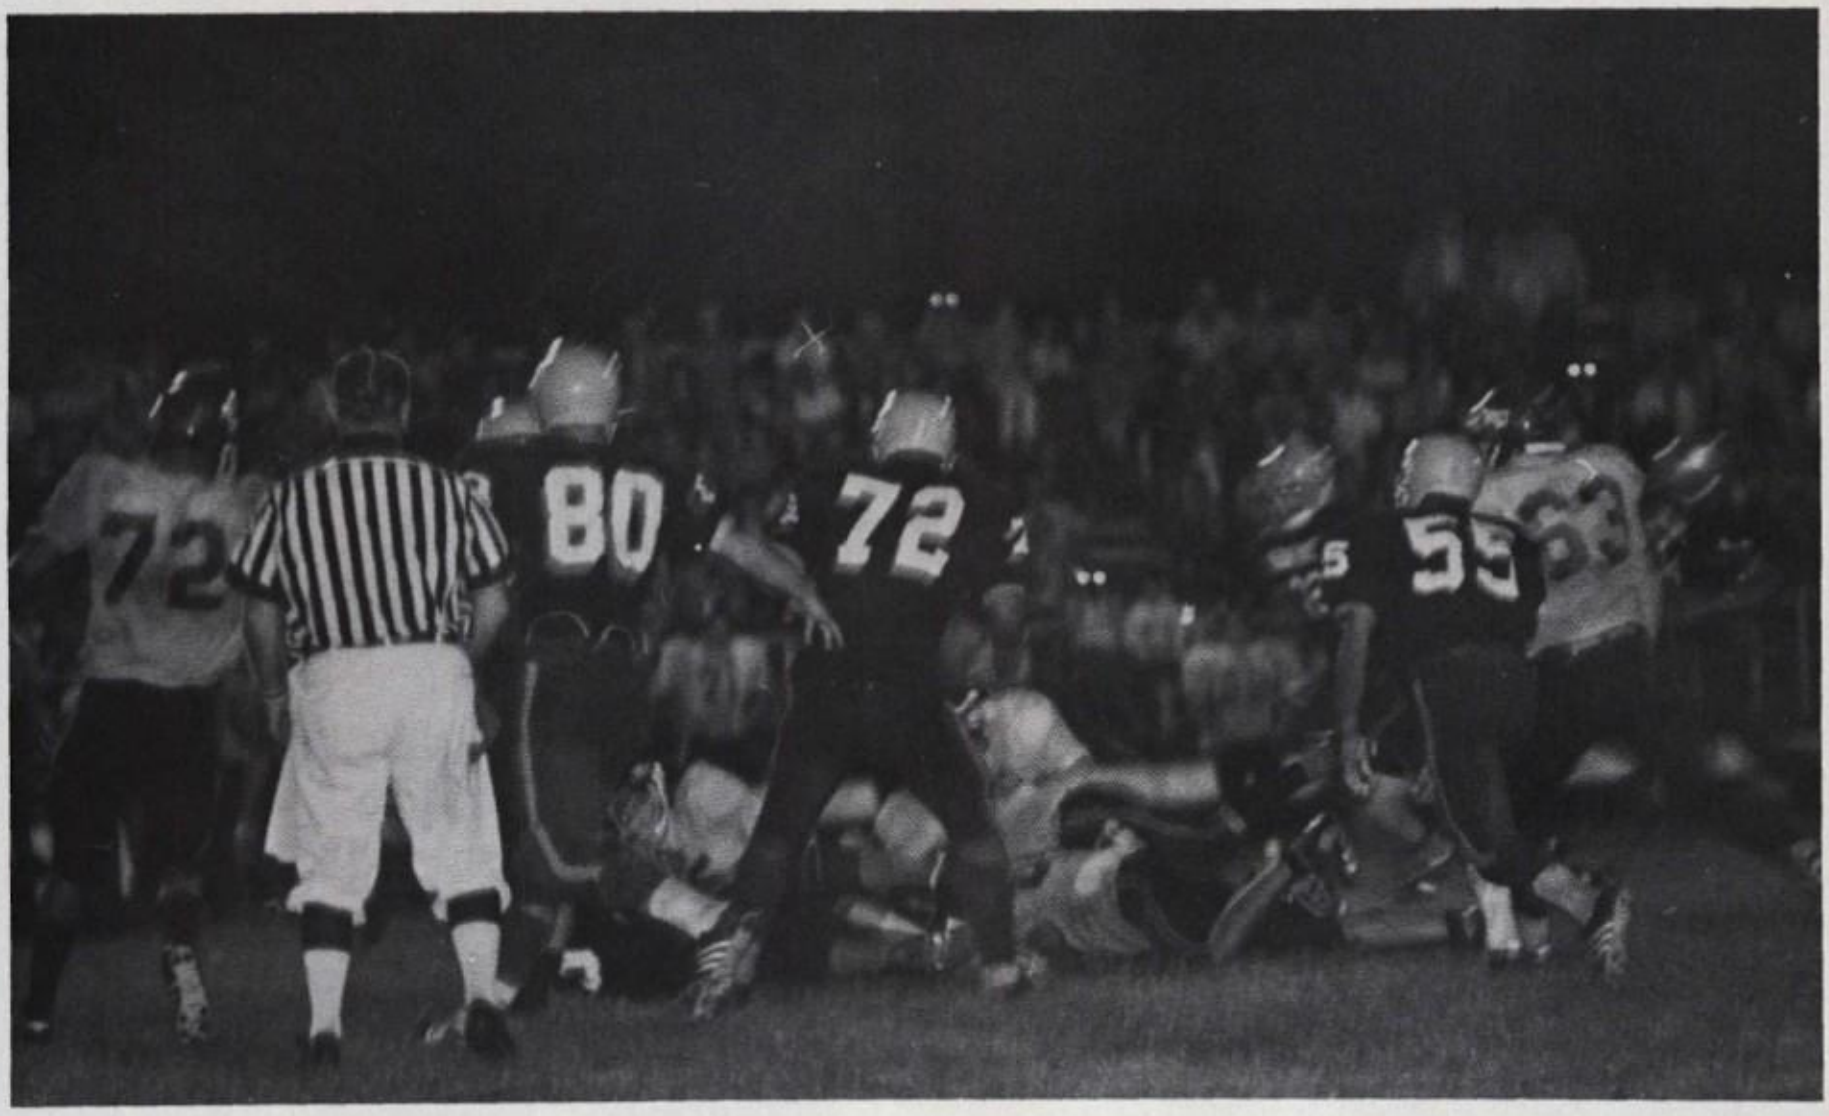


Senior, Irma Huron, was chosen Football Sweetheart for the 1971 football season. This selection was made by the team and was an honor for the cheerleader who has been a great spirit-raiser for the Dragons for two years.

Varsity Maintains



Fighting Spirit Against Warhorses



Offense moved the ball against Warhorses but failed to score.

The Warhorses scored late in the first quarter and held on to beat the Dragons in a duel of the defenses.

The game was a frustrating one for the offensive units for both teams. After holding Devine on the Southwest 1, the Dragons drove 98 yards in 10 plays to the Warhorses 1, but failed to score. The outcome of the game was 6 to 0.

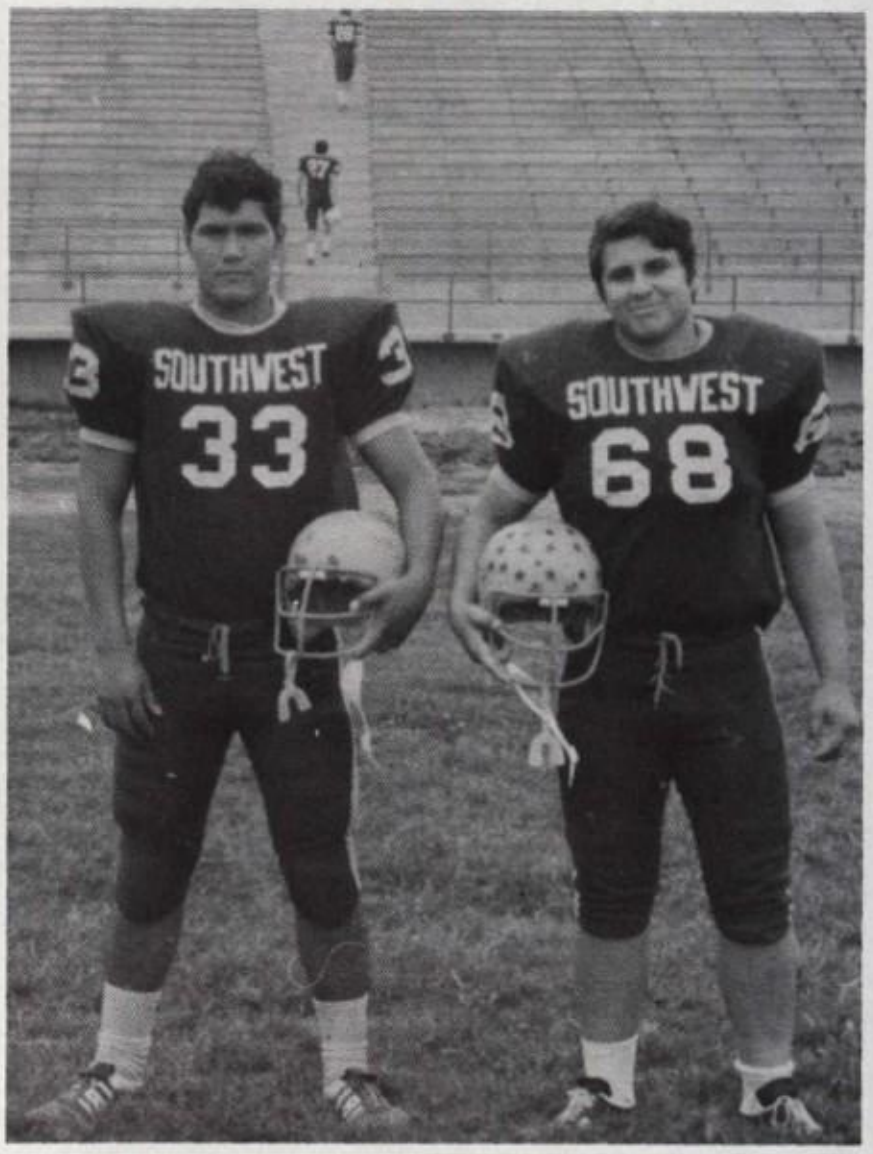
The Dragons defensive forced fumble, above left, while Coach Brown thinks of the game strategy, far left. Before the game, the Dragons had a warm-up, center.

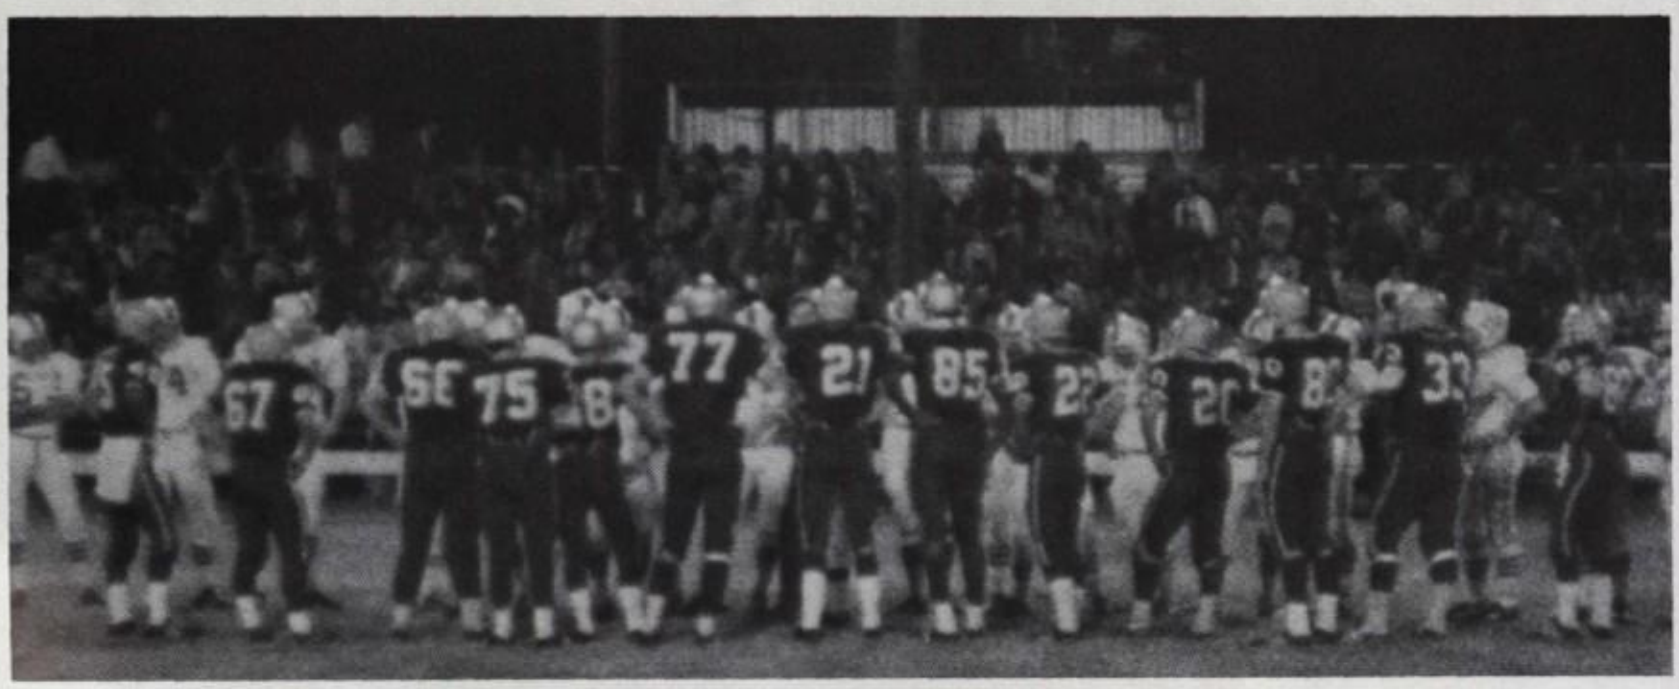
Dragons Play

Southwest played Hondo to a goal-line finish in a 0-0 tie, District 28-AA loop contest. It was a rough, exciting game, without allowing the Owls a single point. Both teams were constantly struggling to try to score. Several times both teams were within a few yards of a touchdown; neither team succeeded.

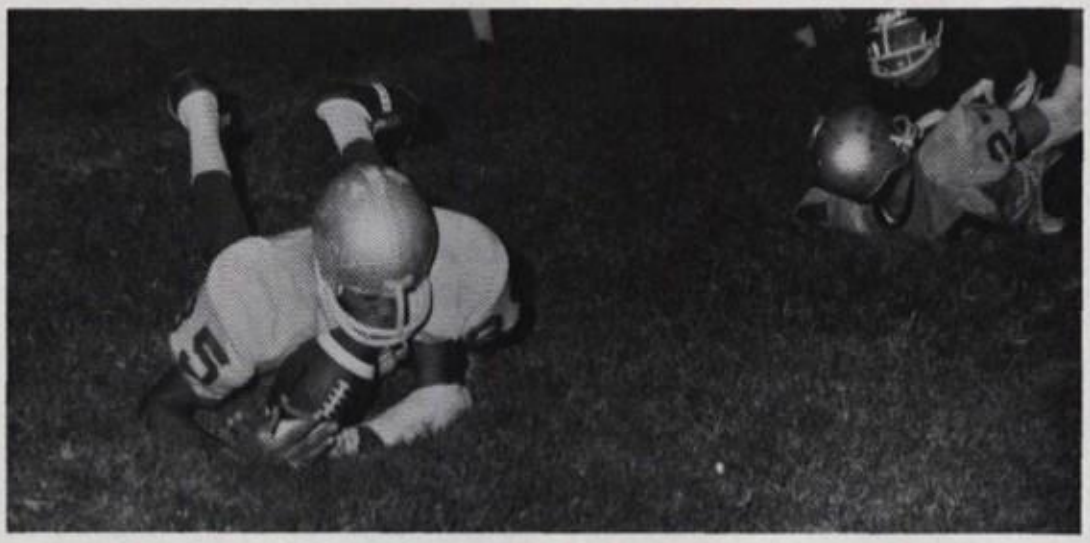
The Dragons were the only team in the 28-AA District who succeeded in completely shutting out the Owls.

Hondo's 11-1-1 record was blemished only by the Dragon squad. If there ever were a team the Hootowls would have liked to eliminate, the Dragons would have been that team.





Owls to Tie



Emilio Soliz and Ben Perez were captains in the game with Hondo. The Owls could not contain the speed of Number 33, Emilio Soliz. They seemed stunned by the good pursuit of Ben Perez making the tackle, causing a fumble received by Willie Guidry. Ruben Reyes' bulldogging tackles proved too much for the Owls.

Dragonnettes Scored High in Welding

The Dragonnettes for the 1971-72 season were a very enthusiastic and determined group of athletes. The Varsity showed their outstanding ability in the game against Devine.

Although the Dragonnettes were a young team, with only two seniors, they put up a good fight for a position in district.

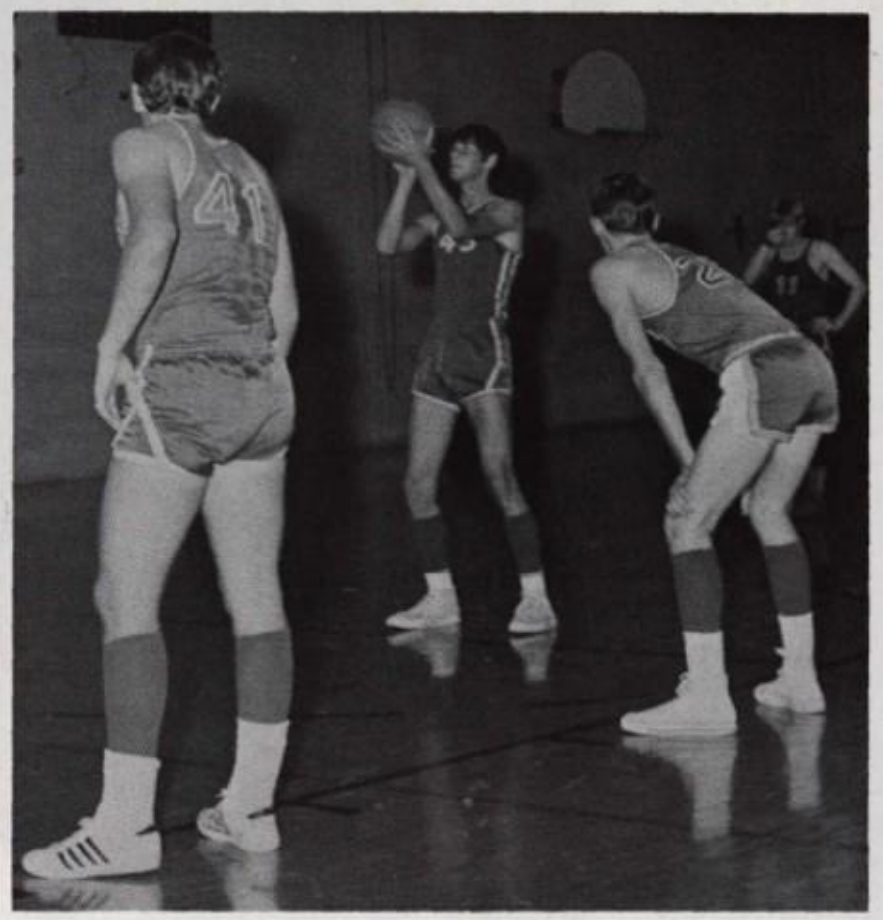
Junior Varsity Looked Ahead After Rugged Season

Freddy Harwell tried for two points; later tried for another two points; Freddy Harwell received All-tournament award from Coach Ridgeway after Southwest Junior Varsity Tournament.

The Junior Varsity team had a successful 14-9 seasonal record, proving to be good material for the 1972-73 year. They were a "hard-work" squad, showing their determination by playing for the championship in their own tournament and receiving Second Place.



Dennis Packham attempted to make a free-throw during a game against Medina Valley.

There are many events covered at track meets. Some are waiting as Belinda Perez, above far left, is examining the disc, while Cindy Sinclair, above middle, throws the shotput. There is another field event which is the high jump done by Mary Irwin, top right; and there are running events in which Cindy Becker, right, is finishing the 100 yard dash.

Out of all of the girls who went to district, there were five who went on to Regional, four of which won mile relay and one who threw the shot-put. The mile relay took first in district.

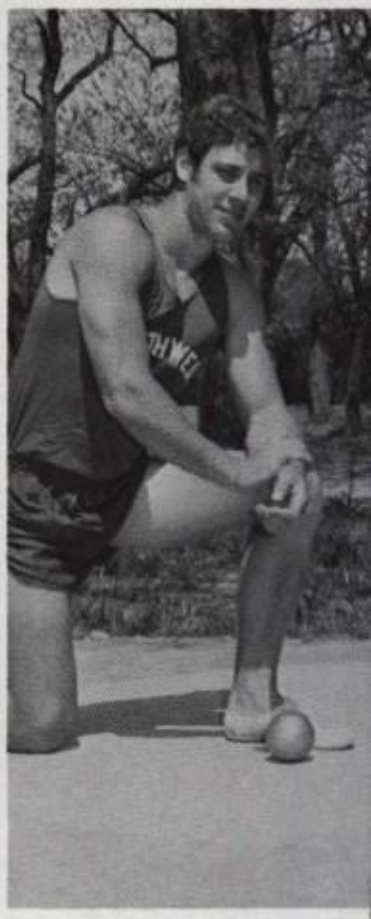
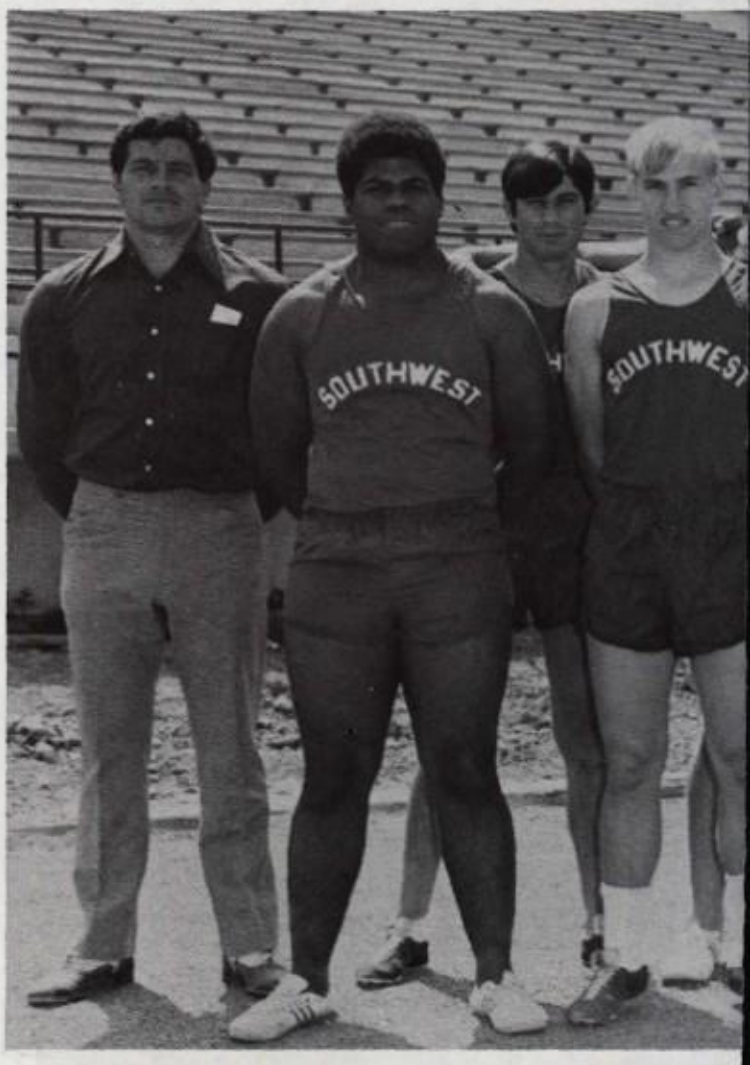
Track Team Scored





Track representation at Southwest for '72 performed so well that they scored third in district out of seven teams. The following boys went on to Regional: Rodney Livingston, 220 yard dash and long jump; Charlie Guzman, 330 Intermediate hurdles; Steve Kimbrell, mile run; Ruben Reyes, 440 yard dash; and Nick Constanzo, throwing the discus.

Spirit and Team Work

Dragon Baseball Team charged the field with determination and spirit this year. Coach Jim Burket guided the team and used such plays as the "hit and run" and the "squeeze bunt" with great success. The execution of these plays proved the Dragons were a team and would be hard to beat.

The District race was a close one and games were always exciting. The Dragons ended the season with a 4-7 record.

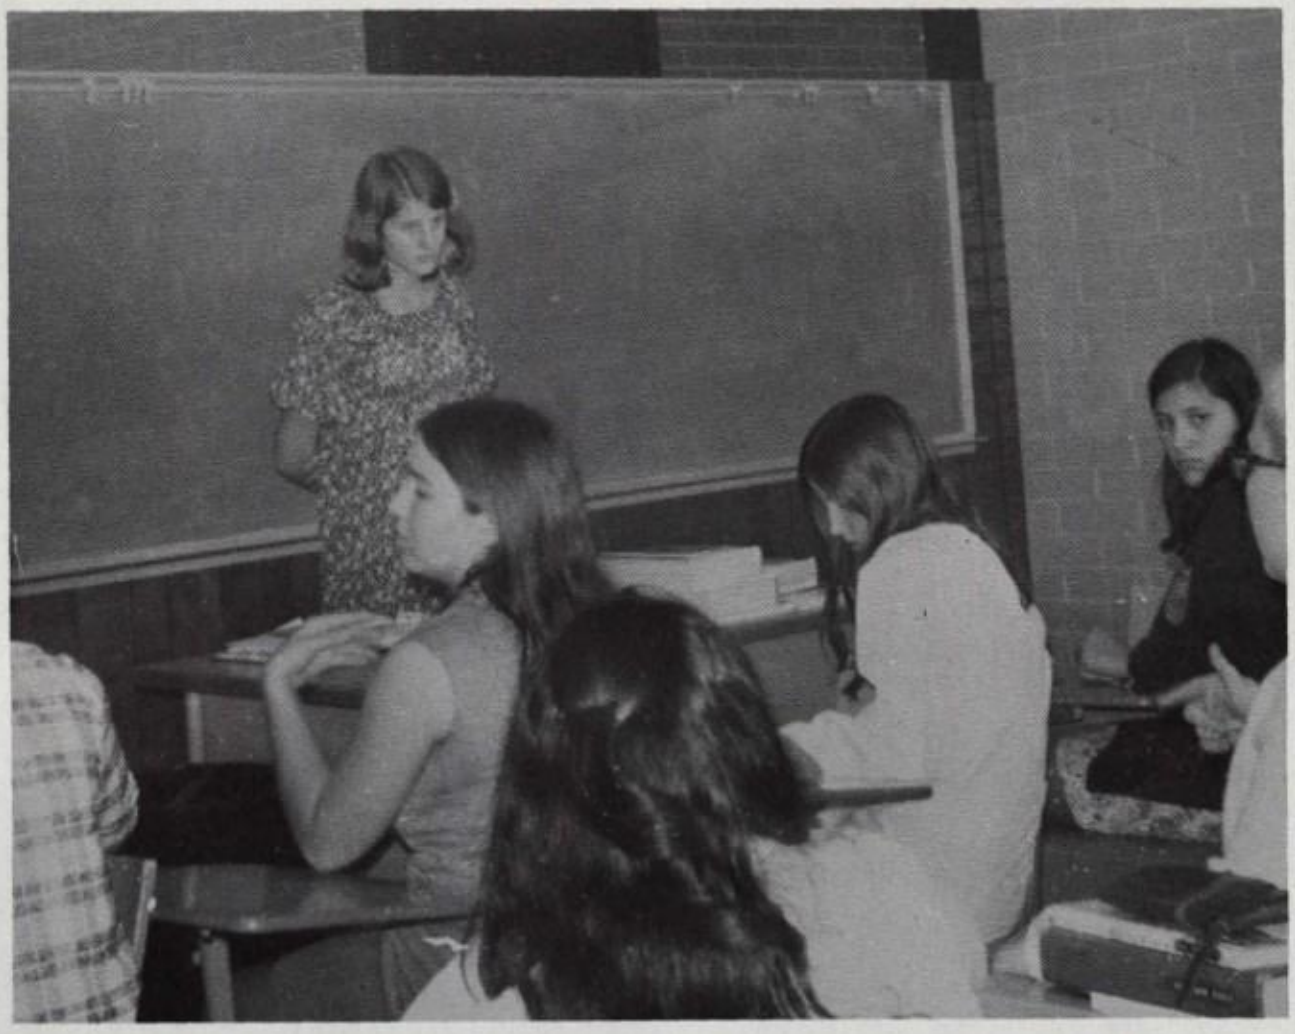
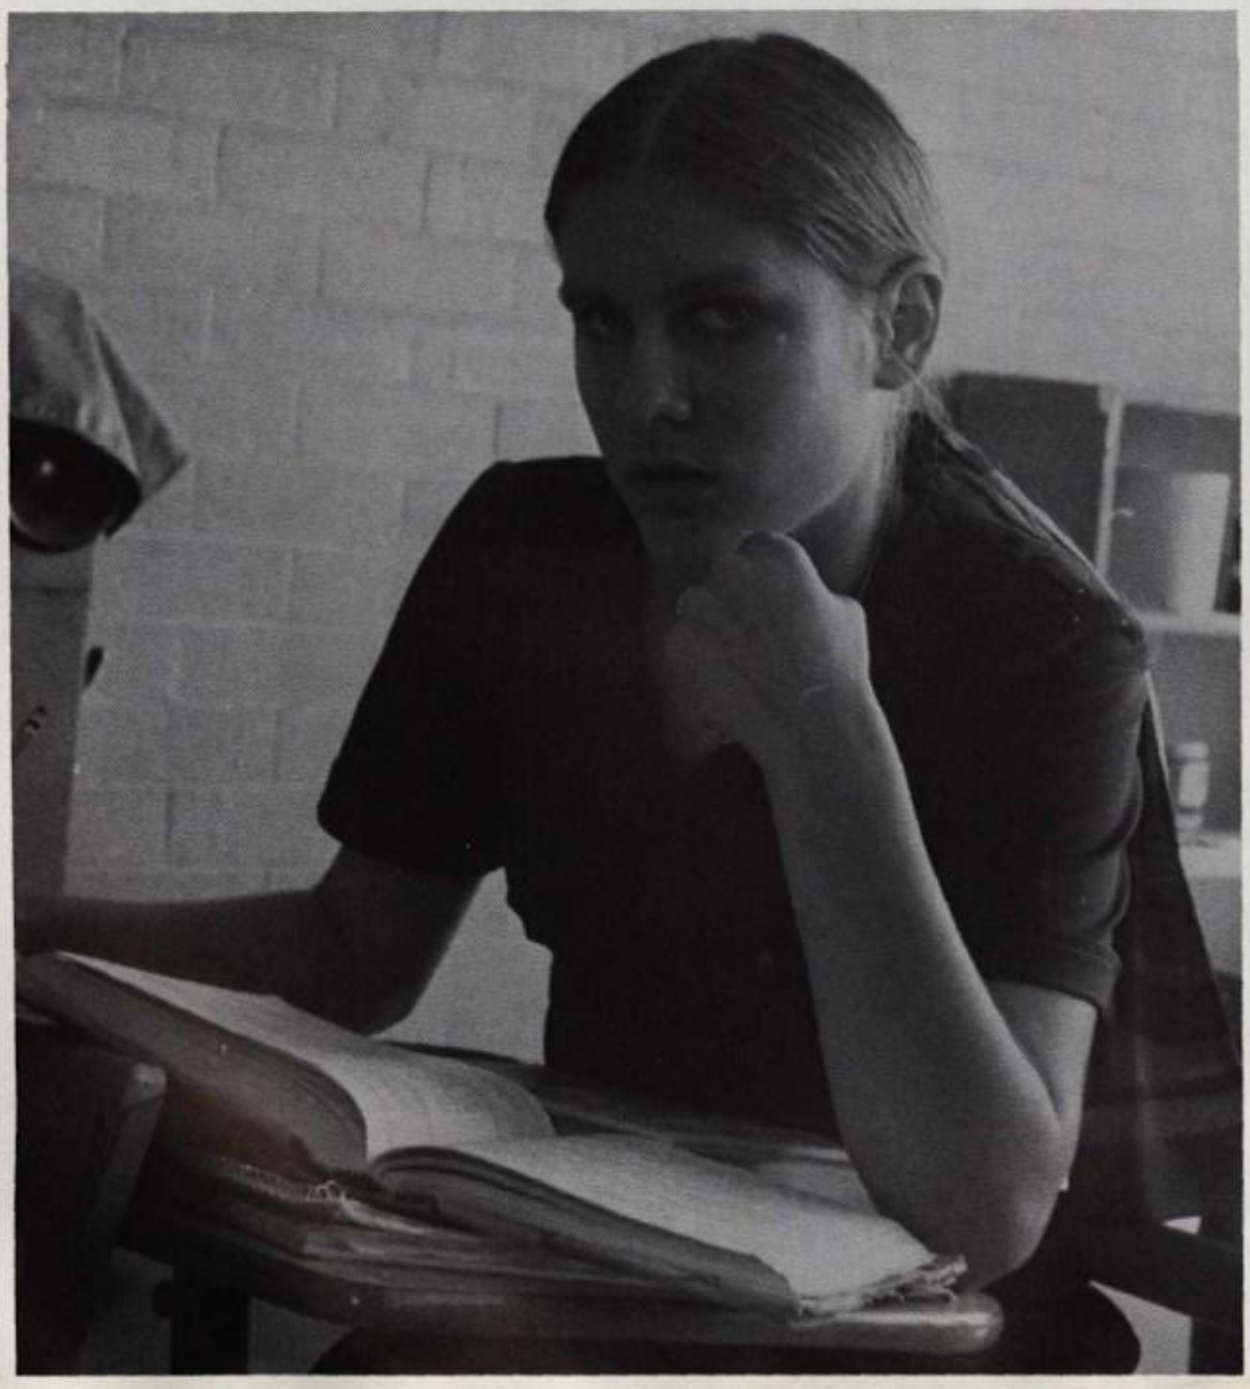
Sophomores Were Active

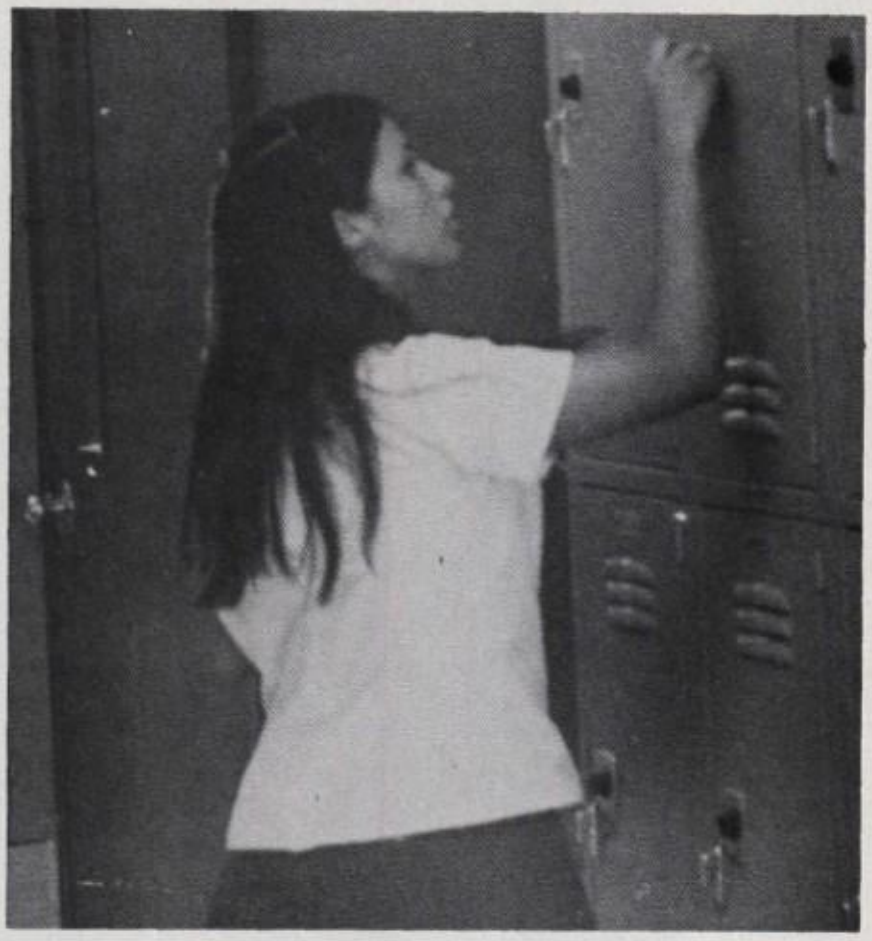


Rene Smith, Future Teacher member, conducts class in absence of teacher.

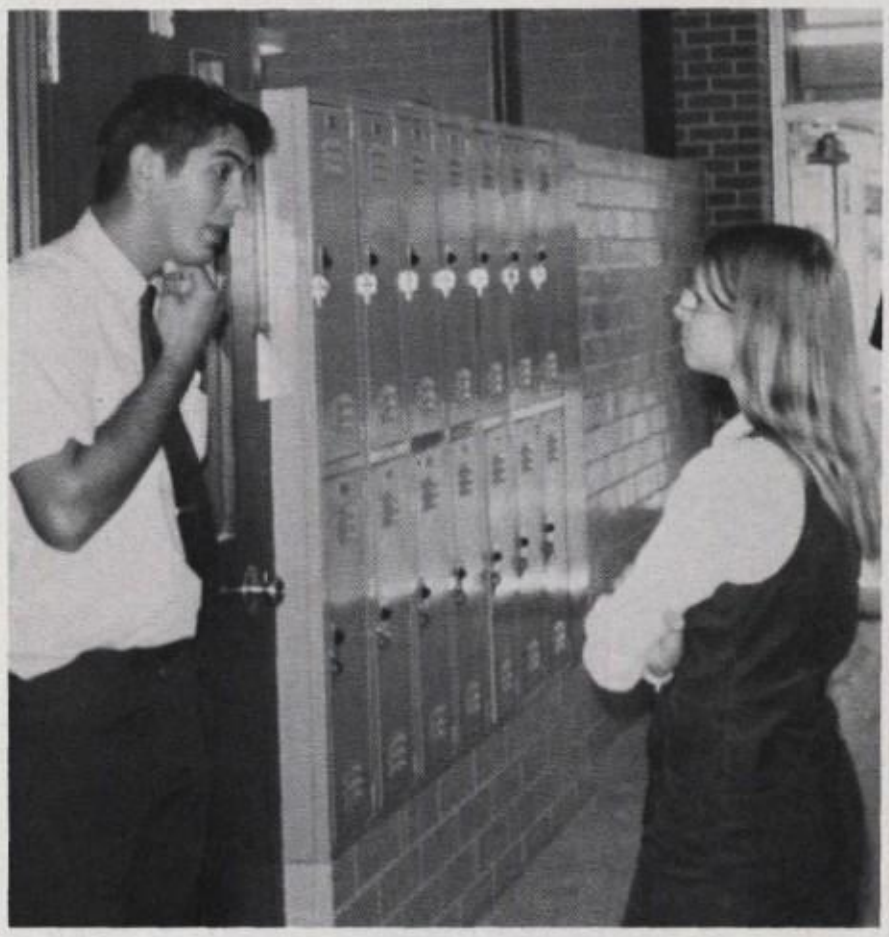


Debbie Belko wasn't sure about outcome of this class session.

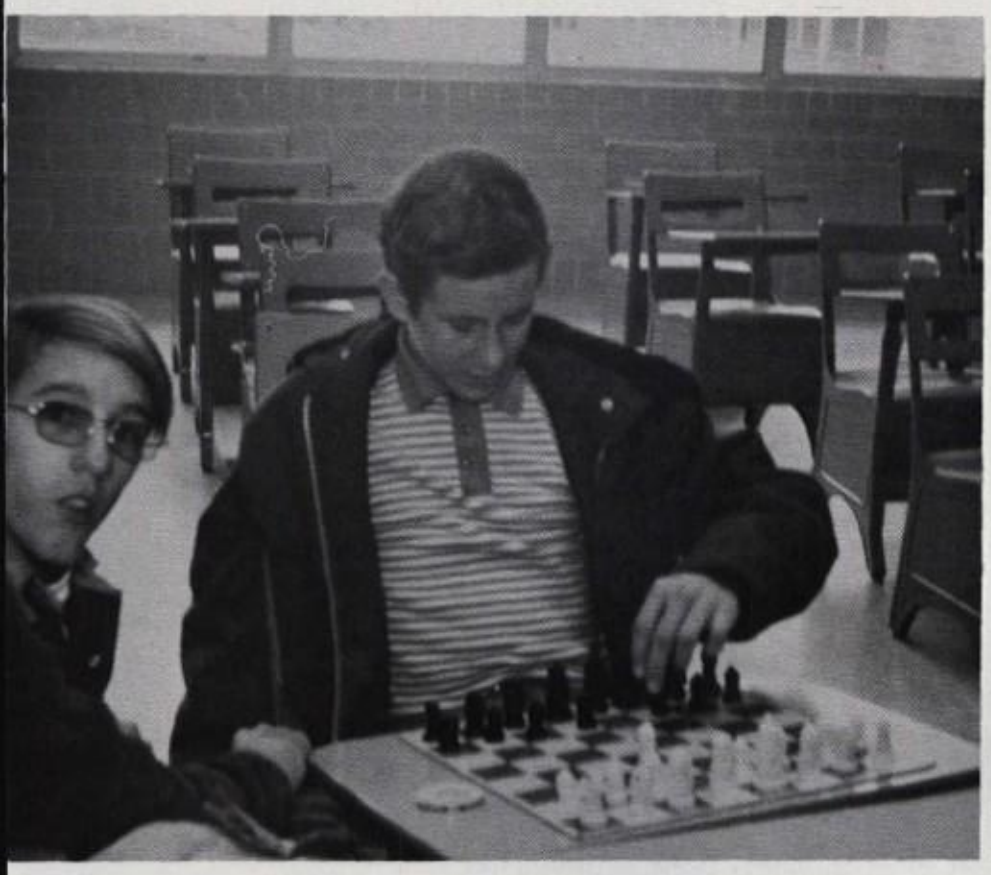
in School Functions



Cathy Guzman had trouble remembering her locker combination.



Mr. Schultz had difficulty convincing Pam Lambert of the change in meeting dates for sophomores.



New Chess Club gave James Hampton and Steve Nolin hours of relaxation.

Driver's Ed is easy for some people. Mr. Smith assured Sue Rimkus of that fact.

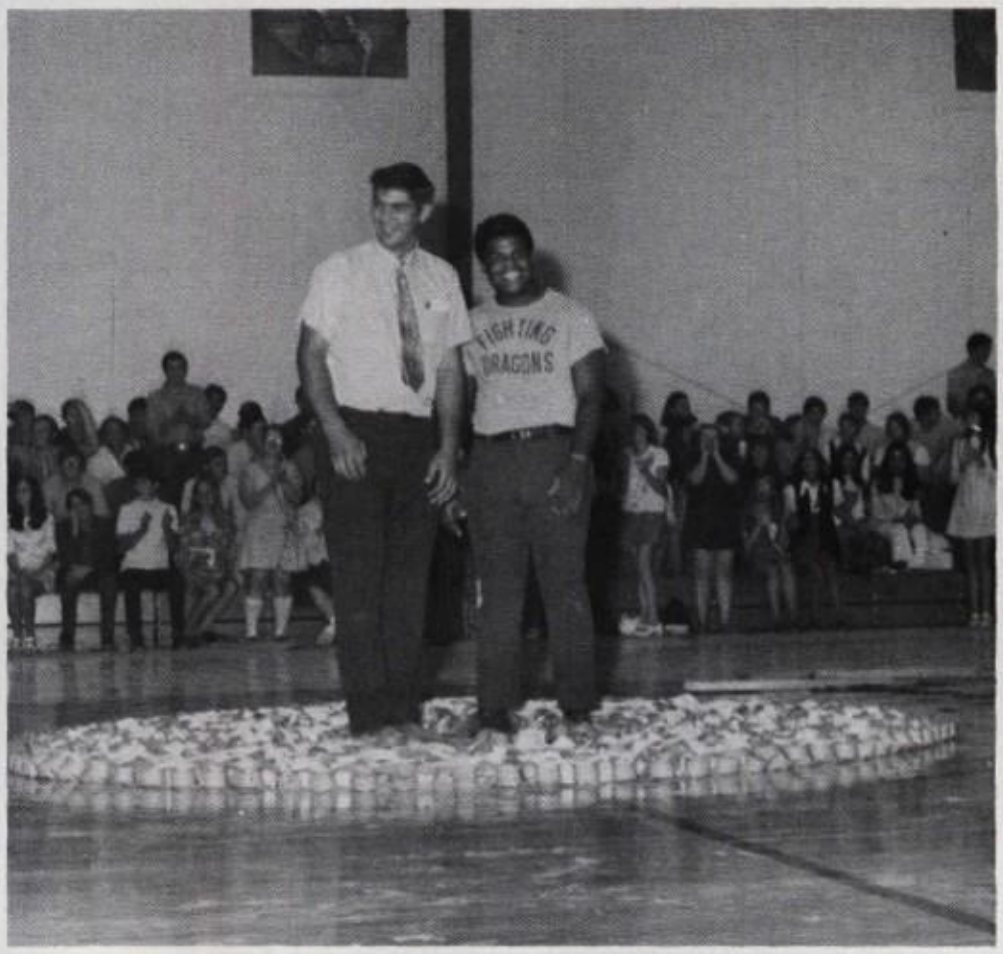
Juniors were the award winners for Spirit Chain during football season. Mr. Schultz and Alfred Guidry were very happy about the whole thing.



Junior-Senior Prom Was

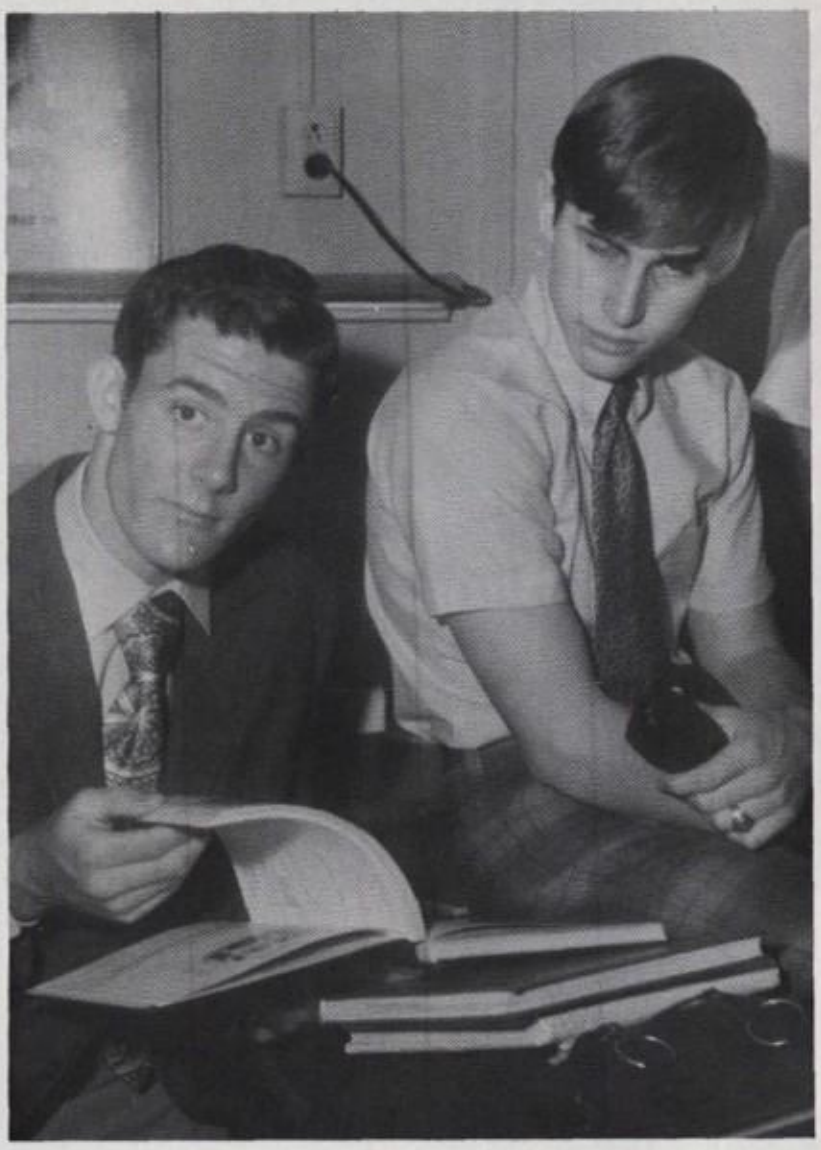
The Junior-Senior Prom was a great success, held at the San Antonio Homebuilders Ass'n. party house with the "Royal Jesters" playing for that occasion.

The Prophecy of the Junior Class was read by Lori Beam and Bennie Hopper.

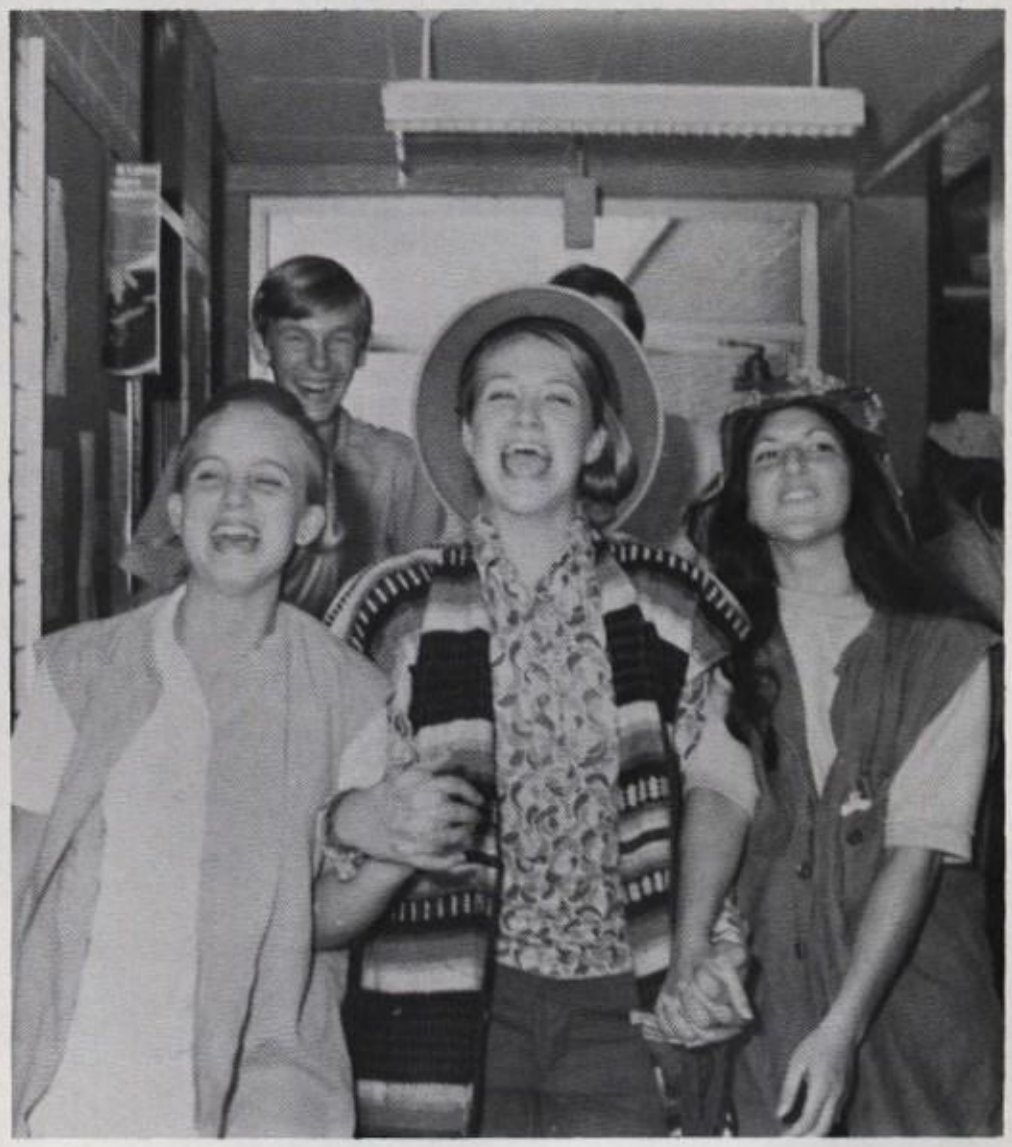
Senior Class President, David Buchanan, and Cleo Schrank read the last Will of the Seniors of '72.

Highlight of Season

Juniors and Seniors turned out in large numbers for this Formal dance of the season.



Harvey Brock and Jerry Braden looked over picture selection at Joske's Portrait Studio.



Margaret Hathaway, Cherie Holden and Rita Clark entered into the spirit of "Slave Day" wholeheartedly.

Seniors - 1972

Ambition, failure, success . . . these things occupied the minds of seniors at the close of another year. Time passed quickly for class members, and as the final days of four rewarding years slowly drew to a close, sadness fillled their hearts.

Seniors could no longer look forward to the arrival of diplomas or the big event of the Junior-Senior Prom. But they did look to a brighter future due to many well-spent hours at Southwest High.

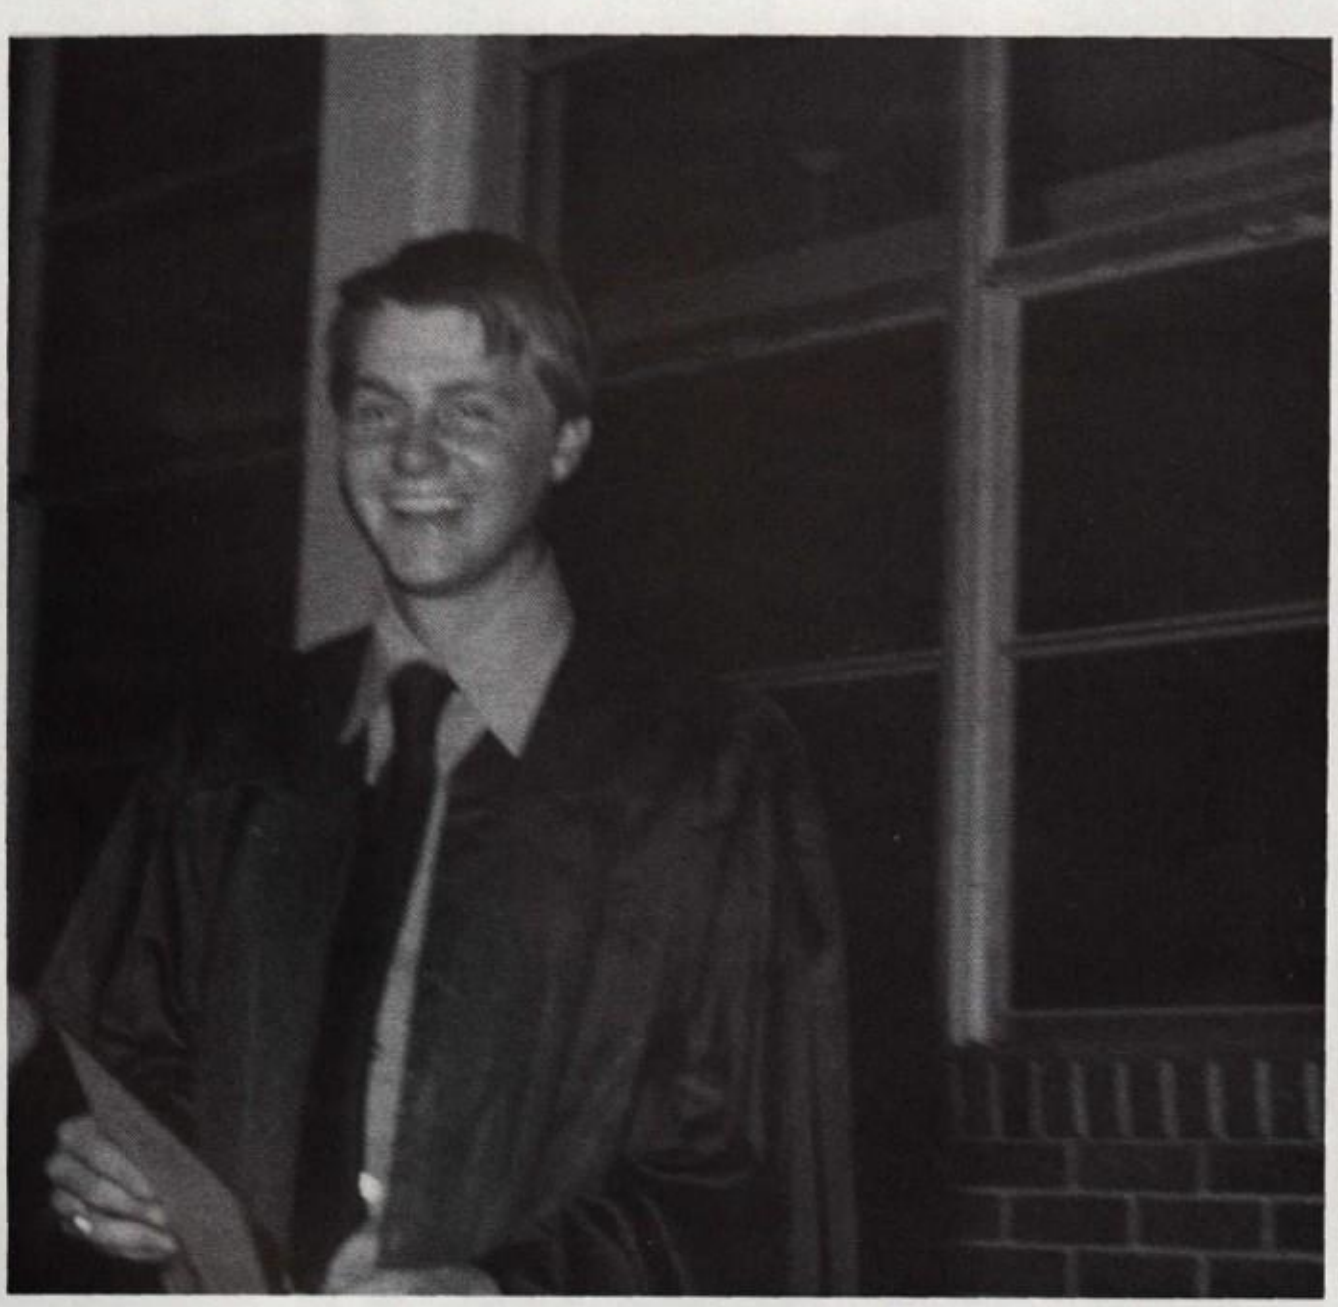
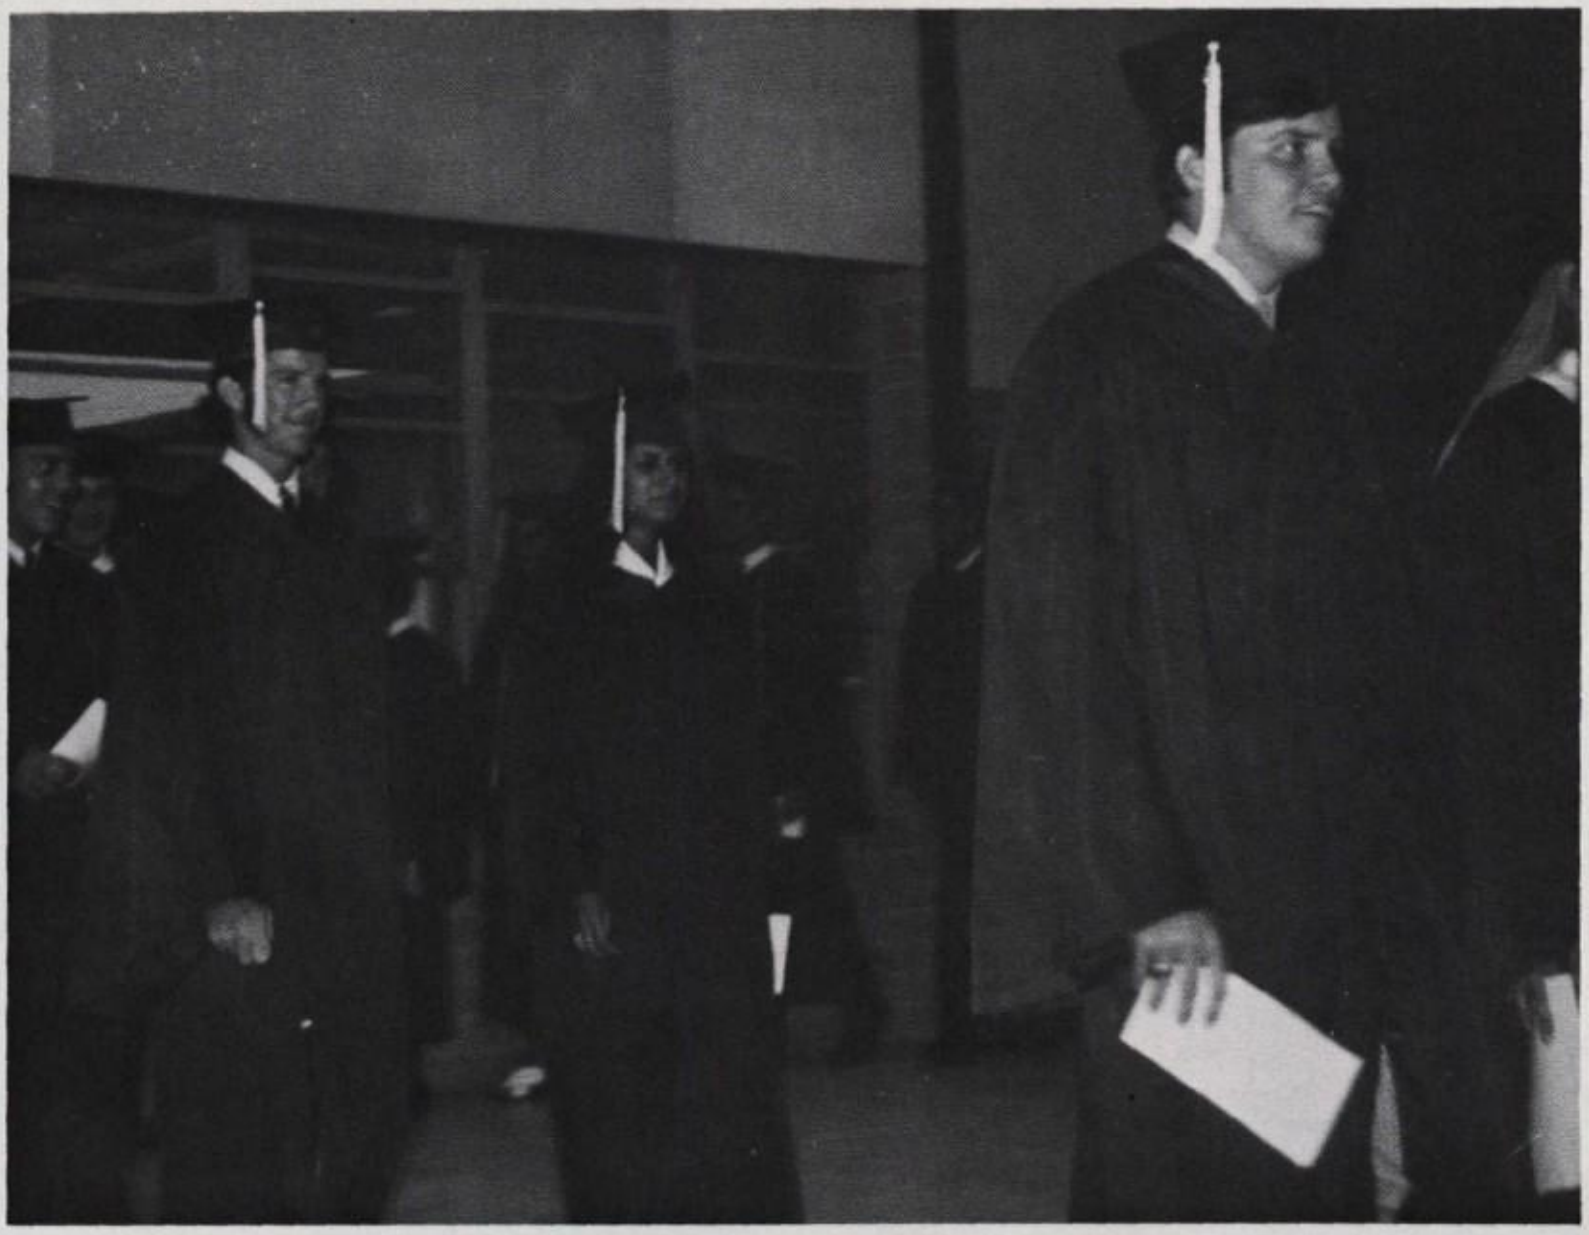
Seniors Assumed Dignity

Ted Williams and Don Sutton found the senior reception most enjoyable after warm graduation services.

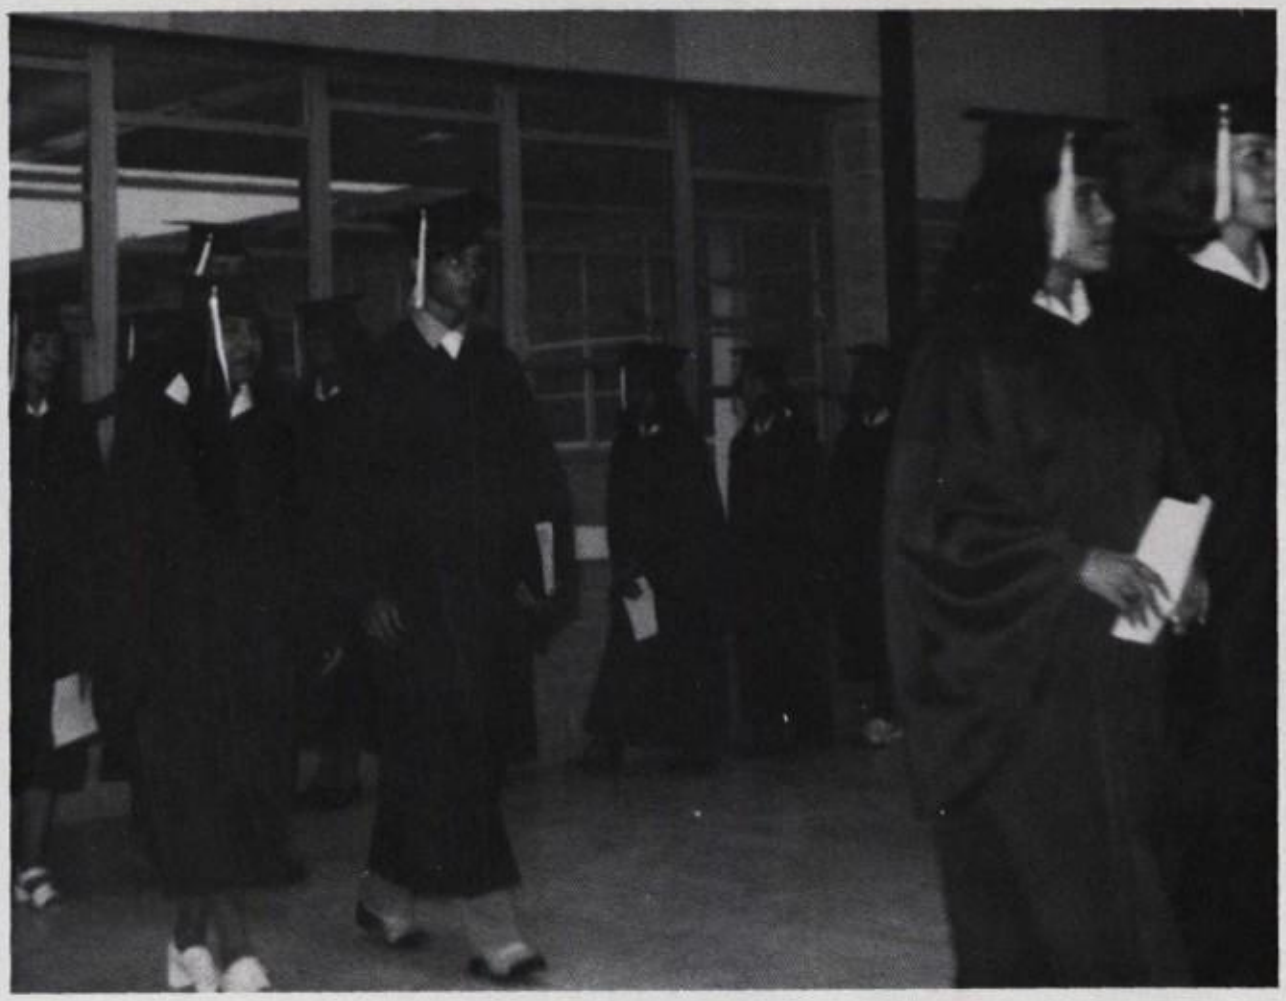


Mike Morrow showed absolute delight about receiving his diploma from four years of hard work.

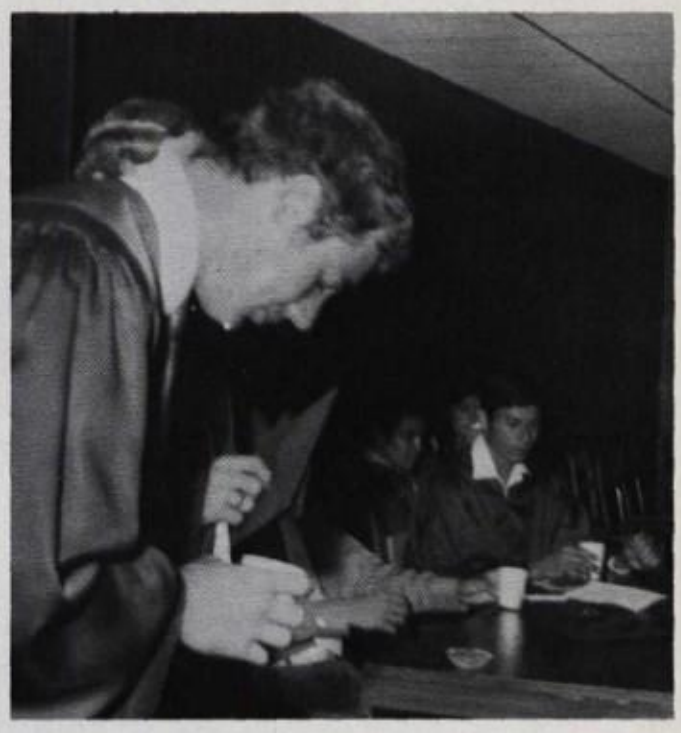
at Graduation Ceremonies



Bacaulaureate services were held in the Cafetorium, and seniors, Barry Feriend, Ted Williams, Sue Russ, and Don Sutton, were happy graduates on this occasion.



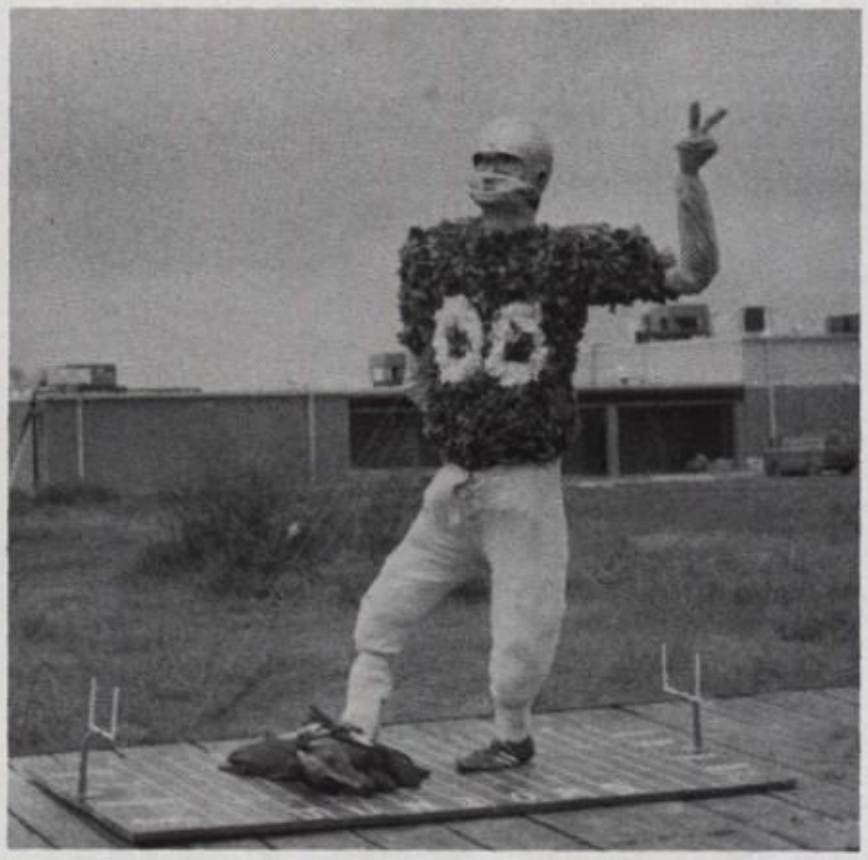
Graduates, Linda Saucedo, Cleo Schrank, Steve Dalros, and Mary Alice Cerda looked sober as they made their way to the front of the auditorium.



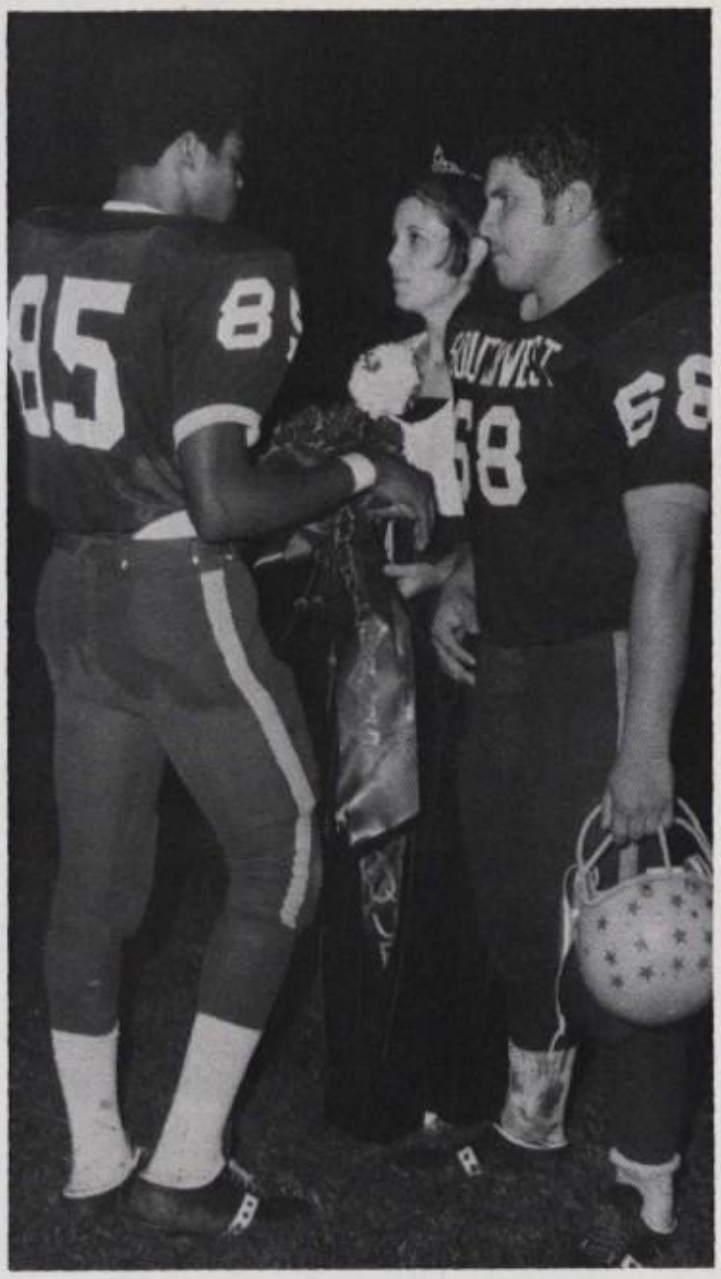
Nick Constanzo seemed a bit nostalgic at the tea honoring seniors.

Homecoming

From left to right, Homecoming Escorts and Queen: Judy Thompson, Julie Salazar, Larry Hernandez, Ruth Friesenhahn, Rita Buckaloo, Queen, Clete Buckaloo, Terry Soliz, Suzanne Mathis.



Rita Buckaloo is very happy after being crowned Homecoming Queen, left. Junior Class won first with their float for the Spirit Display Contest, above.



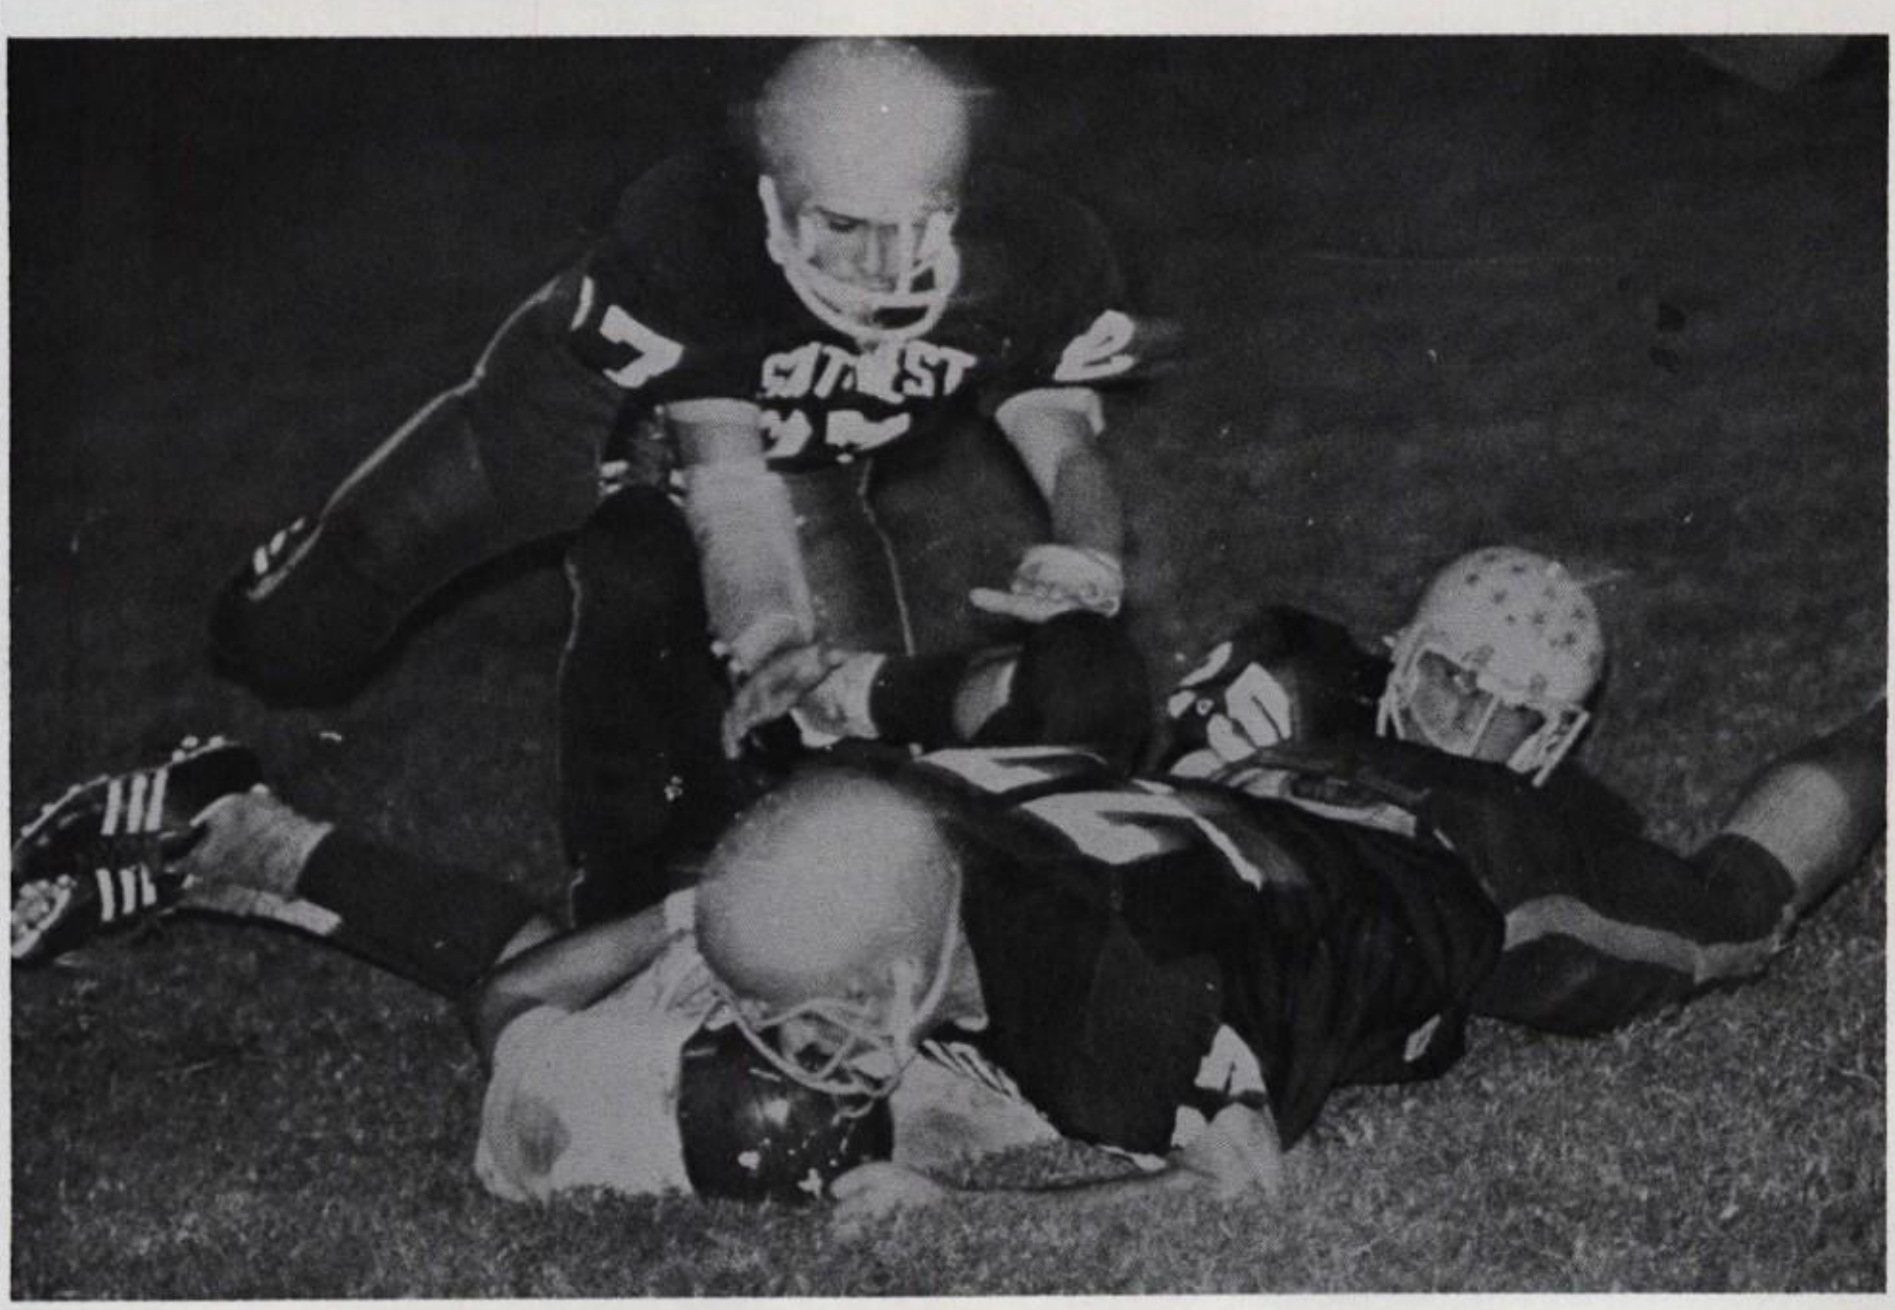
1972

Southwest High School celebrated its twentieth annual Homecoming with the senior supper, homecoming game, crowning of the queen, and the announcement of the winner of the display contest.

The game was a toss-up between the Dragons and the Devine Warhorses. At half-time the selection of homecoming queen was announced as Rita Buckaloo. Other candidates were Kathy Lantz, Judy Thompson, and Julie Salazar, all of whom were from the senior class.

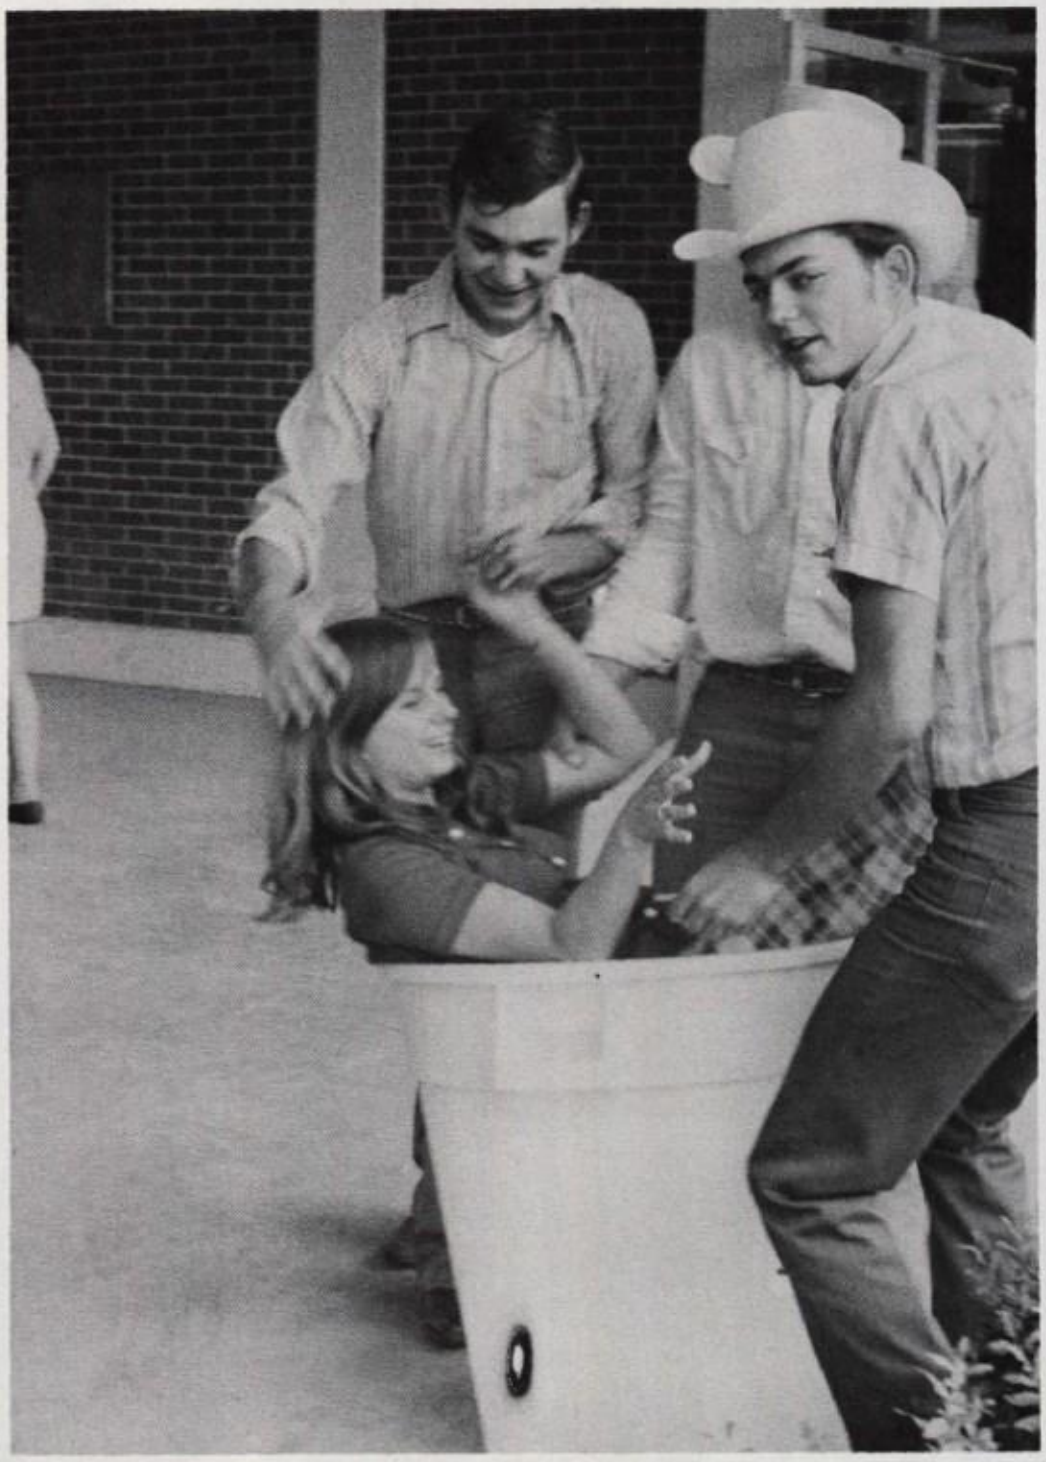
The display contest was also announced during the half-time. The contest was open to all Southwest clubs, classes, and organizations. It was revealed that the Junior Class had the best display.

Rita Buckaloo and her escort, Ben Perez, received her roses from Willie Guidry, representing the senior captains on the Dragons team. Dragons tackled a Devine Warhorse and showed they were ready for anything.

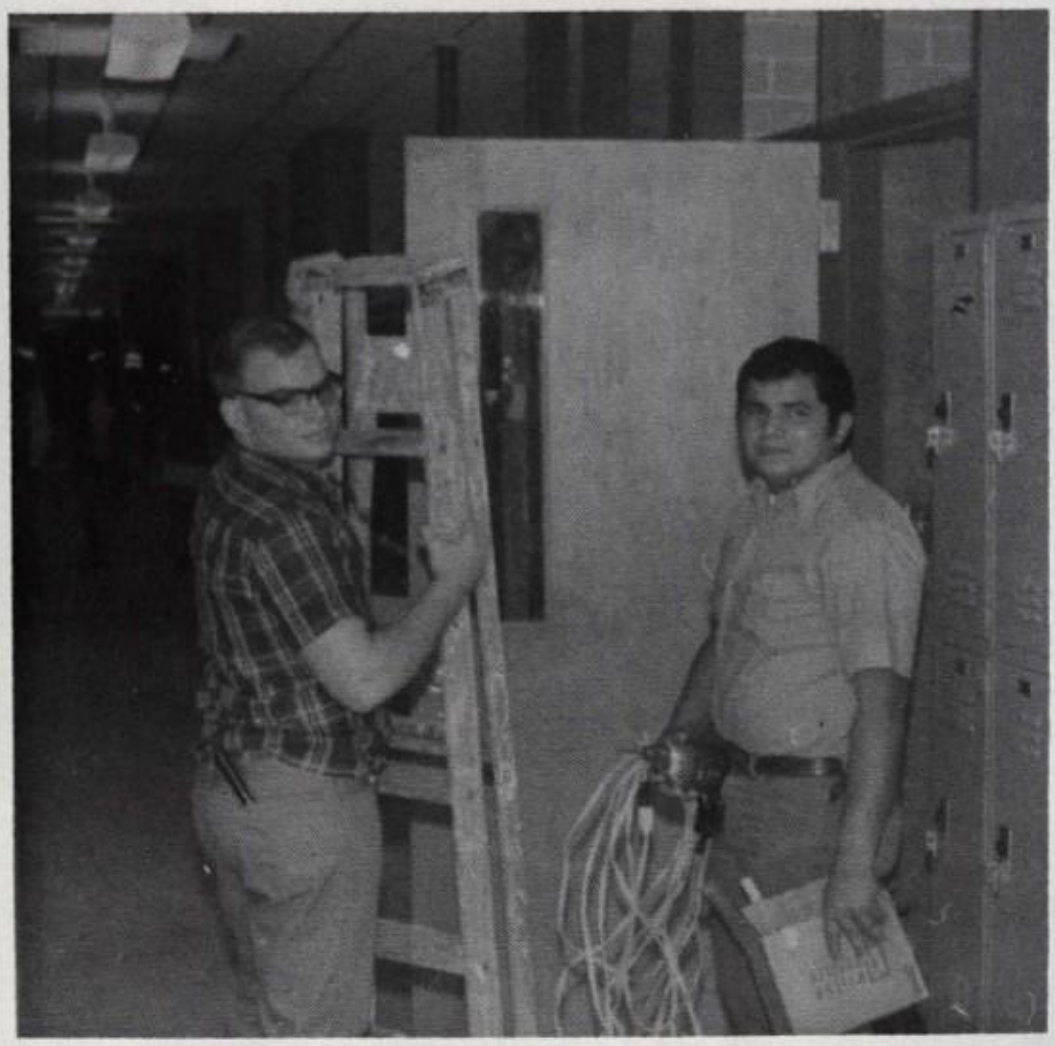


Seniors Found Ways

Rita Snider found out what it would be like to "ship out" with help of Theron Mund and Robert Wagenknecht.

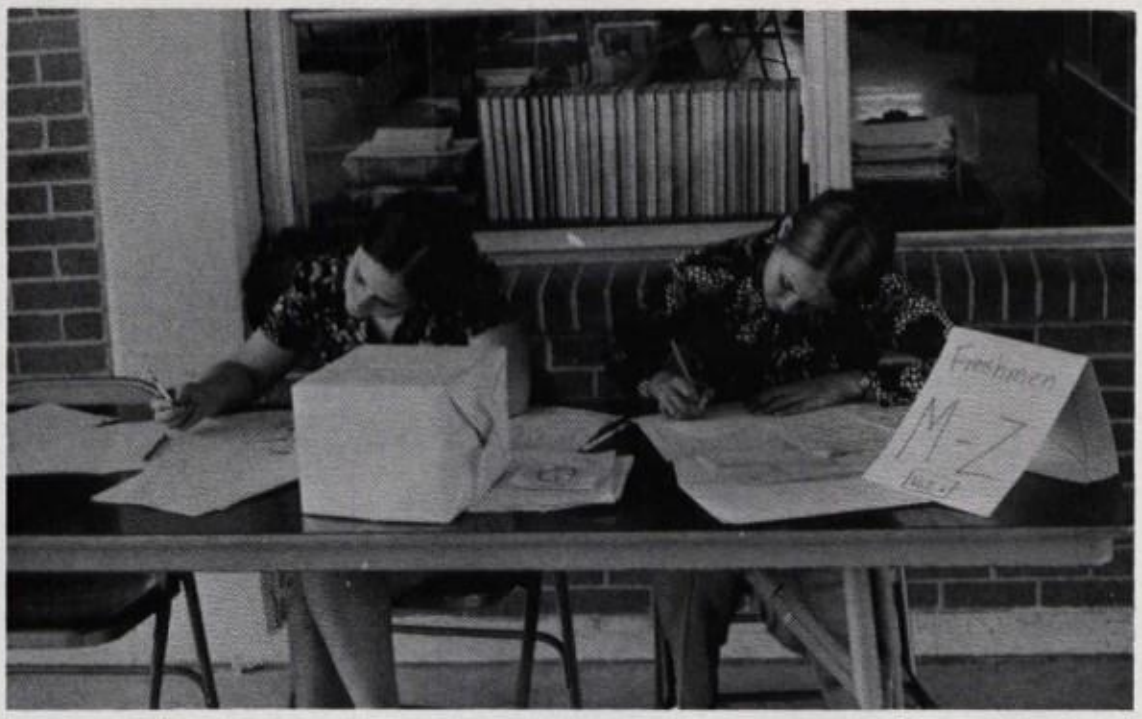


"Slave Day" made quite a few seniors appear in some real fashionable dress—Steve Dalros was one of these.



Herb Cross and Richard Alvarez were on one of their errands for Col. Hall.

to Relieve Strain of Studying



Laura Alvoet and Cherie Holden assisted with Student Council election booths.

Debbie Lovelace showed the strain of meeting those deadlines for the next edition of DRAGON'S TALE.

George Carlin didn't really become a "flower child." He was enrolled in Horticulture class this year.

OUR TREES AND SHRUBS GROW BETTER, BECAUSE THEY ARE BETTER GROWN

ALDRIDGE NURSERY, INC.

VON ORMY, TEXAS 78073

TREES help supply oxygen we need to breathe. Yearly each acre of young trees can produce enough oxygen to keep 18 people alive...
TREES help keep our air supply fresh by using up carbon dioxide that we exhale and that factories and engines emit...
TREES use their hairy leaf surfaces to trap and filter out ash, dust, and pollen particles carried in the air...
TREES lower air temperatures by enlisting the sun's energy to evaporate water in the leaves...
TREES give us a constant supply of products..lumber for buildings and tools, cellulose for paper and fiber; as well as nuts, mulches, oils, gums, syrups, and fruits...
TREES shade us from direct sunlight better than any sombrero. They are welcome in parking lots on hot, sunny days...
TREES camouflage harsh scenery and unsightly city dumps, auto graveyards, and mine sites...
TREE leaves break the onslaught of pelting raindrops on the soil surface and give the soil a chance to soak up as much water as possible...
TREE leaves, by decaying, replace minerals in the soil and enrich it to support later plant growth...
TREE roots hold the soil and keep silt from washing into streams...
TREES increase the value of property...
and TREES provide for America's beauty, economic growth and stability.

WE WISH TO EXTEND TO EACH GRADUATE OUR BEST WISHES FOR A HAPPY AND PROSPEROUS FUTURE

The National School Yearbook Association

We have come to the end of another school year, and we are filled with mixed emotions. We are relieved because school work slackens for three months, but we are saddened because we are leaving friends and familiar experiences behind. Another phase of our life has passed, and we realize that this phase has been a preparation for the future when we will be aiming for higher and harder to achieve goals.

Our spirit fostered loyalty. Each morning, we stood at attention for the Star Spangled Banner. By simply being faithful, academically, socially, and athletically we revealed our loyalty.

In turn, our loyalty inspired devotion. Most of us were devoted to our clubs and organizations just as our teachers were dedicated to us. Through their devotion, we have grown wiser. Each of us realizes that the education we received through our teachers and the training we acquired through our high school experiences helped to prepare and mold us for our future positions.

As we look back over the year, our minds are filled with remembrances. Most vivid in our minds are the victory dances, the crowning of our homecoming queen, the prom, the banquets, the numerous club gatherings, the spirit we had at athletic events, the colorful halftimes, the senior trip, and graduation night.

We could list other events that made this year unique, but first we must stop and realize that our achievements were made possible from what we acquired from the school as we studied and socialized at the home of Southwest High School.

During the past year, the Dragonniere staff and I have strived, with the help and assistance of Mrs. Ferol Todd, our advisor, Mr. White and Mr. Armstrong, our representatives from Newsfoto Yearbooks, to reveal to you and to capture for you many of the unforgettable experiences of the 1971-1972 school year. Now, the book is completed, and it is in your hands. The staff and I sincerely hope that we have thoroughly recorded this years events for you as they happened at Southwest High School.
